Report of Independent Registered Public Accounting Firm

The Member of Fortress Capital Formation LLC

We have audited the accompanying statement of financial condition of Fortress Capital Formation LLC (the Company) as of December 31, 2013, and the related notes to the statement of financial condition.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the statement of financial condition in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a statement of financial condition that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the statement of financial condition in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statement of financial condition.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Building a better
working world

Opinion

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Fortress Capital Formation LLC at December 31, 2013, in conformity with U.S. generally accepted accounting principles.
