INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and
Members of

Laurel Hill Securities, LLC

Report on the Financial Statements

I have audited the accompanying statement of Financial condition of Laurel Hill Securities, LLC (the "Company") as of December 31, 2013, filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosure in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Laurel Hill Securities, LLC as of December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

A handwritten signature in black ink, reading "Arnold G. Greene". The signature is written in a cursive style with a long horizontal line extending to the right.

LAUREL HILL SECURITIES, LLC
(A Limited Liability Company)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

1. ORGANIZATION AND DESCRIPTION OF BUSINESS

Laurel Hill Securities, LLC (the "Company"), a Delaware Company, focuses primarily on information agent functions, dealer manager tender offers, and limited investment banking activities. The Company is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulation Authority, Inc. (FINRA). Through December 31, 2013 the Company did not carry or hold securities for customers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes

No provision for income taxes has been recorded because the Company is a limited liability company. Accordingly, the individual members report their share of the Company's income or loss on their income tax returns.

Revenue recognition

Revenues are recognized when earned and arise from financial advisory services provided by the Company to its clients. The capital raising and financial restructuring advisory fees are recognized at the closing of the respective transaction.

Uncertain tax position

The Company adopted the provisions of the *Financial Accounting Standards Board's ("FASB") Accounting Standards Codification No. 740 ("ASC 740") Subtopic 05 "Accounting for Uncertainty in Income Taxes*. As a result of the implementation, the Company was not required to recognize any amounts from uncertain tax positions.

The Company's conclusions regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analyses of tax laws, regulations and interpretations thereof as well as other factors. Generally, federal, state and local authorities may examine the Company's tax returns for three years from the date of filing; consequently, the respective tax returns for years prior to 2010 are no longer subject to examination by tax authorities.

(A Limited Liability Company)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

3. SECURITIES OWNED NOT READILY MARKETABLE

Securities owned not readily marketable include securities received in connection with investment banking advisory fees. During 2012, the Company received such securities in lieu of a cash fee in the amount of \$25,000.

4. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC's Uniform Net Capital Rule 15c3-1. The rule requires that the Company maintain minimum net capital, as defined, of 6-2/3% of aggregate indebtedness, as defined, or \$5,000, whichever is greater. As of December 31, 2013, the Company had net capital of \$31,132, which exceeded its requirement of \$5,000 by \$26,132. The Company's ratio of aggregate indebtedness to net capital was .22 to 1.

5. RELATED PARTY TRANSACTIONS

For the year ended December 31, 2013, an affiliate charged the Company \$25,152 of fees which represents allocated salaries, rent, communication and office expenses, which are classified as such on the accompanying Statement of Operations. These charges are updated periodically, and determined based on percentages of personnel, square footage and other factors. As of December 31, 2013, there was no amount due to the affiliate for such charges.

6. CONCENTRATION OF RISK

The Company's cash balances are deposited in high credit quality financial institutions which are insured by the FDIC up to \$250,000. The Company has not experienced any losses on such accounts.

7. FAIR VALUE

The FASB Accounting Standards Codification No. 820 (“ASC 820”) “*Fair Value Measurements and Disclosures*” establishes an authoritative definition of fair value, sets out a framework for measuring fair value, and requires additional disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Partnership has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets. • Quoted prices for identical or similar assets or liabilities in inactive markets. • Inputs other than quoted prices that are observable for the asset or liability. • Inputs that are derived principally from or corroborated by observable marked data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Securities not readily marketable include investment securities for which there is no market on a securities exchange or no independent publicly quoted market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(A Limited Liability Company)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

8. FAIR VALUE *(continued)*

The following table sets forth by level, within the fair value hierarchy, the Company's investments at fair value as of December 31, 2013:

	<u>Level 2</u>	<u>Total</u>
Securities not readily marketable	<u>\$25,000</u>	<u>\$25,000</u>
Total investments at fair value	<u>\$25,000</u>	<u>\$25,000</u>

There were no Level 1 or Level 3 assets as of December 31, 2013.

9. SUBSEQUENT EVENTS

Management of the Company has evaluated events or transactions that may have occurred since December 31, 2013 and determined that there are no material events that would require disclosures in the Company's financial statements.
