REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
EnergyNet.com, Inc.
Amarillo, Texas

We have audited the accompanying statement of financial condition of **EnergyNet.com, Inc.** (the Company) as of December 31, 2014, and the related statements of income, changes in stockholders' equity and cash flows for the year then ended, and the related notes to the financial statements. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of EnergyNet.com, Inc. as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The supplementary information contained in Schedules I and II (the Supplemental Information) has been subjected to audit procedures performed in conjunction with the audit of EnergyNet.com, Inc.'s financial statements. The Supplemental Information is the responsibility of EnergyNet.com, Inc.'s management. Our audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming our opinion on the Supplemental Information, we evaluated whether the Supplemental Information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplementary information contained in Schedules I and II is fairly stated, in all material respects, in relation to the financial statements as a whole.

ENERGYNET.COM, INC.

NOTES TO FINANCIAL STATEMENTS December 31, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of EnergyNet.com, Inc. (the Company) is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management, who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles in the United States of America and have been consistently applied in the preparation of the financial statements.

Organization and Basis of Presentation

EnergyNet.com, Inc. is a Texas corporation. The Company is a broker registered with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA). The Company is primarily engaged in facilitating the sales of operated and non-operated working interests, producing and nonproducing mineral interests, and royalty and overriding royalty interests in crude oil and natural gas properties between registered buyers and sellers through an Internet based live auction.

EnergyNet.com, Inc. reorganized its corporate structure effective September 1, 2014. As of September 1, 2014, EnergyNet.com, Inc. is a wholly-owned subsidiary of ENCI Holding Company. ENCI Holding Company also formed EnergyNet Services, Inc. which operates the online auction and performs all back office duties of the auction process. EnergyNet.com, Inc. has a Facilities Services Agreement with EnergyNet Services, Inc. to provide all business services except securities licensed broker employees.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, amounts due from banks, and all highly liquid investments with initial maturities of three months or less. The Company maintains its cash in bank deposit accounts that, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant risk related to cash. At December 31, 2014, the Company did not have any cash equivalents.

Revenue Recognition

The Company recognizes commissions on property sales at closing, which are calculated as a percentage of the sales price. Title to the crude oil and natural gas properties passes directly from the seller to the buyer. Accordingly, the Company never holds an interest in the properties listed and sold on its Internet site.

Short-term Investments

Short-term investments consist of certificates of deposit, typically having original maturities of 180 days. Related to its corporate reorganization on September 1, 2014, the Company transferred all short-term investments to ENCI Holding Company.

ENERGYNET.COM, INC.

NOTES TO FINANCIAL STATEMENTS December 31, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Equipment

Equipment is stated at cost. Software costs represent the costs of developing the Company's Internet site and developing other Internet sites under contractual agreements. Expenditures that constitute upgrades or enhancements are capitalized. Computer equipment and furniture are depreciated using the double-declining balance method over five and seven years, respectively. Software is depreciated using the straight-line method over three years. Charges for repairs and maintenance that do not extend the useful lives of the related assets are expensed as incurred. As items are disposed, the related costs and accumulated depreciation are removed and any excess of cost over accumulated depreciation is recognized as a charge to earnings. Related to its corporate reorganization, on September 1, 2014, the Company transferred all equipment to ENCI Holding Company.

Advertising Costs

Advertising costs are expensed as incurred. Advertising costs included in general and administrative expenses amounted to approximately \$148,000 for the year ended December 31, 2014.

Income Taxes

The Company is subject to U.S. Federal income taxes and income and margin taxes in the state of Texas. On January 1, 2010, the Company elected to be treated under Subchapter S of the Internal Revenue Code. Accordingly, effective January 1, 2010, the Company is no longer subject to U.S. Federal Income Tax. U.S. Federal Income Taxes are the responsibility of the Company's shareholders in direct proportion to their individual ownership percentages in the Company.

Deferred tax assets and liabilities are recognized for the anticipated future tax effects of temporary differences between the financial statement basis and the tax basis of the Company's assets and liabilities using enacted tax rates in effect at year-end. A valuation allowance for deferred tax assets is recorded when the Company's management believes that it is more likely than not that the benefit from the deferred tax assets will not be realized.

When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions that meet the more-likely-than-not recognition threshold are measured as the largest amount of tax benefit that is more than 50% likely of being realized upon settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying statement of financial condition along with any associated interest and penalties that would be payable to the taxing authorities upon examination. Interest and penalties associated with unrecognized tax benefits are classified as additional income taxes in the statement of income.

Based on management's analysis, the Company did not have any material uncertain tax positions as of December 31, 2014. The Company files income tax returns in the U.S. federal jurisdiction and the state of Texas. There are currently no income tax examinations underway for these jurisdictions.

ENERGYNET.COM, INC.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2014**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes (continued)

The Company's income tax returns are subject to examination by the relevant taxing authorities as follows: U.S. Federal income tax returns for the years 2011 and forward; Texas income and margin tax returns for tax years 2010 and forward.

