REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

**To the Board of Directors and Shareholders
World Capital Brokerage, Inc.
Denver, Colorado**

We have audited the accompanying statement of financial condition of World Capital Brokerage, Inc. (a Colorado corporation) as of July 31, 2015, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes. World Capital Brokerage, Inc.'s management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above present fairly, in all material respects, the financial condition of World Capital as of July 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
JULY 31, 2015

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying financial statements include the accounts of World Capital Brokerage, Inc. (the Company), a wholly owned subsidiary of AGF Holdings, Inc. (the Parent). The Company is a Colorado corporation and a registered broker-dealer with the Securities and Exchange Commission (SEC). The primary functions of the Company are to underwrite the shares of American Growth Fund, Inc. (the Fund), a diversified open-end investment company, and to function as a broker-dealer of securities. Significant accounting policies followed by the Company are:

INVESTMENT SECURITIES

Security transactions and related revenue and expense are recorded on a trade date basis. In accordance with financial reporting requirements for broker/dealers, the Company's investment securities are recorded at market value based upon quotes from brokers. Changes in unrealized appreciation or depreciation are included in revenue. Realized gains and losses are computed using the specific identification method.

COMMISSIONS

Commissions and related clearing expenses are recorded on a trade-data basis as securities transactions occur.

INCOME TAXES

The Company and the Parent account for income taxes using the asset and liability method of accounting for income taxes. The Company files consolidated federal and state income tax returns with the Parent. An informal tax sharing agreement currently exists between the Company and the Parent. Under such agreement the tax expense or benefit recorded by the Company, including the tax effects of related assets and liabilities of affiliates, is computed as if the Company filed separate stand-alone tax returns. Such amounts are limited to tax expense or benefit recorded on a consolidated basis for the Parent. The Company's method of accounting for income taxes conforms to "Accounting For Income Taxes". This method requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting basis and tax basis of assets and liabilities.

The Company evaluates tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Management of the Company has reviewed the tax positions for the open tax years ending July 31, 2012 through July 31, 2015 and has determined that there are no significant uncertain tax positions that would require recognition in the financial statements.

CONCENTRATION OF CREDIT RISK

From time to time the Company had cash balances on deposits with banks in excess of the federally insured limits. The Company believes its risk of loss is limited due to the high credit quality of such bank.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

2. INVESTMENT SECURITIES

At July 31, 2015 the Company's investment securities had an aggregate cost basis of \$1,002,139 and a market value of \$2,496,458 resulting in an unrealized gain of \$1,494,319.

The Company follows a fair value hierarchy that distinguishes market data obtained from independent sources (observable inputs) and the Company's own market assumptions (unobservable inputs). These inputs are used in determining the value of the Company's investments and are summarized in the following fair value hierarchy.

Level 1 – quoted prices in active markets for identical securities,

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc), and

Level 3 – significant unobservable inputs (including the Company's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used, as of July 31, 2015, in valuing the Company's assets carried at fair value:

Equity	Level 1	Level 2	Level 3	Total
Entertainment	\$ 1,095,600	\$ 0	\$ 0	\$ 1,095,600
Apparel	693,810	0	0	693,810
Recreation	197,216	0	0	197,216
Insurance (Life)	172,106	0	0	172,106
Medical Care	95,206	0	0	95,206
Health Care Plans	90,248	0	0	90,248
Packaging and Container	53,930	0	0	53,930

Specialty Chemicals	44,442	0	0	44,442
Total Equity	\$2,496,458	0	0	\$2,496,548

There were no movements between Levels 1 and 2 as of July 31, 2015.

The Company recognizes transfers between levels of the last day of each fiscal reporting period.

Certain officers and directors of the Company are also officers and directors of the Fund and IRC. As principal underwriter for the Fund, the Company received gross underwriting commissions of \$386,445 for the year ended July 31, 2015. The Company received \$0 from IRC for distribution services.

The Company shares office space and certain employees with the Fund and IRC. Costs related thereto and certain other costs are allocated among the affiliates on a basis determined by management.

4. MINIMUM NET CAPITAL

Pursuant to Rule 15c3-1 of the Securities Exchange Act of 1934, the Company, as a registered securities broker/dealer, is required to maintain a minimum net capital of the greater of \$250,000 or 6 2/3% of "aggregate indebtedness," as defined in such rule. At July 31, 2015, the Company had net capital of \$1,414,094 which was \$1,164,094 in excess of its required net capital of \$250,000. The Company's ratio of aggregate indebtedness to net capital at July 31, 2015 was 0.0888 to 1.

5. COMMISSIONS RECEIVABLE

Commissions paid to broker/dealers through deferred sales charges, for the sale of Fund shares, are recorded as commissions receivable. The Company receives from the Fund a monthly distribution fee based on the Fund's daily net assets. Commissions receivable are recovered through the receipt of the distribution fee and redemption charges, if any, related to Fund shares subject to contingent deferred sales charges.

6. INCOME TAXES

The provision for income taxes consists of the following:

Current		
	Federal	\$ 0
Deferred		
	Federal	211,800
	State	28,532
	Total	<u>\$ 240,332</u>

The deferred tax liability results from unrealized appreciation of investments.

7. SUBSEQUENT EVENTS

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through the date these financial statements were issued. There were no events or transactions that occurred during the period that materially impacted the amounts or disclosures in the Company's financial statements.
