Report of Independent Registered Public Accounting Firm

To the Board of Directors of
Ryan Financial, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Ryan Financial, Inc., which comprise the statement of financial condition as of September 30, 2015, and the related statements of income, stockholder's equity, and cash flows for the year then ended, that are filed pursuant to Rule 17A-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects the financial position, results of operations and cash flows of Ryan Financial, Inc. as of September 30, 2015, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule I, and reports on page 13 and 14 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information contained in the supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES

Ryan Financial, Inc.
Notes to Financial Statements
September 30, 2015

Note 1 – Nature of Business

Ryan Financial, Inc., (The Company) was formed on October 1, 1995 as a Massachusetts Corporation to engage in and carry on the business of a registered broker-dealer. The Company's office is in Andover, Massachusetts. The Company primarily sells mutual funds and variable annuities and is registered with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA). The Company receives commissions and trail fees from the sales of mutual funds and variable annuities and clears all customer account transactions through Raymond James & Associates, Inc., another broker-dealer.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Cash and Cash Equivalents

The Company considers deposits and short-term debt securities with maturities of ninety days or less to be cash and cash equivalents.

Income Taxes

The Company complies with FASB ASC 740 "Accounting for Income Taxes", which requires an asset and liability approach to financial reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax basis of assets and liabilities that result in taxable or deductible amounts in the future, based on enacted tax laws and rates applicable to the periods in which differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

The Company adopted, "Accounting for Uncertainty of Income Taxes", which prescribes comprehensive guidelines for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on tax returns. The Company has no uncertain tax positions during the year ended September 30, 2015.

In addition, income tax returns for years ended September 30, 2011 and prior are no longer available for review by the Internal Revenue Service.

Ryan Financial, Inc.
Notes to Financial Statements
September 30, 2015

Note 2 – Significant Accounting Policies (continued)

Management Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates in determining reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Customers' securities transactions are reported on a trade date basis with related commission income and expenses reported on a trade date basis. Trail fees from mutual funds and variable annuities are reported on the accrual basis.

Commissions

Commission expenses and related clearing costs are recorded on a trade date basis as securities transactions occur.

Concentrations of Credit Risk

The Company maintains a cash account with a bank that is insured by the Federal Deposit Insurance Corporation up to \$250,000. During the course of the year balances may have exceeded this amount. At September 30, 2015, the Company did not have any funds in excess of the insured limit.

Subsequent Events

Management has evaluated subsequent events through November 9, 2015, the date on which the financial statements were available to be issued.

Note 3 – Net Capital Requirements

As a registered broker-dealer, the Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the Company to maintain a specified amount of net capital as defined, and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1. As of September 30, 2015 the Company's minimum net capital requirement was \$5,000. At September 30, 2015, the Company's ratio of aggregate indebtedness to net capital was .1562 to 1 and net capital of \$32,014, which exceeds the required net capital of \$5,000 by \$27,014.

Ryan Financial, Inc.
Notes to Financial Statements
September 30, 2015

Note 4 – Fair Value Measurements

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or to transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quotes prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The Company did not have any assets or liabilities adjusted to fair value for the year ended September 30, 2015.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured in fair value on a recurring basis as of September 30, 2015.

	<u>Level 1</u>	<u>Level 2</u>	<u>level 3</u>	<u>Netting & Collateral</u>	<u>Total</u>

Note 5 – Restricted Cash

The Company is required to maintain a restricted reserve account with Raymond James and Associates, Inc. (clearing broker-dealer) with a minimum balance of \$25,000. As of September 30, 2015 the balance was \$37,755.

Note 6 – Income Tax Returns

The Company files its tax returns as a member of a controlled brother-sister group, with Ryan Financial Advisors, Inc.

The Company files separate federal and state income tax returns.

The Company recognizes any unrecognized tax benefits in deferred tax accounts and tax expense.

Note 7 – Related Party Transactions

The Company has an expense sharing agreement with its affiliate Ryan Financial Advisors, Inc. The Company and Ryan Financial Advisors, Inc. (affiliate) have common stockholders. Under the agreement there is an allocation of the payroll and overhead expenses between the two corporations. The Company's commission and trail fee income is transferred to Ryan Financial Advisors, Inc. For the fiscal year ended September 30, 2015, approximately \$400,125 was transferred to Ryan Financial Advisors, Inc. Under the cost sharing agreement, \$383,488 was allocated to Ryan Financial, Inc. The balance due from Ryan Financial Advisors, Inc. at September 30, 2015 was \$146,018.

claiming an exemption from SEC Rule 15c3-3**

To: Board of Directors of
Ryan Financial, Inc.

We have reviewed management's statement, included in the accompanying "Financial and Operational Combined Uniform Single Report – Part IIA, Exemptive Provision under Rule 15c3-3" in which (1) Ryan Financial, Inc. identified the following provisions of 17 C.F.R. 15c3-3(k) under which Ryan Financial, Inc. claimed an exemption from 17 C.F.R. 240.15c3-3 (k) (2) (ii) (the "exemption provisions") and (2) Ryan Financial, Inc. stated that Ryan Financial, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Ryan Financial, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Ryan Financial, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
