REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Alerus Securities Corporation
Grand Forks, North Dakota

We have audited the accompanying statement of financial condition of Alerus Securities Corporation as of December 31, 2014, and the related statements of income, stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion of these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alerus Securities Corporation as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

As described in Note 6 to the financial statements, Alerus Securities Corporation discovered and corrected an error in the 2013 financial statements related to recognition of the sale of the discontinued operations. Our opinion is not modified with respect to that matter.

The supplemental information (Schedule I, Computation of Net Capital Under Rule 15c3-1; Schedule II, Computation for Determination of Reserve Requirements Under Rule 15c3-3 (exemption); Schedule III, Information for Possession or Control Requirements Under Rule 15c3-3 (exemption)), has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplemental information (Schedule I, Computation of Net Capital Under Rule 15c3-1; Schedule II, Computation for Determination of Reserve Requirements Under Rule 15c3-3 (exemption); Schedule III, Information for Possession or Control Requirements Under Rule 15c3-3 (exemption)), is fairly stated, in all material respects, in relation to the financial statements as a whole.

ALERUS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2014

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Alerus Securities Corporation is a wholly owned subsidiary of Alerus Financial, which is a wholly owned subsidiary of Alerus Financial Corporation. The Company conducts its business as a registered broker-dealer in securities. As such, the Company initiates securities purchase and sale transactions on behalf of its customers through an affiliation with another broker-dealer who executes the transactions and provides various other customer account services on a fully disclosed basis. Its principal market is located in Eastern North Dakota and the surrounding region.

Cash and Cash Equivalents For the purposes of the statement of cash flows, the Company considers cash on deposit in demand accounts and money market funds as cash and cash equivalents. The cash amount also includes investments classified as cash equivalents that are restricted in nature.

Commissions Receivable Commissions receivables are carried at original invoice amount. No allowance for uncollectible accounts has been provided. In the opinion of management, based on historical experience, the balance in accounts receivable is entirely collectible.

Securities Transactions Proprietary securities transactions in regular-way trades are recorded on trade date, as if they had settled. Profit and loss arising from all securities transactions entered for the account and risk of the Company are recorded on trade date. Customers' securities transactions are reported on a settlement date basis with related commissions income and expenses reported on a trade date basis.

Marketable Securities are valued at market value and considered trading. Securities not readily marketable are valued at fair value as determined by the management. The resulting difference between cost and market (or fair value) is included in income.

Fair Value The Company follows U.S. GAAP with regard to *Fair Value Measurements*, which defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The disclosures required under U.S. GAAP have been included in Note 10.

Furniture and Equipment Furniture and equipment are stated at cost less accumulated depreciation. Depreciation is computed on a straight-line basis using estimated useful lives of 5 to 10 years.

Commission Income Commission income from customer security transactions is recorded on a trade date basis. Commissions due from insurance companies for the placement of insurance policies are recognized as of the date on which (a) the client is afforded protection under the policy, (b) the premium due under the policy can be reasonably estimated, and (c) the premium is billable to the client. A liability to the employee agents for commissions payable related to those policies, if any, is recognized with the recognition of the revenue from the policies.

Advertising Expense Advertising costs are expensed as incurred.

Income Taxes Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due and deferred taxes related primarily to differences between the financial and tax bases of development costs and furniture and equipment. The deferred taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled.

ALERUS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2014

The Company files consolidated federal and state income tax returns with its parent and affiliated companies. The income tax relating to the individual companies is generally computed as if each company had filed a separate return, and any tax benefits realized by a company as a result of filing a consolidated return are paid to the company providing the benefits.

The Company's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

Use of Estimates in the Preparation of Financial Statements The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 RESTRICTED CASH

Cash and cash equivalents include amounts of cash that are restricted in nature. This cash is restricted because it must be kept on hand at a respective broker-dealer in order to enter into transactions with them. At December 31, 2014 the amount of cash restricted for RBC Dain was \$100,000.

