Independent Auditor's Report

The Managing Member
Annascaul Advisors LLC
Stamford, Connecticut

We have audited the accompanying statement of financial condition of Annascaul Advisors LLC (the "Company") as of December 31, 2013, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of the Company as of December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

The Company accounts for income taxes in accordance with the provisions of the Financial Accounting Standards Board's Accounting Standards Codification (ASC) 740, *Income Taxes*. Under that guidance, the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. NOTES TO STATEMENT OF FINANCIAL CONDITION

DECEMBER 31, 2013

Note 6 - Concentrations of credit risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents and accounts receivable. The carrying value of cash and accounts receivable approximate fair values due to the short-term nature of these items.

The Company maintains its cash balance at one financial institution. Accounts at the institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Company's cash balance may exceed this limit from time-to-time.

In the course of its business, the Company enters into contracts with various clients. In the event clients do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the client. It is the Company's policy to review, as necessary, the credit standing of each client with which it conducts business and, generally, requires no collateral from its clients.

Note 7 - Net capital requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.
