## INDEPENDENT AUDITORS' REPORT

To the Members of  
Fenix Securities, LLC

### *Report on the Financial Statements*

We have audited the accompanying statement of financial condition of Fenix Securities, LLC (the "Company") as of December 31, 2013 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement is free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Fenix Securities, LLC as of December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

### NOTES TO FINANCIAL STATEMENTS

---

#### **NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES**

##### **Organization and business**

Fenix Securities, LLC (the "Company") is a Delaware limited liability company formed on June 1, 2007. The Company has been registered since August 2012 as a securities broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company refers customers to other broker-dealers with a concentration in the Latin American market. The Company is majority owned by Fenix Financial, Ltd. (the "Parent"). In addition, the Company is affiliated with Rex Securities Sociedad de Bolsa SA (the "Related Entity").

##### **Revenue recognition**

The Company records securities transactions and related revenue and expenses on a settlement date basis. Transactions recorded on a trade date basis would not be materially different. Service fee revenue is recorded based on the terms of the respective agreements and deferred until earned by the Company. Fees receivable are carried at their estimated collectible amounts, and losses are determined on the basis of experience with the customer and current economic conditions. At December 31, 2013, management believes all receivables to be fully collectible.

##### **Agreement with clearing broker**

The Company under Rule 15c3-3(k)(2)(ii) is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Company does not carry or clear customer accounts. Accordingly, all customer transactions are executed and cleared on behalf of the Company by its clearing broker on a fully disclosed basis. The Company's agreement with its clearing broker provides that as clearing broker, that firm will make and keep such records of the transactions effected and cleared in the customer accounts as are customarily made and kept by a clearing broker pursuant to the requirements of Rules 17a-3 and 17a-4 of the Securities and Exchange Act of 1934, as amended (the "Act"). It also performs all services customarily incident thereon, including the preparation and distribution of customer's confirmations and statements and maintenance margin requirements under the Act and the rules of the Self-Regulatory Organizations of which the Company is a member.

##### **Cash and cash equivalents**

For purposes of the statement of cash flows, the Company considers money market funds with maturities of three months or less to be cash equivalents.

##### **Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## FENIX SECURITIES, LLC

### NOTES TO FINANCIAL STATEMENTS

*(continued)*

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

##### **Income taxes**

The financial statements do not include a provision for income taxes because the Company is not a taxable entity and its members are taxed on their respective share of the Company's earnings.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any tax related appeals or litigation processes, based on the technical merits of the position. The Company files an income tax return in the U.S. federal jurisdiction, and may file income tax returns in various U.S. states. The Company is not subject to income tax examinations by major taxing authorities for years before 2010. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized results in the Company recording a tax liability that reduces net assets. However, the Company's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. The Company recognizes interest accrued related to unrecognized tax benefits and penalties related to unrecognized tax benefits in income taxes payable, if assessed. No interest expense or penalties have been recognized as of and for the year ended December 31, 2013.

##### **Basis of Accounting and Trading and Valuation of Securities**

The Company values its securities in accordance with Accounting Standards Codification 820 - Fair Value Measurements ("ASC 820"). Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Company uses various valuation approaches. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments and blockage discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

FENIX SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS

(continued)

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)**

**Basis of Accounting and Trading and Valuation of Securities (concluded)**

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The Company does not hold any securities as of December 31, 2013.

**NOTE 2 - NET CAPITAL REQUIREMENTS**

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. At December 31, 2013, the Company had net capital and net capital requirements of \$124,227 and \$50,000, respectively. The Company's net capital ratio (aggregate indebtedness to net capital) was 0.63 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

**NOTE 3 - COMMITMENTS AND RELATED PARTY TRANSACTIONS**

The Company has entered into a Foreign Finder Referral Agreement with, the Related Entity, a broker-dealer in Argentina who is related through common ownership and management. Under this agreement, for customers introduced to the Company by the Related Entity, the Company pays 80% of its commissions earned from such customers to the Related Entity. Referral fee expense paid to the Related Entity was \$354,410 for the year ended December 31, 2013.

The Company is provided office space and facilities in Buenos Aires from its Related Entity under lease agreement. Under the agreement the Company is required to reimburse the Related Entity \$500. The Company incurred a total of \$6,000 to this related entity for the year ended December 31, 2013.

The Company leases office space, facilities and equipment from an unrelated party under a non-cancelable operating lease expiring May 31, 2014. Future minimum lease payments are approximately as follows:

<b><u>Year Ending</u></b> <b><u>December 31, 2014</u></b>	<b><u>Amount</u></b>
New York Office	<b><u>\$ 9,360</u></b>

Total rental expense of \$35,826 was charged to operations during the year ended December 31, 2013.

**FENIX SECURITIES, LLC**

**NOTES TO FINANCIAL STATEMENTS**

---

*(concluded)*

**NOTE 4 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISK AND CONTINGENCIES**

In the normal course of business, the Company's client activities, through its clearing broker, involve the execution, settlement and financing of various client securities transactions. These activities may expose the Company to off-balance sheet risk. In the event the client fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the client's obligations.

The Company has receivables from and deposits with its clearing broker as shown on the accompanying statement of financial condition. These amounts are not covered by SIPC and are subject to loss should the clearing broker cease business.

The Company is engaged in various interdealer referral activities with counterparties with which the Company has a Broker Dealer Referral Agreement. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

The Company's financial instruments, including cash, commissions receivable, other assets, commissions payable and accrued expenses are carried at amounts that approximate fair value due to the short-term nature of those instruments.

**NOTE 5 - SUBSEQUENT EVENTS**

The Company has performed an evaluation of subsequent events through the date the financial statements were issued. The evaluation did not result in any subsequent events that required disclosures and/or adjustments.
