**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Stockholders  
S.G. Long & Company

We have audited the accompanying statement of financial condition of SG Long & Company (Company) as of June 30, 2015, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SG Long & Company as of June 30, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
(continued)**

The information in Schedule I has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States). In our opinion, the information in Schedule I is fairly stated in all material respects in relation to the financial statements taken as a whole.

## **S.G. LONG & COMPANY**

### **NOTES TO FINANCIAL STATEMENTS**

---

#### **Note 1 – Summary of Significant Accounting Policies**

**Operations** – S.G. Long & Company (Company) is an independent brokerage firm operating in Missoula, Montana, and Garland, Texas, with representatives registered in various states. The Company operates as an introducing broker and is a registered investment advisor. The Company is registered as an insurance agency in the state of Montana for sales of life insurance and annuity products. Effective February 1, 2006, the Company became a wholly-owned subsidiary of S.G. Long Financial Services Corp. These financial statements reflect the statement of financial condition and results of operations of S.G. Long & Company, and accordingly, do not include the accounts of its parent S.G. Long Financial Services Corp. or its affiliate S.G.L. Investment Advisors, Inc. The holding company, S.G. Long Financial Services Corp. and its wholly-owned subsidiary, S.G.L. Investment Advisors, Inc., were organized and incorporated effective January 1, 2006. Intercompany accounts with these related corporations have not been eliminated in the accompanying financial statements.

**Cash equivalents** – For purposes of the statement of cash flows, the Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

**Receivables** – Receivables consist primarily of commissions due from mutual funds and the Company's clearing broker, and are typically received upon settlement of the transaction. Accordingly, management has determined that an allowance for doubtful receivables is not necessary based on a review of historical losses (none) and industry and economic conditions.

**Investments** – Marketable securities consisting primarily of money market accounts are valued at fair value and reported as a cash equivalent.

**Revenue recognition** – Securities transactions and related revenue and expenses are recorded on a trade date basis.

**Managed account fees** – Managed account fees are billed on a quarterly basis at the beginning of the quarter. Quarterly fees due from the Company's affiliate, S.G.I. Investment Advisors, are allocated over three months and billed at the beginning of each month. Any account refunds or credits are prorated over the remainder of the quarter. Included in managed fees are wrap fees, which are billed on a quarterly basis at the end of each quarter.

**Administrative services** – Administrative services are billed on a monthly basis at the end of the month.

**Advertising** – The Company expenses the costs of advertising as incurred.

**S.G. LONG & COMPANY**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 1 – Summary of Significant Accounting Policies (continued)**

**Income taxes** – Deferred tax assets and liabilities are recognized for the estimated future consequences attributable to differences between the financial statement carrying amounts of assets and liabilities and their respective tax bases. The current and noncurrent portion of these deferred tax assets and liabilities are classified in the statement of financial condition based on the respective classification of the assets and liabilities, which give rise to such deferred income taxes. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in tax expense in the period that includes the enactment date. The aforementioned income tax effects reflect application of current guidance under accounting standards generally accepted in the United States of America and tax regulations to Company balances. The Company files a consolidated return with its parent corporation, S.G. Long Financial Services Corp., and the parent corporation will allocate tax effects to the Company based on the Company's financial statement results.

The Company applies the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740-10, *Income Taxes*, relating to accounting for uncertain tax positions. The Company recognizes the tax benefit from uncertain tax positions only if it is more likely than not the tax positions will be sustained on examination by the tax authorities, based on the technical merits of the position. The tax benefit is measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. See Note 5 for additional details.

**Deposits** – The Company has an agreement with RBC Correspondent Services (RBC), a division of RBC Capital Markets, whereby RBC clears all security transactions, carries all customer accounts, finances and holds the Company's trading inventory, and performs certain other services. The agreement is cancelable upon 90 days prior written notice of either party. The Company is subject to a termination fee if termination is within a specified time frame stated in the agreement. As part of this agreement, the Company is required to, and does maintain a deposit in the amount of \$50,000 held at RBC as of June 30, 2015.

**Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities, and the reported amounts of revenue and expenses. Actual results could differ from those estimates.

**Subsequent events** – The Company has evaluated subsequent events through the date the audited financial statements were issued, and has recognized the effects of those subsequent events, if any, as required by accounting principles generally accepted in the United States of America.

