Independent Auditor's Report

To the Partners
Olstein Capital Management, L.P.

We have audited the accompanying statement of financial condition of Olstein Capital Management, L.P. (A Limited Partnership) as of December 31, 2013 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to this financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Olstein Capital Management, L.P. as of December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

See Notes to Financial Statements.

Olstein Capital Management, L.P.

Notes to Statement of Financial Condition

Note 1 - Organization:

Olstein Capital Management, L.P. (the "Partnership") was formed on June 13, 1994 as a New York limited partnership. Effective September 18, 1995, the Partnership commenced operations as a registered broker-dealer with the Securities and Exchange Commission (the "SEC") and is a member of both the Financial Industry Regulatory Authority, Inc. ("FINRA") and Securities Investor Protection Corporation ("SIPC").

The Partnership claims exemption under the exemptive provisions of Rule 15c3-3 under subparagraph (k)(1) - all customer transactions are limited to the sale and redemption of redeemable securities of registered investment companies and the Partnership does not handle customer funds.

In addition, the Partnership is a registered investment adviser and has organized a Delaware Investment Trust, known as The Olstein Funds (the "Olstein Funds"), as an open-end investment company or "mutual fund" that has a series of investment portfolios. The Partnership is the manager of, and the advisor to, The Olstein Funds. As of December 31, 2013, the Partnership was managing both of the Olstein Funds' portfolios, equity funds known as The Olstein All Cap Value Fund (the "All Cap Fund") and The Olstein Strategic Opportunities Fund (the "Opportunities Fund") (hereinafter, the "Olstein Funds, All Cap Fund and Opportunities Fund" are collectively referred to as the "Funds"). The Partnership may also provide investment advisory services to other parties. Sales of the shares of the Olstein Funds are primarily executed by third party broker dealers.

The term of the Partnership expires on May 25, 2094 unless the general partner elects to extend the term.

Note 2 - Significant accounting policies:

Cash equivalents:

Cash equivalents are highly liquid investments with a maturity of three months or less when acquired.

Fees:

Management and investment advisory fees and Rule 12b-1 fees are recognized as earned based on the daily average net assets of the assets under management.

Commissions:

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Olstein Capital Management, L.P.

Notes to Statement of Financial Condition

Equipment and improvements:

Equipment and improvements are stated at cost. Equipment of \$562,438 is depreciated using accelerated methods over estimated useful lives of three to five years. Improvements of \$331,437 are amortized using the straight-line method over the life of the lease.

Advertising costs:

The Partnership expenses the cost of advertising and marketing as incurred.

Income taxes:

The Partnership's income is not subject to income taxes; its income is allocated to the individual partners for tax reporting purposes.

The Partnership's U.S. Federal and state income tax returns for fiscal year 2009 and prior are closed. Management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent events:

The Partnership has evaluated subsequent events through the date the financial statements were issued.

Note 3 - Related party transactions:

Transactions with the Funds:

Pursuant to the Investment Management Agreement between the Partnership and the Funds, the Partnership will receive annual investment management fees for management and investment advisory services of up to 1% of the daily average net assets of the Funds, payable monthly, subject to statutory limitations, if any. This agreement may be canceled by either party upon sixty days' written notice.

Pursuant to the Distribution Plan adopted by the Funds and rule 12b-1 under the Investment Company Act of 1940, the Partnership will receive annual fees of up to 1% of the daily average net assets of the Funds, payable quarterly, for expenses incurred in the promotion and distribution of the shares of the Funds and for maintaining shareholder accounts. This agreement may also be canceled by either party upon sixty days' written notice.

Olstein Capital Management, L.P.

Notes to Statement of Financial Condition

The Partnership's net receivable from the Funds as of December 31, 2013 is comprised of amounts due or payable for the following:

Management and investment advisory fees	\$ 624,208
Rule 12b-1 fees	<u>1,265,038</u>
Total	<u>\$1,889,246</u>

Note 4 - Partners' capital and distributions:

Effective January 1, 2009, at the end of each fiscal year the Partnership's profits are allocated to the limited partners at a fixed amount of \$5,000 annually.

