Report of the Financial Statements

I have audited the accompanying statement of financial condition of Pariter Securities, LLC (a Puerto Rico corporation) (the "Company") as of December 31, 2014, and the related statements of operations, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's responsibility for the Financial Statements

Management is responsible for the preparation and fair representation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted the audit in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The testing procedures selected to obtain such evidence depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I express no such opinion. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that that the audit evidence that I obtained is sufficient and appropriate to provide a reasonable basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

This audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in the Supplemental Schedules required by Rule 17a-5 under the Securities and Exchange Act of 1934 is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Pariter Securities, LLC

Notes to Financial Statements

As of and for the Year-Ended December 31, 2014

(1) Organization and summary of significant accounting policies:

Organization-

Pariter Securities, LLC ("the Company") is a corporation organized under the laws of the Commonwealth of Puerto Rico on March 11, 2008 and is primarily engaged in rendering brokering services as an introducing broker. The Company does not carry securities accounts for customers nor does it render custodial functions of customer securities. Orders are received from customers and placed via National Financial Services LLC, a correspondent U.S.-based firm who maintains all accounts for the customers.

Summary of significant accounting policies-

(a) Basis of presentation -

The Company's fiscal year ends on December 31 of each year. All references to years in these notes to the financial statements represent the calendar year then ended, unless otherwise noted. The Company has evaluated subsequent events through March 10, 2015, the date the financial statements were available to be issued.

(b) Revenue recognition-

Commission revenues are recorded on a settlement date basis. Margin interest income is earned based on debit balances in customer margin accounts.

(c) Accounts receivable -

Accounts receivable include commissions due in cash.

(d) Bad debts-

Bad debts, when applicable, are accounted for using the direct write-off method whereby an expense is recognized only when a specified account is determined to be uncollectible. The effect of using this method approximates that of the allowance method. The Company currently considered all accounts receivable fully collectible and therefore there are no allowances for bad debts or doubtful accounts.

(e) Concentration of credit risk-

Financial instruments that potentially expose the Company to concentration of credit risk include bank accounts and money market accounts. The Company maintains these accounts at reputable financial institutions. While the Company attempts to limit any financial exposure, its deposit balances may, at times, exceed federally insured limits.

Notes to Financial Statements

As of and for the Year-Ended December 31, 2014
(Continued)

(f) Property and equipment -

Property and equipment is recorded at cost. Depreciation is provided under the straight-line method over the following estimated useful lives. Maintenance and repairs are charged to operations when incurred. Betterments and renewals which substantially increase the life of individual assets are capitalized.

<u>Property category</u>	<u>Estimated useful life</u>
Computers and other office equipment	3 years

(g) License -

The broker-dealer license was recorded at its fair market value. The license provides the Company with rights to operate as an introducing broker-dealer. The Company has determined that there are currently no legal, regulatory, contractual, competitive, economic or other factors that limit the useful life of its broker-dealer license. As a result, the license will be treated as an indefinite-lived intangible asset under the provisions of the accounting guidance related to *Intangible Assets* and will not be amortized, but rather will be tested for impairment annually when events and circumstances warrant.

License is reviewed by management for impairment every year to determine whether impairment may exist. The Company considers relevant cash flow and profitability information, including estimated future operating results, trends and other available information, in assessing whether the carrying value of intangible assets can be recovered. If it is determined that the carrying value of intangible assets will not be recovered from the undiscounted future cash flows of the Company, the carrying value of such intangible assets would be considered impaired and reduced by a charge to operations in the amount of the impairment. An impairment charge is measured as any deficiency in the amount of estimated undiscounted future cash flows of the acquired business available to recover the carrying value related to the intangible assets. The Company reviewed the annual impairment analysis as of December 31, 2014 and concluded that the estimated fair value of its reporting unit substantially exceeded its carrying value, and therefore, no impairment was indicated.

(h) Income taxes -

Income taxes are accounted for using the asset and liability method under which deferred income taxes are recognized for the tax consequences of "temporary differences" by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities and operating loss carry forwards. The effect of deferred taxes for a change in tax rates is recognized in income in the period that

Pariter Securities, LLC

Notes to Financial Statements

As of and for the Year-Ended December 31, 2014

(Continued)

includes the enactment date. Management provides a valuation allowance against the deferred tax assets for amounts which are not considered "more likely than not" to be realized.