NOTE 3 MARKETABLE SECURITIES

Marketable securities are bought and held by the Company principally for the purpose of selling them in the near term, and are accordingly classified as trading securities. Trading securities are recorded at fair value on the balance sheet in current assets, with the change in fair value during the period included in earnings. At December 31, 2014 marketable securities included net unrealized gains of \$111,316. At December 31, 2014 the Company's holdings in marketable securities are summarized as follows:

	<u>2014</u>
U.S. Treasury and Government Agency Securities	\$ 637,288
U.S. Federal Securities	<u>1,322,774</u>
Total	<u>\$ 1,960,062</u>

ALERUS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2014

The amortized cost and approximate fair value of securities as of December 31, 2014, by contractual maturity, are as follows:

<u>December 31, 2014</u>	<u>Securities Held for Trading</u>	
	<u>Amortized Cost</u>	<u>Approximate Market Value</u>
Due in One Year or Less	\$ 115,035	\$ 125,218
Due After One Year through Five Years	729,218	720,190
Due After Five Years through Ten Years	901,769	982,621
Due After Ten Years	102,724	132,033
Total	<u>\$ 1,848,746</u>	<u>\$ 1,960,062</u>

Proceeds from the sale or maturity of trading securities for the year ended December 31, 2014 were \$479,606. Gross losses recognized on these sales were \$3,046 for the year ending December 31, 2014. For the year ended December 31, 2014, gross gains recognized on these were \$0.

NOTE 4 RELATED PARTY TRANSACTIONS

The Company is a member of a group of affiliated companies due to common ownership by Alerus Financial Corporation. Certain common costs, which are incurred by one member of the group, may benefit the other members. Allocation of these costs is done according to the discretion of management. These costs relate primarily to services provided and costs incurred in the areas of administrative and management support. These cost allocations may not be representative of the costs that would have been incurred had the Company been operating independently. Reimbursements by the Company for services provided and expenses incurred by Alerus Financial for the year ending December 31, 2014 amounted to \$53,940.

Affiliated companies own the facilities occupied by Alerus Securities Corporation. The facility leases are classified as operating leases and are on a year to year basis. Rental payments amounted to \$68,156 for the year ending December 31, 2014. Future lease commitments to affiliated companies extend through 2015 and amount to \$47,432.

The Company also has cash on deposit and all of its investment security accounts with an affiliated company.

NOTE 5 EMPLOYEE RETIREMENT PLAN

The Company participates in the employee defined contribution retirement plans of Alerus Financial Corporation, including a noncontributory profit sharing plan, an employee stock ownership plan (ESOP) and a salary reduction profit sharing plan. The plans cover substantially all full-time employees upon satisfying prescribed eligibility requirements for age and length of service. Contributions to the noncontributory profit sharing plan and the ESOP are determined annually by the Board of Directors at their discretion and allocated to participants based on a percentage of annual compensation. Under the salary reduction profit sharing plan, the Company contributes 100 percent of amounts deferred by employees up to 3 percent of eligible compensation and 50 percent of amounts deferred by employees between 3 percent and 6 percent of eligible compensation. Contributions to the Plans for 2014 were \$55,214.

ALERUS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2014

NOTE 6 PRIOR PERIOD ADJUSTMENT

Retained earnings at the beginning of 2014 has been adjusted to correct an error related to discontinued operations in 2013. Had the error not been made, net income for 2013 would have been decreased by \$157,089, net of income tax of \$97,926.

NOTE 7 INCOME TAXES

The total applicable income taxes reported in the statement of income for the years ended December 31, 2014 includes the following components:

	2014
Current:	
Federal	\$ 206,059
State	27,930
Total	233,989
Deferred:	
Federal	106
State	20
Total	126
Total Current and Deferred:	
Federal	206,165
State	27,950
Total	\$ 234,115

Net long-term deferred income taxes are included in other liabilities for the year ending December 31, 2014. Net short-term deferred taxes are included as current assets on the balance sheet. Significant temporary differences between tax and financial reporting that give rise to net deferred tax assets are as follows at December 31, 2014:

