REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors of
Mellin Securities, Inc.

We have audited the accompanying financial statements of Mellin Securities, Inc. (an Illinois Corporation) (the Company), which comprise the statement of financial condition as of December 31, 2014, and the related statements of income, changes in shareholder's equity and cash flows for the year ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplementary information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mellin Securities, Inc. as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Supplementary Information has been subjected to audit procedures performed in conjunction with the audit of Mellin Securities, Inc.'s financial statements. The Supplementary Information is the responsibility of Mellin Securities, Inc.'s management. Our audit procedures included determining whether the Supplementary Information reconciles to the financial statements or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the Supplementary Information. In forming our opinion on the Supplementary Information, we evaluated whether the Supplementary Information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The accompanying notes are an integral part of these financial statements.

MELLIN SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2014

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Mellin Securities, Inc. (the "Company") was incorporated in the state of Illinois on November 14, 1991. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis.

Securities owned - Securities are recorded at fair value in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.

Concentrations of Credit Risk - The Company is engaged in various brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Depreciation - Depreciation of equipment is computed using straight line and accelerated methods over a 5 year period.

MELLIN SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2014

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES - *(Continued)*

Subsequent Events - The Company evaluated all significant events or transactions that occurred through the audit report date, the date these financial statements were available to be issued.

NOTE 2 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

MELLIN SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2014

NOTE 2 - FAIR VALUE MEASUREMENT - (Continued)

Securities owned, consisting of financial equity securities of a single issuer, totaling \$144,330, and \$24,007 included in receivable from broker/dealers invested in a money market fund have been valued using Level 1 inputs. No valuation techniques have been applied to any other assets or liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical cost.

NOTE 3 - RETIREMENT PLAN

The Company has a discretionary profit-sharing plan covering substantially all of its employees. Included in this plan is a provision under IRS Code Section 401(k) whereby participants may contribute to the plan and the Company may match any portion of the participant's contribution. The Company did not make a matching contribution for the year ended December 31, 2014.

NOTE 4 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Uniform Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. Net capital and aggregate indebtedness change from day to day, but at December 31, 2014, the Company had net capital and a net capital requirement of \$130,469 and \$5,000 respectively. The ratio of aggregate indebtedness to net capital was 4%.

NOTE 5 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company enters into various transactions involving derivatives and other off balance sheet financial instruments. These derivative financial instruments are used to meet the needs of customers.

MELLIN SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2014

NOTE 5 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT - *(Continued)*

Since the Company enters into the forgoing transactions involving derivatives and other off-balance sheet financial instruments solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to the forgoing derivatives and these off-balance sheet financial instruments.

The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer. The Company is required to maintain a \$25,000 deposit with the Clearing Broker/dealer to assure the Company's performance under the agreement. This amount is included in "Receivable from broker/dealers" on the statement of financial condition. The Company may not enter into any similar agreement without prior written consent of the Clearing Broker/dealer. This agreement was entered into on March 4, 2012 and has a 36 month term. On April 8, 2014, the Company entered into a secondary clearing agreement with the Secondary Clearing Broker/dealer under similar terms as above.

As part of the terms of the agreement between the Company and Clearing Broker/dealer, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

MELLIN SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2014

NOTE 6 - RELATED PARTY TRANSACTIONS

Through common ownership and management the Company is affiliated with Mellin Asset Management, Inc. (MAMI), a registered investment advisor, Mellin Group, Inc. and Mellin Small Cap Growth Fund, L.P.

Pursuant to a written agreement, the Company reimburses MAMI for shared expenses. During the year ended December 31, 2014, the Company paid MAMI \$16,100 for occupancy expenses and the remainder for other expenses. Effective July 1, 2009, the Company's sole shareholder has provided office space and the related utilities at no cost to the Company.

The Company also earned \$96,795 in commissions on securities transactions executed on behalf of Mellin Small Cap Growth Fund, L.P. ("MSCGF"). In addition, the sole shareholder of the Company was responsible for the production of all the commission revenue of the Company for the year ended December 31, 2014 and received only nominal remuneration. During 2014, an investor with approximately 40% of MSCGF's assets withdrew their balance.

NOTE 7 - INCOME TAXES

The Company has elected S Corporation status for federal income tax purposes. Income taxes are therefore the responsibility of the Company's sole shareholder. The Company is responsible for Illinois replacement taxes of 1.5%.

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2011.