The Company follows the accounting standard on accounting for uncertainty in income taxes, which addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Company may recognize the tax benefit from an uncertain tax position only if it is more-likely-than-not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The guidance on accounting for uncertainty in income taxes also addresses de-recognition, classification, interest and penalties on income taxes, and accounting in interim periods.

(i) Use of estimates-

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities at the date of the financial statements, and the recorded amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(j) Reclassifications -

Some amounts have been reclassified in order to conform to the 2014 presentation.

(2) Deposit with clearing house:

This constant deposit is a requirement of National Financial Services LLC (NFS), the U.S.-based entity providing clearing and custodial services for the Company and which maintains all customer accounts.

(3) Related party transactions:

During the years ended December 31, 2014, the Company engaged in transactions with related companies in which its member has a substantial investment. The transactions are mostly related to management fees. Amounts due (to)/from related parties at year-end are non-interest bearing and have no specific repayment terms.

	<u>2014</u>
Due from related party	\$ 171
Management fees expense	\$ 18,660

Pariter Securities, LLC

Notes to Financial Statements

As of and for the Year-Ended December 31, 2014

(4) Income taxes:

On June 30, 2013 the Governor of Puerto Rico signed into law a package of tax measures intended to provide new sources of revenue to balance the Commonwealth budget. Among the provisions included in said package are changes to the income tax regime applicable to corporations. Act 40-2013, signed on June 30, 2013, but effective on January 1, 2013, increased the corporate income tax rate with a range from 30% to 39% (previously 20% to 30%), establishing that the maximum rate is reached when net taxable income is in excess of \$275,000. The surtax credit was reduced from \$750,000 to \$25,000.

In addition, the new law creates and imposes the following:

- A new additional tax on gross income, as part of the alternative minimum tax calculation. Financial businesses will be subject to a tax of 1% on gross income, with a credit equal to a 5% of its gross income against the regular tax or AMT of the corresponding taxable year. In the case of controlled groups of corporations or related entities, groups must aggregate the group's gross income in order to determine the applicable rate of the additional tax on gross income.
- The net operating loss deduction is limited to 90% of taxable income for regular income tax purposes and to 80% for alternative minimum tax purposes, and their carryover period is extended from ten (10) to twelve (12) years for losses incurred between 2005 and 2012. For losses incurred in 2013 and after the carryover period is ten (10) years.
- Fifty-one percent (51%) of the expenses paid to a 50% or more partner/member are disallowed if attributable to Puerto Rico and not subject to taxation or withholding at source.

In addition, the alternative minimum tax (AMT) provisions are completely revised and overhauled. The AMT tax rate was increased from 20% to 30%, and various parallel computations must be made before determining whether an AMT liability exists. In summary, the AMT would be the greater of the sum of 30% of the alternative minimum net income, plus the additional tax on gross income (discussed above); or, the sum of the following three items: (1) 20% of the expenses incurred or paid to related parties and/or the expenses allocated from a home office to a branch located in Puerto Rico, if such payments were not subject to tax in Puerto Rico during the tax year; (2) up to 2% on the purchases of tangible personal property from a related person or home office and (3) the new additional tax on gross income.

The Company does not have available net operating losses (NOL). The Company's deferred tax asset at December 31, 2013, in the amount of \$21,176 resulting from a net operating loss carryforward was used in the current year. There is no deferred tax asset for the current year.

Pariter Securities, LLC

Notes to Financial Statements

As of and for the Year-Ended December 31, 2014

(Continued)

Deferred income tax results from the future tax consequences of temporary differences between the amounts of certain assets and liabilities recorded for tax and financial statement purposes. To the extent it is more likely than-not that a deferred income tax asset will not be realized, a valuation allowance is recognized.

As of December 31, 2014 and 2013, the Company's deferred tax asset which resulted from the future income tax benefits of the net operating losses carryforward to future years and the alternative minimum tax credit, was \$21,176 and \$0, respectively, as shown below:

	<u>2014</u>	<u>2013</u>

Income tax (expense) benefit for the years ended December 31, 2014 consisted of the followings:

	<u>2,014</u>
Income (loss) before provision for income tax	<u>\$ 120,079</u>
Theoretical income tax expense based on the application of statutory rates to the pre-tax income per financial statements	(24,016)

Pariter Securities, LLC

Notes to Financial Statements

As of and for the Year-Ended December 31, 2014
(Continued)

The Company files income tax returns only in the Commonwealth of Puerto Rico. With few exceptions, the Company is no longer subject to income tax examinations by tax authorities for years before 2010. Tax audits, by their nature, are often complex and can require several years to complete.