	2014
Deferred Tax Assets	
Accrued Flexible Time Off	\$ 1,565

The reconciliation between applicable income taxes and the amount computed at the applicable statutory Federal tax rate is as follows:

	2014	
	Amount	Percent of Pretax Income
Taxes at Statutory Federal Income Tax Rate	\$ 215,951	35.0%
Increase (Decrease) in Taxes (Benefit)		
Resulting from:		
State Income Taxes, Net of Federal Benefits	18,164	2.9%
Applicable Income Taxes	\$ 234,115	37.9%

ALERUS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2014

The Company files a consolidated federal and state income tax return with its parent and affiliated companies. Amounts payable by the Company in connection with filing a consolidated federal income tax return amounted to \$234,241 at December 31, 2014.

It is the opinion of management that the Company has no significant uncertain tax positions that would be subject to change upon examination. The federal income tax returns of the Company are subject to examination by the IRS, generally for three years after they were filed.

NOTE 8 DEPRECIATION EXPENSE

Depreciation expense charged to operations was \$0 in 2014.

NOTE 9 NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital (as defined under this rule) and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1).

The Company, as defined under Rule 15c3-1, is subject to a \$250,000 net capital requirement. As of December 31, 2014, the Company had net capital of \$1,938,383 which was \$1,688,383 in excess of its required net capital of \$250,000. The Company's net capital ratio (aggregated indebtedness to net capital) was .19 to 1 to aggregate indebtedness.

NOTE 10 FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company uses fair value measurements to record fair value adjustments to certain assets to determine fair value disclosures. Trading assets are recorded at fair value on a recurring basis.

The Company follows U.S. GAAP with regard to *Fair Value Measurements*, which defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The disclosures required under U.S. GAAP have been included in this Note.

Fair Value Hierarchy

Under U.S. GAAP, the Company groups assets and liabilities at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect the Company's own estimates of assumptions that market participants would use in

ALERUS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2014

pricing the asset or liability. Valuation techniques include use of discounted cash flow models and similar techniques.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

US Government Securities: Valued at prices reported for similar instruments in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Company's assets at fair value as of December 31, 2014:

<u>Balance at December 31, 2014</u>	<u>Level 1</u>	<u>Level 2</u>
Fixed Income		
U.S. Treasury and Government Agency Securities	\$ -	\$ 637,288
U.S. Federal Securities	-	1,322,774
Total	<u>\$ -</u>	<u>\$ 1,960,062</u>

The realized and unrealized gains (losses) related to trading securities recognized as investment income amounted to \$49,255 for the year ending December 31, 2014.

NOTE 11 CONCENTRATION OF CREDIT RISK

The Company maintains its cash balances with certain financial institutions. As of December 31, 2014, no deposits exceeded the \$250,000 insurance limit of the Federal Deposit Insurance Corporation.

NOTE 12 DISCONTINUED OPERATIONS

In August 2013 the Company closed on an asset sale agreement with Farmers National Company for the sale its agricultural securities business. The agricultural securities business included an alternative trading system for trading agricultural cooperatives and limited liability companies. The terms of the agreement include initial consideration paid at closing of \$81,269 and quarterly earn out payments equal to 37.5% of the securities commissions earned by Farmers National Company for the first sixteen full calendar quarters following the closing. The Statement of Income has been presented to show the discontinued operation separately from the continuing operations.

ALERUS SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2014

NOTE 13 SUBSEQUENT EVENTS

No significant events occurred subsequent to the Company's year end. Subsequent events have been evaluated through February 6, 2015, which is the date these financial statements were issued.

SUPPLEMENTARY INFORMATION
PURSUANT TO RULE 17a-5 OF THE
SECURITIES EXCHANGE ACT OF 1934
As of December 31, 2014

Audit Committee
and Management of Alerus Securities Corporation
Grand Forks, North Dakota

In planning and performing our audit of the financial statements of Alerus Securities Corporation as of and for the year ended December 31, 2014, in accordance with standards of the Public Company Accounting Oversight Board (PCAOB), we considered the entity's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to fraud or error may occur and not be detected by such controls. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's annual or interim financial statements will not be prevented or detected on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the entity's financial reporting.

