INDEPENDENT AUDITOR'S REPORT

Kevin Logan, Proprietor
Logan Group Securities
Roseville, California

I have audited the accompanying statement of financial condition of Logan Group Securities (a proprietorship) (the "Company"), as of December 31, 2013 and the related statements of income and proprietor's equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material aspects, the financial position of Logan Group Securities as of December 31, 2013 and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules (Form X-17A-5) which precedes the audited financial statements and this report are presented for purposes of regulatory requirements and additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

LOGAN GROUP SECURITIES
Notes to the Financial Statements
Year Ended December 31, 2013

1: NATURE OF ACTIVITIES

Logan Group Securities (the "Company") is engaged in the sale of variable annuities and mutual funds to individuals, organizations and businesses in California and Colorado. Commissions are paid by the issuing companies to Logan Group Securities. The Company's operations are conducted from the same offices as another entity owned by the owner of the Company. The related proprietorship incurs the burden of substantially all common and administrative expenses, including salaries. The financial position, results of operations and cash flows of the Company differ from those that would have been achieved had the Company operated autonomously.

2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: - the accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Revenue Recognition - The Company's revenues consist of commissions generated for the sale of annuities and mutual funds and trail fees. The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed and determinable and collection of the fee is probable. Generally, these conditions are met, and thus, revenue is recognized, at the time of sale of an investment to the customer.

Use of Estimates - Preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents - The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Investments and Investment Income - Investments are comprised of investments in equity securities mutual funds, which are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Investment income includes realized and unrealized gains and losses.

Income Taxes - As the Company is a proprietorship, no provision has been made for federal or state income taxes. The tax liability, if any, is that of the sole proprietor.

3. NET CAPITAL REQUIREMENT

Pursuant to the net capital provision of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain net capital of not less than \$5,000. As of December 31, 2013, the Company's net capital, as calculated and disclosed in the Financial and Operational Combined Uniform Single Report was \$37,406.

4. RELATED PARTY TRANSACTIONS

The Company has entered into an agreement with a related entity which is owned by the owner of the Company, whereby the Company pays for administrative support and to rent storage space on a monthly basis. During 2013, the Company paid \$6,000 to the related entity for these services.

5. SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 20, 2014, the date the financial statements were available to be issued.

6. SUPPLEMENTARY SCHEDULES

The Securities and Exchange Commission requires the inclusion of certain supplementary schedules with the financial statements of a broker-dealer if the broker-dealer retains customer funds or securities. Logan Group Securities does not retain customer funds or securities. The following schedules are inapplicable and thus have not been prepared:

- Computation for Determination of Reserve Requirements pursuant to Rule 15c3-3
- Information Relating to the Possession or Control Requirements pursuant to Rule 15c3-3
- A Reconciliation pursuant to Rule 17a-5(d)(4)

SUPPLEMENTARY REPORT ON INTERNAL CONTROL

Kevin Logan, Proprietor
Logan Group Securities
Roseville, California

In planning and performing my audit of the financial statements of Logan Group Securities (the Company), as of and for the year ended December 31, 2013 in accordance with auditing standards generally accepted in the United States of America, I considered the Company's internal control over financial reporting (internal control) as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practice and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computation of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements of prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of the inherent limitation in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

My consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. I did not identify any deficiencies in internal control and control activities for safeguarding securities that I consider to be material weaknesses, as defined previously.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, I believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
