------------------	---------------

Total liabilities and capital	<u>\$ 57,132</u>
-------------------------------	------------------

The accompanying notes are an integral part of this statement.

BELMONT CAPITAL, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 1- Nature of Business

Belmont Capital, LLC a Limited Liability Company ("The Company") is a New York company conducting business as a broker/dealer in securities.

The Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule.

Note 2- Summary of Significant Accounting Policies

a) Revenue Recognition

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Management fees are recognized as revenues as earned.

b) Cash and Cash Equivalents

For the purpose of the statement of cash flows, the Company considers demand deposited money market funds to be cash and cash equivalents. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

c) Depreciation

Depreciation of equipment is computed on the straight-line method over the estimated useful lives of the assets of five years.

d) Income Taxes

Income taxes are not payable by, or provided for, the Company, since the Company is a Single Member Limited Liability Company. The accompanying financial statements have been adjusted to provide for unincorporated business tax based upon Company income, if applicable.

e) Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

Note 3 - Related Party

The company's sole source of revenue has been for services it has provided to an affiliated company through common ownership.

BELMONT CAPITAL, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 4- Fair Value Measurements

The Company carries its investments at fair value. ASC 820, *Fair Value Measurements and Disclosure*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level 1 - Fair values derived from unadjusted quoted prices of identical assets in active markets.
- Level 2 - Fair values derived from quoted prices of similar assets in active markets, quoted prices for identical or similar assets in markets that are not active and model driven valuations in which all significant inputs are observable in active markets.
- Level 3 - Fair values derived from inputs which are not observable in markets.

The following table represents the Company’s fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as at December 31, 2013:

	Fair Value Measurements Using			
	Total	Quoted Price in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$55,754	\$55,754	\$-0-	\$-0-

Note 5 - Commitments and Contingencies

The company leases its office space on a month to month basis, at \$1,000 per month. The lease agreement states that either party may cancel the lease with a thirty day notice. As of January 31, 2014, no notice has been issued by either party.

BELMONT CAPITAL, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

Note 6 - Financial Instruments with Off-Balance Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers and other financial institutions. The Company introduces these transactions for clearance to another broker/dealer on a fully disclosed basis. The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers.

The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing brokers internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions when necessary.

Note 7- Net Capital Requirement

The Company is subject to the Securities and Exchange Commission's Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2013, the Company's net capital of \$15,565 was \$10,565 in excess of its required net capital of \$5,000. The Company's capital ratio was 213.32%.

A copy of the Company's Statement of Financial Condition as of December 31, 2013, pursuant to SEC Rule 17a-5 is available for examination at the Company's office and at the regional office of the Securities and Exchange Commission and the office of Financial Industry Regulatory Authority.

INDEPENDENT AUDITORS' REPORT

To the Member of
Belmont Capital
115 East 57th Street
New York, NY 10022

Report on the Financial Statements

We have audited the accompanying statement of financial condition of Belmont Capital, (the Company) as of December 31, 2013.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the statement of financial condition in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of financial condition that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statement of financial condition. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the statement of financial condition, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the statement of financial condition in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statement of financial condition.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Belmont Capital, as of December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.