Material weakness

We consider the following deficiency in the entity's internal control to be a material weakness:

- Our audit procedures identified a potential error in the Company's 2013 financial statements that management subsequently addressed, and determined that a prior period adjustment was required. The corrected year-end financial statements that management prepared and presented to us to audit contained a prior period adjustment to correct that error related to recognition of the sale of the discontinued operations in 2013. Had the error not been made, net income for 2013 would have been decreased by \$157,089, net of income tax of \$97,926, and net capital would have changed by \$96,361. We believe that this inadequacy is a material weakness in internal control over financial reporting. Management should assess the adequacy of the design of its policies and procedures related to preparation of financial statements and design appropriate controls as necessary to rectify inadequacies. When developing control policies and procedures for a process, management should consider where errors or fraud could occur that would cause a material misstatement in the financial statements and which policies or procedures, if operating properly, would prevent or detect the error or fraud on a timely basis.

We will review the status of this comment during our next audit engagement. We have already discussed this comment and other suggestions with various entity personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of this matter, or to assist you in implementing the recommendations.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

Board of Directors
Alerus Securities Corporation
Grand Forks, North Dakota

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2014, which were agreed to by Alerus Securities Corporation and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC and other designated examining authorities, solely to assist you and the other specified parties in evaluating Alerus Securities Corporation compliance with those requirements. Alerus Securities Corporation's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the Public Company Accounting Oversight Board (United States). The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records by comparing the SIPC payments to the general ledger activity, sighting the endorsed check and tracing it to the subsequent clearing on the bank statement, noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2014, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2014, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, as follows:
 - a. Compared the \$112,329 aggregate total of deductions reported on page 2, section 2c of Form SIPC-7 for the year ended December 31, 2014, to Alerus Securities Corporation's supporting schedule, noting no differences.
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers obtained in procedure 3, as follows:

An independent member of Nexia International

- a. Recalculated the mathematical accuracy of the SIPC Net Operating Revenues on page 2, line 2d and the General Assessment of 0.0025 on page 2, line 2e of \$2,030,916 and \$5,077, respectively of the Form SIPC-7, noting no differences.
 - b. Recalculated Alerus Securities Corporation's supporting schedule's arithmetical accuracy of the \$112,329 aggregate deductions report on page 2, section 2c of Form SIPC-7, noting no differences.
5. Compared the amount of overpayments applied to the current assessment with the Form SIPC-7 to the applicable SIPC report, noting no material differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

EXEMPTION REPORT
SEC Rule 17a-5(d)(4)

January 1, 2015

The below information is designed to meet the Exemption report criteria pursuant to SEC Rule 17a-5(d)(4):

Alerus Securities is a broker/dealer registered with the SEC and FINRA.

Alerus Securities claimed an exemption under paragraph (k)(2)(ii) of Rule 15c3-3 for the fiscal year ended 12/31/14.

Alerus Securities is exempt from the provisions of Rule 15c3-3 because it meets conditions set forth in paragraph (k)(2)(ii) of the rule, of which, the identity of the specific conditions are as follows:

The provisions of the Customer Protection Rule shall not be applicable to a broker or dealer who, as an introducing broker or dealer, clears all transactions with and for customers on a fully disclosed basis with a clearing broker or dealer, and who promptly transmits all customer funds and securities to the clearing broker or dealer which carries all of the accounts of such customers and maintains and preserves such books and records pertaining thereto pursuant to the requirements of rule 17a-3 and rule 17a-4, as are customarily made and kept by a clearing broker or dealer.

Alerus Securities has met the identified exemption provisions in paragraph (k)(2)(ii) of Rule 15c3-3 throughout the period of 6/1/14 through 12/31/14 without exception.

Alerus Securities has not recorded any exceptions to the exemption provision in paragraph (k)(2)(ii) of Rule 15c3-3 for the period of 6/1/14 through 12/31/14.

The above statements are true and correct to the best of my and my Firm's knowledge.

A handwritten signature in black ink, appearing to read "B. Kraft".