Share-Based Compensation

The Company measures and records compensation expense for all share-based payment awards to employees and directors based on estimated fair values. Additionally, compensation costs for share-based awards are recognized over the requisite service period based on the grant-date fair value. Related to its corporate reorganization on September 1, 2014, the Company transferred all share-based awards to ENCI Holding Company.

Comprehensive Income

The Company had no elements of comprehensive income other than net income for the year ended December 31, 2014.

Subsequent Events

The Company has evaluated subsequent events through February 26, 2015, the date the financial statements were issued.

NOTE 2 - RESTRICTED CASH, AUCTION PROCEEDS RECEIVABLE AND PAYABLE

Prior to September 1, 2014 the Company collected auction proceeds from winning bidders on closed auctions. Such proceeds are generally due within two days of auction closing. The proceeds, net of the Company's commission and other fees, are generally due to the seller within ten days of auction closing. The cash collected from winning bidders is held in an escrow account until such funds are distributed to the owners.

Cash collected from winning bidders is reflected in the Company's statement of financial condition as restricted cash.

Auction proceeds receivable represent uncollateralized amounts receivable from winning bidders on closed auctions due under normal trade terms, generally requiring payment within two days from the invoice date. Uncollected auction proceeds receivable generally bear no interest. Auction proceeds receivable are stated at the amount billed to the customer plus any accrued and unpaid interest. Customer account balances with invoices dated over 30 days old are considered delinquent.

Management individually reviews all delinquent auction proceeds receivable balances and attempts to collect such balances. In the event that collection attempts fail, management writes off the receivable against the related proceeds payable. All auction proceeds receivable outstanding at December 31, 2014 were collected under normal terms.

ENERGYNET.COM, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

NOTE 2 - RESTRICTED CASH, AUCTION PROCEEDS RECEIVABLE AND PAYABLE (continued)

Auction proceeds due to sellers, net of the Company's commission and other fees, are reflected on the Company's statement of financial condition as auction proceeds payable. Such amounts will fluctuate depending on the level of auction closing activity in the five- to ten-day period preceding the date of the statement of financial condition. (Effective September 1, 2014 EnergyNet Services, Inc., the company which operates the online auction, collects, escrows and distributes all auction proceeds.)

NOTE 4 - INCOME TAXES

The Company's provision for state income taxes consisted solely of the Texas margin tax for the year ended December 31, 2014, reflecting the Company's election to be treated under Subchapter S of the Internal Revenue Code. Deferred income tax expense was inconsequential for the period.

The Company's net deferred tax assets and liabilities arose prior to its election to be treated under Subchapter S of the Internal Revenue Code, and consisted of the following components at December 31, 2014.

NOTE 6 - NET CAPITAL REQUIREMENTS

The Company is exempt from Rule 15c3-3 pursuant to the provisions of subparagraph (k)(2)(ii) for both computation of determination of the reserve requirements and information related to the possession or control requirements.

ENERGYNET.COM, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - NET CAPITAL REQUIREMENTS (continued)

With its corporate reorganization on September 1, 2014, FINRA updated the Company's Membership Agreement to reflect a change in the Company's minimum net capital requirement from \$100,000 to \$5,000, and the Company's Membership Agreement was also amended to reflect the Company may engage only as a "Broker selling oil and gas interests".

NOTE 7 - STOCK OPTION PLAN

The Company's 2000 Equity Incentive Plan (the Plan) beginning on November 3, 2000, was transferred to ENCI Holding Company on September 1, 2014 related to its corporate reorganization. The Plan provided for grants of up to 3,750,000 options to employees, consultants, and directors at exercise prices greater than or equal to the market price at the date of grant. Grants were at the discretion of the Company's Board of Directors, and the options typically vested in equal portions over four years and expired ten years from the date of the grant.

The following table summarizes stock options outstanding at the beginning of the year, prior to the transfer of the Plan to ENCI Holding Company on September 1, 2014.

NOTE 7 - STOCK OPTION PLAN (continued)

The Company received \$10,925 from the exercise of options during the eight month period ended September 1, 2014, and the related intrinsic value was insignificant. Upon exercise, the Company issued the full amount of shares exercisable per the term of the options from new shares, with no plans to repurchase those shares in the future.

NOTE 8 - CONCENTRATION OF CREDIT RISK

To the Board of Directors
EnergyNet.com, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2014, which were agreed to by EnergyNet.com, Inc. (the Company), the Securities and Exchange Commission, the Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and these other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries, noting no amounts paid as reported on Form SIPC-7 and only overpayments applied of \$1,389.00 on Line 2B., "Less payments made with SIPC-6 filed (exclude interest)".
2. Compared the amounts reported on the audited Form X-17A-5 Part III for the year ended December 31, 2014, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2014, noting no differences.
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences.
4. Proved the mathematical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences.
5. Compared the amount of any overpayment applied with the Form SIPC-7 on which it was originally computed, noting that the Company included overpayments applied of \$1,390.00 on Line 2B., "Less payment made with SIPC-6 filed (exclude interest)".

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
