**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and Shareholder  
of Center Street Securities, Inc.:

We have audited the accompanying financial statements of Center Street Securities, Inc. (a Louisiana corporation), which comprise the statement of financial condition as of December 31, 2014, and the related statements of income, changes in shareholder's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. Center Street Securities, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Center Street Securities, Inc. as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information on page 13 has been subjected to audit procedures performed in conjunction with the audit of Center Street Securities, Inc.'s financial statements. The supplemental information is the responsibility of Center Street Securities, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

CENTER STREET SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014

NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS

Center Street Securities, Inc. (the "Company") is registered as an introducing broker with the Financial Industry Regulatory Authority ("FINRA") and the Securities and Exchange Commission ("SEC"). The Company has a contractual agreement with one clearing broker. The clearing broker carries the accounts of the Company's customers on its books. The Company receives commissions for sales of various mutual funds, stocks, bonds, 529 plans, variable life and annuities, and real estate investment trusts.

The Company is a wholly-owned subsidiary of Center Street Holdings, Inc.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising and market development costs

Advertising and market development costs are expensed as incurred. Advertising expense for the year ended December 31, 2014 amounted to \$8,570.

Deposits with clearing broker

On August 13, 2009, the Company executed a secondary correspondent agreement with World Equity Group ("WEG"). WEG conducts business on a fully disclosed basis via a correspondent clearing agreement with Pershing, LLC. The Company has agreed to maintain a deposit account with Pershing, LLC in the amount of \$5,000 in accordance with the clearing agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Commissions

Commissions income, receivable, expense, payable, and related brokerage, exchange and clearance fees are recorded on a trade-date basis as securities transactions occur.

Taxes

The Company is classified as a C corporation under the Internal Revenue Code. The Company is a member of a group that files a consolidated federal tax return. Accordingly, income taxes payable to (refundable from) the tax authority is recognized on the financial statements of the parent company who is the taxpayer for federal income tax purposes. The members of the consolidated group allocate payments to any member of the group for the income tax reduction resulting from the member's inclusion in the consolidated return, or the member makes payments to the parent company for its allocated share of the consolidated income tax liability. This allocation approximates the amounts that would be reported if the Company was separately filing its tax return. The Company is liable for state taxes.

Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities. Such differences are expected to result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

Management performs an evaluation of all income tax positions taken or expected to be taken in the course of preparing the Company's income tax returns to determine whether the income tax positions meet a "more likely than not" standard of being sustained under examination by the applicable taxing authorities. Management has performed its evaluation of all income tax positions taken on all open income tax returns and has determined that there were no positions taken that do not meet the "more likely than not" standard. Accordingly, there are no provisions for income taxes, penalties or interest receivable or payable relating to uncertain income tax positions in the accompanying financial statements.

The consolidated federal income tax returns for 2012 and 2013 are open to examination. The Company files income tax returns in certain state jurisdictions. U.S. state jurisdictions have statutes of limitations that generally range from three to five years.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and equipment

Property and equipment are reported at cost, net of accumulated depreciation, and include improvements that significantly add to productive capacity or extend useful lives. Costs of maintenance and repairs are charged to expense. When depreciable assets are disposed, the cost and related accumulated depreciation are removed from the accounts, and any gain (except trade-ins) or loss is included in operations for the period. Gains on trade-ins are applied to reduce the cost of the new acquisition. Depreciation is recorded using the straight-line method over the assets' estimated useful lives, except for leasehold improvements, which are depreciated over the shorter of their estimated useful lives or the respective lease term.

Events occurring after reporting date

The Company has evaluated events and transactions that occurred between December 31, 2014 and February 26, 2015, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - CONCENTRATION OF CREDIT RISK

The Company maintains cash balances at financial institutions whose accounts are insured by the Federal Deposit Insurance Corporation ("FDIC") up to statutory limits. The Company's cash balances may, at times, exceed statutory limits. The Company has not experienced any losses in such accounts, and management considers this to be a normal business risk.

Commissions receivable from three customers amounted to approximately \$154,238 at December 31, 2014.

NOTE 4 - PROPERTY AND EQUIPMENT

Property and equipment consisted of the following as of December 31, 2014:

Furniture and equipment	\$ 51,014
Leasehold improvements	<u>4,892</u>
	55,906
Less accumulated depreciation	<u>(20,873)</u>
	<u>\$ 35,033</u>

NOTE 5 - INCOME TAXES

The provision for income taxes consists of the following for the year ended December 31, 2014:

	<u>Current</u>	<u>Deferred</u>	<u>Total</u>
Federal	\$ 85,000	\$ (1,319)	\$ 83,681
State	<u>14,850</u>	<u>4,335</u>	<u>19,185</u>
	<u>\$ 99,850</u>	<u>\$ 3,016</u>	<u>\$ 102,866</u>

The actual income tax expense differs from the expected income tax expense due to non-deductible regulatory penalties.

Deferred taxes result primarily from depreciation of property and equipment, prepaid expenses, accrued expenses, and net operating loss carryforwards.

At December 31, 2014, the Company had net operating loss carryforwards totaling approximately \$15,000 for state excise tax purposes. State tax loss carryforwards expire beginning in 2024.

NOTE 6 - LEASES

The Company rents office space from Thacker Properties, LLC, which is owned by the President of the Company. Rent expense and fees for the use of furniture and equipment under this arrangement amounted to approximately \$18,000 for the year ended December 31, 2014.

NOTE 8 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The rule of the "applicable" exchange also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At December 31, 2014 the Company had regulatory net capital of \$232,267, which was \$198,090 in excess of its required minimum of \$34,177.
