REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
Syndicated Capital, Inc.
Santa Monica, California

I have audited the accompanying statement of financial condition of Syndicated Capital, Inc. as of December 31, 2014. These financial statements are the responsibility of Syndicated Capital, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Syndicated Capital, Inc. as of December 31, 2014 and the results of its operations and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

This opinion is intended solely for the information and use of the board of directors, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Syndicated Capital, Inc (the "Company") was registered as an introducing broker-dealer under the Securities and Exchange Act of 1934, and is a member of the Financial Industry Regulatory Authority ("FINRA"), the Securities Investor Protection Corporation ("SIPC"), and the Municipal Securities Rulemaking Board ("MSRB").

The Company conducts business on a fully disclosed basis whereby the execution and clearance of trades are handled by clearing organizations. The Company does not hold customer funds and/or securities.

The Company primarily earns commissions through the sale of equities, mutual funds, variable annuities, and private placements. The Company has about 2,700 clients located throughout the United States. No one client comprises a significant revenue source.

Summary of significant accounting policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

For purposes of statements of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The company includes money market accounts as cash equivalents.

Securities transactions are recorded on a trade date basis with the related commission revenues and expenses also recorded on a trade date basis, including proprietary investment transactions.

Commissions receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Marketable securities owned by the Company are accounted for at market value, with market value based on current published market prices. The resulting difference between cost and market (or fair value) is included in income.

Equipment is stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized. Equipment is depreciated over its estimated useful life of five (5) years by the straight line method.

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

The Company, with the consent of its Stockholder, has elected to be an S Corporation and accordingly, has its income taxed under Sections 1361-1379 of the Internal Revenue Code. Subchapter S of the Code provides that the Stockholder, rather than the Company, is subject to tax on the Company's taxable income. Therefore, no provision or liability for Federal Income Taxes is included in these financial statements. The State of California has similar regulations, although there exists a provision for a minimum Franchise Tax and a tax rate of 1.5% over the minimum franchise fee of \$800.

The Company has elected to report the statement of changes in stockholder's equity without disclosing the accumulated adjustment account and other equity accounts pertinent to S Corporation. There is no financial impact to these financial statements.

The Company adopted SFAS No. 130, "Reporting Comprehensive Income," which requires that an enterprise report, by major components and as a single total, the changes in equity. There were no other comprehensive income items for the year ended December 31, 2014.

Management has reviewed subsequent events through February 10, 2015.

The Company is subject to audit by the taxing agencies for years ending December 31, 2011, 2012 and 2013.

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritized the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

Note 2: DEPOSITS WITH CLEARING ORGANIZATIONS

The Company has entered into a clearing agreement with Pershing, LLC, a BNY Securities Group Co., who carries the accounts of the customers of the Company. The Company has deposited \$100,000 with its clearing firm as security for its transactions with them. The balance at December 31, 2014, includes interest earned for a deposit total of \$100,796. The Company also maintains other cash and money market accounts at the clearing organization.

The Company has monies on deposit with Wedbush Securities and is required to maintain a deposit with them having a market value of at least \$50,000. The balance at December 31, 2014, includes interest earned for a deposit total of \$50,137.

Note 3: RECEIVABLE FROM NON-CUSTOMERS, NET

Net non-customer receivables consist of various receivables from current and former brokers, which are unsecured, non-interest bearing and due on demand. The account is recorded net of an allowance for bad debts of \$121,948, due to the default on a note receivable from a former broker.

Note 4: INCOME TAXES

As discussed in the Summary of Significant Accounting Policies (Note1), the Company has elected the S Corporate Tax status, therefore no Federal Income Tax provision is provided.

The tax provision at December 31, 2014 consists of the following:

California	\$	800
Other states		1,881
Total Income Tax Provision	\$	2,681