**S.G. LONG & COMPANY**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 2 – Cash and Cash Equivalents**

At June 30, 2015, the Company's cash and cash equivalents consisted of:

Bank accounts	\$ 34,682
Money market accounts	<u>11,079</u>
	<u>\$ 45,761</u>

**Note 3 – Related Party Transactions**

The Company has entered into a cost sharing agreement with its parent, S.G. Long Financial Services Corp., and affiliate, S.G.L. Investment Advisors, Inc., effective July 1, 2011, to allocate shared administrative expenses and fixed assets among the three companies. The Company pays a fixed monthly amount for its allocation of shared expenses. The Company's cost sharing expense was \$225,000 for the year ended June 30, 2015.

The Company had a liability recorded within accounts payable of \$4,436 at June 30, 2015, due to its parent, which is comprised of administrative services.

**Note 4 – Net Capital Requirement**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (15c3-1), which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting aggregated indebtedness to net capital ratio would exceed 10 to 1). At June 30, 2015, the Company had net capital of \$69,416, which was \$19,416 in excess of its required net capital of \$50,000. The Company's ratio of aggregate indebtedness to net capital was 106 to 1.

**S.G. LONG & COMPANY**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 5 – Income Taxes**

At June 30, 2015, the Company has gross deferred income tax assets of \$88,396 that relate to timing differences between book and tax deductions for the Company. Since the Company's taxable income is reported in the consolidated tax return of its parent, S.G. Long Financial Services Corp., the realization of the deferred income tax assets depends on consolidated taxable income in future periods. A 100% valuation allowance has been established since consolidated taxable income in future periods is not reasonably assured. Accordingly, the net amount of deferred income taxes recorded on the Company's statement of financial condition was \$0 as of June 30, 2015.

The Company files income tax returns in the U.S. Federal and Montana State jurisdictions. The Company is no longer subject to tax examinations by the U.S. and state tax authorities for years before 2011. The Company does not have any uncertain tax positions. As of June 30, 2015, there are no accrued interest or penalties recorded in the financial statements.

**Note 6 – Retirement Plan**

The Company sponsors a 401(k) plan (Plan) covering employees over the age of 18 years with a minimum of six months of service, as defined in the Plan document. Under a safe-harbor requirement, the Company matches up to 4% of compensation and vesting of these safe-harbor matching contributions is immediate. The employee may also elect to contribute to the Plan with no stated limitation other than those imposed by the Internal Revenue Code. The Company may elect to make discretionary profit sharing and additional matching contributions to the Plan. Such Company discretionary contributions vest ratably over six years. In 2015, there was no profit sharing or additional matching contributions. The Company's safe-harbor matching contributions to the Plan totaled \$25,471 in 2015.

**S.G. LONG & COMPANY**

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Stockholders  
S.G. Long & Company

We have reviewed management's statements, included in the accompanying Management's Statement Regarding Compliance with Certain Exemption Provisions Under Rule 15c3-3 of the Securities Exchange Act of 1934, in which (1) S.G. Long & Company identified the following provisions of 17 C.F.R. §15c3-3(k) under which S.G. Long & Company claimed an exemption from 17 C.F.R. §240.15c3-3k(2)(ii) (exemption provisions) and (2) S.G. Long & Company stated that S.G. Long & Company met the identified exemption provisions throughout the most recent fiscal year without exception. S.G. Long & Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about S.G. Long & Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

## COMMUNICATION OF INTERNAL CONTROL RELATED MATTERS

To the Board of Directors  
S.G. Long & Company

In planning and performing our audit of the financial statements of S.G. Long & Company (Company) as of and for the year ended June 30, 2015, in accordance with the standards of the Public Company Accounting Oversight Board (United States), we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

### CONTROL DEFICIENCY

Due to the limited number of people working for the Company, many of the critical duties are combined and assigned to the available employees. Presently, a single individual performs the majority of the accounting functions.

- We recommend the segregation of duties be reviewed and adjusted where possible to serve as a check and balance to maintain the best control system as possible.

### **CONTROL DEFICIENCY (CONTINUED)**

We noted the Company could not provide documentation supporting management's monthly review of the financial statements.

- We recommend management retain documentation of its monthly review of the financial statements.