Subject to certain restrictions as provided in the Partnership Agreement, each limited partner's share of the Partnership's profits, determined as explained above, will be distributed to the partner annually on or before March 31 of the following year. All remaining profits are allocated to the general partner.

All losses of the Partnership are allocated first to the general partner to the extent of its capital account and then proportionately to the limited partners to the extent of their capital accounts, with all remaining losses allocated to the general partner.

The Partnership Agreement provides the limited partners with a significantly limited ability to redeem their interest in the Partnership to the general partner or the remaining limited partners at a price set forth in the Partnership Agreement. As of December 31, 2013, no redemption requests had been received by the Partnership.

Effective January 1, 2007, based on the Amended and Restated Partnership Agreement, the general partner has the annual right to call all of the limited partners' interests in the Partnership at a price set forth in the Partnership Agreement.

The general partner may make capital withdrawals at any time provided that the general partner's remaining capital exceeds \$125,000.

Notwithstanding the above, no capital of any partner may be withdrawn, redeemed or distributed if, after giving effect thereto, the Partnership does not meet the minimum capital requirements provided for by the Uniform Net Capital Rule under the Securities Exchange Act of 1934.

Olstein Capital Management, L.P.

Notes to Statement of Financial Condition

Note 5 - Net capital requirement:

The Partnership is subject to the SEC Uniform Net Capital rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash distributions paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2013, the Partnership had net capital of \$2,029,623 which was \$1,959,188 in excess of its required net capital of \$70,435. The Partnership's net capital ratio was .52 to 1.

Note 6 - Financial instruments with off-balance-sheet risk and concentration of credit risk:

The Partnership maintains cash and other deposits with banks and brokers. At times, such deposits exceed applicable insurance limits. At December 31, 2013, the Partnership had cash deposits and cash equivalent balances that exceeded applicable insurance limits by approximately \$1,567,000. The Partnership reduces its exposure to credit risk by maintaining such deposits with high quality financial institutions.

Note 7 - Commitments and contingencies:

Lease commitments:

The Partnership leases its office facilities under a non-cancelable operating lease. The lease requires, among other things, the payment of minimum annual rentals, certain real estate taxes, insurance, maintenance and other operating expenses. The lease includes escalations of rent payments which become effective at various times during the lease term. The Partnership records rent expense on a straight-line basis over the lease term.

In connection with an amendment to the lease which became effective in 2011, the landlord, as a lease incentive, had paid for certain improvements to the Partnership's facilities. Accordingly, during 2011, the Partnership recorded leasehold improvements of \$83,095, representing the cost of the improvements, and a corresponding lease incentive liability of the same amount to be amortized as a credit to rent expense over the remaining lease term. In accordance with the amendment, the lease term was extended to seven years from the effective date and expires in 2018.

At December 31, 2013, deferred rent payable related to lease escalations and the lease incentive liability amounted to \$57,137 and \$51,440, respectively.

Olstein Capital Management, L.P.

Notes to Statement of Financial Condition

Indemnifications:

In the normal course of its business, the Partnership indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Partnership or the Funds. The Partnership also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including subcustodians and third-party brokers, improperly execute transactions. The maximum potential amount of future payments that the Partnership could be required to make under these indemnifications cannot be estimated. However, the Partnership believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Partnership provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Partnership may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Partnership could be required to make under these indemnifications cannot be estimated. However, the Partnership believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

Note 8 - Profit sharing plan:

The Partnership sponsors a defined contribution 401(k) pension and profit sharing plan whereby its eligible employees can defer a portion of their income for income tax purposes through contributions to the plan. Effective January 1, 2009, the Partnership may make discretionary matching contributions to the plan based primarily on specified percentages of the contributions made by the employees. The Partnership may make additional contributions to the plan on a discretionary basis.
