DSIL Investment Services LLC
New York, New York

Report on the Financial Statement

We have audited the accompanying statement of financial condition of DSIL Investment Services LLC (the "Company") as of December 31, 2013 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes (the financial statement).

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of DSIL Investment Services LLC as of December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

DSIL Investment Services LLC

Notes to Statement of Financial Condition

Note 1. Nature of Business

Nature of Business: DSIL Investment Services LLC (the "Company") is a wholly owned subsidiary of Domini Social Investments LLC (the "Parent"), a registered investment adviser under the Investment Advisers Act of 1940. The Company is a broker-dealer that acts as the principal underwriter and distributor for mutual funds sponsored by the Parent.

The Company is currently exempt from the provisions of Rule 15c3-3 of the Securities and Exchange Commission (the "SEC") based on paragraph (k)(1) of the rule. Among other provisions, the Company does not hold funds or securities for, or owe money or securities to, customers.

Note 2. Significant Accounting Policies

The Company follows Generally Accepted Accounting Principles ("GAAP"), as established by the Financial Accounting Standards Board (the "FASB"), to ensure consistent reporting of financial condition.

Cash: Cash represents bank demand deposits.

Income Taxes: The Company is a single-member limited liability company whose parent is a multi-member limited liability company classified as a partnership for federal income tax purposes. The Company is a "disregarded entity" for tax purposes and its income is included in the Parent's partnership return and, therefore, no provision for income taxes is required. FASB Accounting Standards Codification Topic 740, *Income Taxes*, provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the tax returns to determine whether the tax positions are "more likely than not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax expense and liability in the current year. For the year ended December 31, 2013, management has determined that there are no material uncertain income tax positions. With few exceptions, the Company is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2010.

Accounting Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Note 3. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2013, the Company had a net capital of \$233,836, which was \$208,836 in excess of its required net capital of \$25,000. The Company had aggregate indebtedness at December 31, 2013 of \$31,869. The Company's ratio of aggregate indebtedness to net capital was 0.14 to 1 at December 31, 2013.

Note 4. Agreement With Affiliated Company

Pursuant to a written agreement, the Parent has agreed to pay the Company's expenses, net of income, including but not limited to professional fees, office space, equipment, commission payments and advertising expenses. Operating expenses of the Company are primarily allocated to it from the Parent.

DSIL Investment Services LLC

Notes to Statement of Financial Condition

Note 5. Concentration of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash. The Company maintains substantially all of its cash with one financial institution, which exceeds federally insured limits. It is the opinion of management that solvency of the financial institution is not a concern at this time.

Note 6. Subsequent Events

The Company has evaluated subsequent events for potential recognition and/or disclosure through the date these financial statements were issued.