The Company follows the accounting standard on accounting for uncertainty in income taxes. Management evaluated the Company's tax positions and concluded that the Company had taken no uncertain tax positions that required adjustment to the financial statements to comply with the provisions of the accounting standard.

(5) Subsequent events

Management has reviewed the results of operations for the period of time from its year ended December 31, 2014, through March 10, 2015, the date the financial statements were available to be issued and has determined that no adjustments are necessary to the amounts reported in the accompanying combined financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

Statement Related to Uniform Net Capital Rule

The Company is a member of the FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500% (15 to 1), or, during its first year of operations, 800% (8:1). Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2014, the Company had net capital of \$352,952 which was \$346,555 in excess of its required net capital of \$6,396. The Company's net capital ratio was 27.18%. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintain minimum Net Capital pursuant to a fixed dollar amount or 6-2/3% percent of total aggregate indebtedness, as defined, whichever is greater, and does not, therefore, calculate its net capital requirement under the alternative reserve requirement method. There were no material differences reported as net capital in the audited computation of net capital and the broker-dealer's corresponding unaudited FOCUS Part IIA filed pursuant to 15c3-1.

Statement Related to Exemptive Provision (Possession and Control)

The Company does not have possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEA Rule 15c3-3(k)(2)(ii); All customer transactions cleared through another broker-dealer on a fully disclosed basis.

Statement Related to Material Inadequacies

This audit did not disclose any material inadequacies since the previous audit of the financial statements contained within the audit report of the Computation of Minimum Net Capital Requirement as reported in the Supplemental Schedules contained within the audit report or the filed Financial and Operational Combined Uniform Single Report filed pursuant to SEA Rule 15c3-1. The firm is exempt from 15c3-3; it does not maintain customer funds or securities and therefore does not maintain customer funds to segregate nor does it maintain separate accounts for customers.

EXEMPTION REVIEW REPORT

Braulio Nieves
Pariter Securities, LLC
243 Road #2
Guaynabo, Puerto Rico 00966-1915

Dear Mr. Nieves:

We have reviewed management's statements, included in the accompanying Representation Letter of Exemptions, in which Pariter Securities, LLC identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Pariter Securities, LLC claimed an exemption from 17 C.F.R. § 240.15c3-3(k)(2)(ii) "all customer transactions cleared through another broker-dealer on a fully disclosed basis." Pariter Securities, LLC stated that Pariter Securities, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. Pariter Securities, LLC's management is responsible for compliance with the exemption provisions and its statements. Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Pariter Securities, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion. Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Pariter Securities, LLC
Supplementary Schedules Pursuant to SEA Rule 17a-5
Of the Securities and Exchange Act of 1934
As of and for the Year-Ended December 31, 2014

SIPC Reconciliation Report Pursuant to SEA 17a-5(c)(4)

Pariter Securities, LLC is a member of the Securities Investor Protection Corporation (SIPC). In accordance with Rule 17a-5(C)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments, Forms SIPC 7 to the Securities Investor Protection Corporation (SIPC) for the periods through December 31, 2014, which were agreed to by Pariter Securities, LLC and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and the SIPC, solely to assist you and other specified parties in evaluating Pariter Securities, LLC's compliance with the applicable instructions of the Assessment Reconciliation Forms SIPC 7. Pariter Securities, LLC's management is responsible for Pariter Securities, LLC's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures were performed and our findings are as follows:

Schedule of Assessment Payments

<u>Form</u>	<u>Amount</u>	<u>Date</u>	<u>Over/(Under)</u>	<u>To</u>
SIPC 6	\$3,104	July 31, 2014	-	SIPC- Washington, DC 20090-2185
SIPC 7	\$2,469	March 3, 2014	(\$70)	SIPC- Washington, DC 20090-2185

1. Compared the listed assessment payments represented on Form SIPC 6 & 7 with the respective cash disbursements record entries, noting no material differences.
2. Compared audited Total Revenue for the period of January 1, 2014 through December 31, 2014 (fiscal year-end) with the amounts reported on Forms SIPC 7, noting no material differences.
3. Compared any adjustments reported on Form SIPC 7 with supporting schedules and work papers, to the extent such exists, noting no material differences.
4. Proved the arithmetical accuracy of the calculations reflected on Form SIPC 7, noting no material differences.
5. If applicable, compared the amount of any overpayment applied to the current assessment with the Form SIPC 7 on which it was originally computed, noting no material differences.

We are not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures other matters might have come to our attention that would have been reported.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
