REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors of
Gregory J. Schwartz & Co., Inc.

We have audited the accompanying statement of financial condition of Gregory J. Schwartz & Co., Inc. (the Company) (a Michigan corporation) as of March 31, 2015, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. Gregory J. Schwartz & Co., Inc. management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of financial condition. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Gregory J. Schwartz & Co., Inc. as of March 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED MARCH 31, 2015

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Gregory J. Schwartz & Co., Inc. (the "Company") was incorporated in the state of Michigan on August 4, 1976. The Company is a wholly-owned subsidiary of Schwartz Holdings, LLC. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities and providing investment advice.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis, which is the same business date as the transaction date. Revenue derived from the sale of limited partnership units on contingent offerings is recognized at the time the limited partnership's escrow agent distributes sales commissions to the Company.

Securities owned - Securities are recorded at fair value in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.

Concentrations of Credit Risk - The Company is engaged in various brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company's cash is on deposit at two financial institutions and the balances at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Cash Equivalents - For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED MARCH 31, 2015

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES -
(Continued)

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The Company evaluated all significant events or transactions that occurred through the audit report date, the date these financial statements were available to be issued.

NOTE 2 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

GREGORY J. SCHWARTZ & CO., INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED MARCH 31, 2015

NOTE 2 - FAIR VALUE MEASUREMENT - *(Continued)*

- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Level 1 inputs have been applied to value certain assets included in receivable from broker/dealers on the statement of financial condition. In addition, Level 1 inputs have been used to value securities owned, which consist of equity securities.

No valuation techniques have been applied to all other assets and liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical values.

NOTE 3 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At March 31, 2015, the Company's net capital and required net capital were \$405,312 and \$140,474, respectively. The ratio of aggregate indebtedness to net capital was 520%.

NOTE 4 - INCOME TAXES

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2012.

GREGORY J. SCHWARTZ & CO., INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED MARCH 31, 2015

NOTE 5 - CAPITAL STOCK

The authorized, issued, and outstanding shares of capital stock at March 31, 2015, were as follows:

Preferred stock, \$100 par value, non-voting, cumulative, and redeemable at \$100 a share; 500 shares authorized: none issued and outstanding

Common stock, \$1 par value; 50,000 shares authorized; 14,000 shares issued and outstanding.

NOTE 6 - PROFIT-SHARING PLAN

The Company has a discretionary profit-sharing plan, which is integrated with social security, covering substantially all of its employees. The plan includes a provision under Internal Revenue Code Section 401(k) whereby participants may contribute to the plan. The Company makes a 3% minimum safe harbor contribution based on participant eligibility and gross wages. The Company contributions for the profit-sharing and employer matching portion totaled \$112,906 for the year ended March 31, 2015.

NOTE 7 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company's customers enter into various transactions involving derivatives and other off-balance-sheet financial instruments. These financial instruments include exchange-traded and over-the-counter options. These derivative financial instruments are used to meet the needs of customers and are, therefore, subject to varying degrees of market and credit risk.

Since the Company enters into the aforementioned transactions solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to these derivative and other off-balance sheet financial instruments, as mentioned below.

GREGORY J. SCHWARTZ & CO., INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED MARCH 31, 2015

NOTE 7 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT - *(Continued)*

In order to execute and process the aforementioned, as well as other securities transactions, the Company has entered into an agreement with another broker/dealer (Clearing Broker/Dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/Dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the Clearing Broker/Dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/Dealer on the Company's behalf. Under the terms of the agreement, the Company is prohibited from entering into a similar agreement with another broker/dealer without prior approval from the Clearing Broker/Dealer. The Company has deposited \$25,000 with the Clearing Broker/Dealer to assure the Company's performance under the agreement. This amount is included in "Receivable from broker/dealers" on the statement of financial condition. The agreement also states that the minimum fee payable per calendar quarter to the Clearing Broker/Dealer is \$3,000 and, should the Company terminate the agreement, the Company must pay \$1,500 for every month remaining in the term until the agreed upon termination date. The agreement may be terminated by either party with 120 days written notification prior to the annual renewal (term) date of August 1. Further provisions of the agreement state that the Company is to be held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/Dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/Dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized on the purchase or sale and any additional expenses incurred pertaining to the transaction or other customer activity.
