INDEPENDENT AUDITORS' REPORT

To the Stockholder of
Petersen Investments, Inc.

We have audited the accompanying statement of financial condition of Petersen Investments, Inc. as of December 31, 2014 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements. Petersen Investments Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Petersen Investments, Inc. at December 31, 2014 in conformity with accounting principals generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014

NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS

Petersen Investments, Inc. (the "Company") a New Jersey corporation is registered as a broker - dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA").

During October 2008, 100% of ownership of the Company was transferred to the Riley Family Trust.

The Company conducts a general securities business by introducing transactions on a fully-disclosed basis to a clearing broker/dealer who carries all accounts and prepares and maintains all books and records pertaining thereto pursuant to SEC Rules 17a-3 and 17a-4, as are customarily made and kept by a clearing broker/dealer.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The preparation of financial statements in conformity with generally accepted accounting principals requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

All short-term investments with an original maturity of three months or less are considered to be cash equivalents.

Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counter parties primarily include broker/dealers, banks, and other financial institutions. In the event counter parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter party.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Depreciation and Amortization

The cost of furniture and equipment is depreciated over the estimated useful lives of the related assets of 5 to 7 years. The cost of leasehold improvements is amortized over the length of the underlying lease. Depreciation is computed on a straight line basis for financial reporting purposes and an accelerated basis for income tax purposes. Leasehold improvements are amortized in accordance with Internal Revenue Service regulations for income tax purposes.

Fair Value of Financial Instruments

Financial instruments including receivable and payable from/to clearing broker, accounts payable and accrued expenses and taxes payable, are carried at fair value in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.

Revenue Recognition

Securities transactions and related income and expenses are recorded on a settlement date basis. Commission revenues are recorded on a settlement date basis which does not have a material effect on reported revenues and expenses.

Recent Accounting Pronouncements

The Company does not expect the adoption of recent accounting pronouncements to have any material impact on its financial condition or results of operations.

Comprehensive Income

Effective January 1, 1999 the Company adopted Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" ("SFAS No. 130"). SFAS No. 130 requires an entity to report comprehensive income and its components and increases financial reporting disclosures. This standard has no impact on the Company's financial position, cash flows or results of operations since the Company's comprehensive income is the same as its reported net income.

The stockholder, an electing small business trust, includes the "S Corporation" income or loss on its separate income tax returns. Accordingly, no federal income taxes or benefits are provided for in the financial statements during the period of "S Corporation" status. The Company's "S" election also makes the recognition of a deferred tax provision unnecessary.

The Company recognizes and measures any unrecognized tax liabilities or benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that the tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax liabilities or benefits is adjusted when new information is available. Based on management's conclusion that all relevant tax positions are more likely than not to be upheld under examination no unrecognized tax liabilities or benefits are being recorded.

The Company files tax returns in the U.S. federal jurisdiction, and various state and local jurisdictions. The U.S. federal income tax returns prior to 2011 are closed. U.S. state jurisdictions have statutes of limitation that generally range from three to five years.

Provision for local income taxes is calculated on reported financial statement pretax income based on current tax law. The income tax provision consists of the following:

	<u>Current</u>	<u>Deferred</u>	<u>Total</u>
State and local	\$2,761	\$0	\$2,761

NOTE 10 - GUARANTEES

FASB ASC 460 , *Guarantees*, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying situation (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence of non occurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The Company also indemnifies some clients against potential losses incurred in the event specified third party service providers, including sub custodians and third-party brokers, improperly execute transactions. The maximum potential amount of future payments the Company could be required to make under these indemnifications cannot be estimated. However , the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company provides representations and warranties to counter parties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some of the counter parties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications are generally standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However the Company believes it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.
