REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors

Ace Diversified Capital, Inc.

San Gabriel, California

I have audited the accompanying statement of financial condition of Ace Diversified Capital, Inc. as of July 31, 2015 and the related statements of income, changes stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of Ace Diversified Capital, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ace Diversified Capital, Inc. as of July 31, 2015 and the results of its operations and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information for the year ended July 31, 2015 (Schedule I, Computation of Net Capital Under Rule 15c3-1, Schedule II, Computation of Determination of Reserve Requirements Under Rule 15c3-3 (exemption), and Schedule III, Information for Possession or Control Requirements Under Rule 15c3-3 (exemption)) has been subjected to audit procedures performed in conjunction with the audit of Ace Diversified Capital, Inc.'s financial statements. The supplemental information is the responsibility of Ace Diversified Capital, Inc.'s management. My audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming my opinion on supplemental information, I evaluated whether the supplemental information, including the form and content is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In my opinion, supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

This opinion is intended solely for the information and use of the board of directors, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Financial Statements
July 31, 2015

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and general matters:

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company clears its client's cash and margin accounts through another broker-dealer on a fully disclosed basis.

The following, together with disclosures elsewhere in the financial statements, comprise the significant accounting policies used in preparing the accompanying financial statements.

Securities transactions are recorded on a trade date basis with the related commission revenues and expenses also recorded on a trade date basis, including proprietary investment transactions.

Commissions receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Depreciation:

Properties and equipment are carried at cost. Expenditures for maintenance and repairs are charged to expense as incurred whereas major additions and betterments are capitalized. Depreciation is provided using the straight-line method over estimated useful lives of the assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Concentrations of Credit Risk:

The Company is engaged in various trading and brokerage activities in which counter parties primarily include broker-dealers, banks, and other financial institutions. In the event counter parties do not fulfil their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

100% of the revenues were generated in the State of California.

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

Management has reviewed subsequent events through September 11, 2015.

Related Party:

The company has an outstanding note receivable from the shareholder in the amount of \$54,075. The note matures on July 31, 2017 at an interest rate of 3%. The interest income in the amount of \$1,575 was paid at year ended July 31, 2015.

Notes to Financial Statements
July 31, 2015

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Under section 6501(a) of the Internal Revenue Code (Tax Code) and section 301.6501(a)-1(a) of the Income Tax Regulations (Tax Regulations), the IRS is required to assess tax within 3 years after the tax return was filed with the IRS. The Company's return for the tax years ending July 31, 2012, 2013 and 2014 are open for assessment and examination by the taxing authorities.

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritized the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

Note 2: INCOME TAX PROVISION

The firm has an accumulated net operating loss with an estimated tax benefit of \$20,013. The firm is allowed to carry back the loss for 5 years and forward for 15 years for Federal purposes and carry back the loss for two years and forward for 20 years for state purposes. The firm has elected not to carry back the loss and to realize the benefit in future years.

The income tax provision for the year ended July 31, 2015 is \$800.

Note 3: NET CAPITAL REQUIREMENT

The Company is subject to the uniform net capital rule (SEC Rule 15c3-1) of the Securities and Exchange Commission, which requires both the maintenance of minimum net capital and the maintenance of maximum ratio of aggregate indebtedness to net capital. At July 31, 2015 the company had a net capital of \$98,715 which is \$93,715 in excess of the minimum of \$5,000 required and its ratio of aggregate indebtedness to net capital was 0.40 which is less than the 15 to 1 maximum ratio of a broker dealer.

Note 4: COMMITMENTS AND CONTINGENCIES

The Company is currently leasing office space on a month to month basis.

**REPORT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

Board of Directors
Ace Diversified Capital, Inc.
San Gabriel, California

I have reviewed management's statements, included in the accompanying Ace Diversified Capital, Inc. Exemption Report in which (1) Ace Diversified Capital, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Ace Diversified Capital, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (k) (2) (ii) (the "exemption provision") and (2) Ace Diversified Capital, Inc. stated that Ace Diversified Capital, Inc. met the identified exemption provision throughout the most recent fiscal year without exception. Ace Diversified Capital, Inc.'s management is responsible for compliance with the exemption provision and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly, included inquiries and other required procedures to obtain evidence about Ace Diversified Capital, Inc.'s compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k) (2) (ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Pursuant to that requirement, the management of the Company hereby makes the following assertions:
