REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder and Directors
Variable Investment Advisors, Inc.
Sioux Falls, South Dakota

We have audited the accompanying financial statements of VARIABLE INVESTMENT ADVISORS, INC. (a South Dakota corporation), which comprise the statement of financial condition as of December 31, 2014, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. Variable Investment Advisors, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Variable Investment Advisors, Inc. as of December 31, 2014, and the results of its operations and its changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Computation of Net Capital has been subjected to audit procedures performed in conjunction with the audit of Variable Investment Advisors, Inc.'s financial statements. The supplemental information is the responsibility of Variable Investment Advisors, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to the Financial Statements

December 31, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Company, located in Sioux Falls, South Dakota, sells mutual funds and variable and fixed insurance products. The Company accomplishes this goal through a small group of brokers located throughout the United States. The Company's customers are located throughout the United States. In 2002 the Company developed an Alternative trading system. This system is a web-based system that offers a computer-based service to companies and individuals for the purpose of buying and selling capital units.

Basis of Presentation

The Company follows accounting standards set by the Financial Accounting Standards Board, commonly referred to as the FASB. The FASB sets generally accepted accounting principles (GAAP) that the Company follows to ensure we consistently report our financial condition, results of operations, and cash flows. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification, sometimes referred to as the Codification or ASC.

Revenue Recognition

The Company receives commissions from selling mutual funds and variable and fixed insurance products. The commissions are reported as revenue and a receivable on a trade date basis. The Company also receives fees for the use of its Alternative Trading System. These fees are recognized as earned over the period of the contract.

Commssion Receivable

The Company considers commissions receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when the determination is made.

Statement of Cash Flows

For purpose of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

Property and Equipment

Property and equipment is carried at cost less accumulated depreciation and includes expenditures which substantially increase the useful lives of existing property and equipment. Maintenance and repairs are charged to expense as incurred. When property and equipment is retired or otherwise disposed of, the related costs and accumulated depreciation are removed from the respective accounts and any gain or loss on the disposition is credited or charged to income.

Notes to the Financial Statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Depreciation is computed using the straight-line method based on the estimated useful lives of the individual assets ranging from one to ten years.

Income Taxes

The Company, with the consent of its shareholders, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporation income taxes the stockholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements.

Management has concluded that uncertain tax positions would be the responsibility of the stockholders. Accordingly the accompanying financial statements do not include any provision for uncertain tax positions, and no related interest or penalties have been recorded in the statement of income or accrued in the statement of financial condition. Federal and state tax returns of the entity are generally open to examination by the relevant taxing authorities for a period of three years from the date the returns are filed.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. OPERATING LEASES

The Company leases its office space on a month-to-month basis. A total of \$15,714 was paid under the terms of two separate verbal leases during the year ended December 31, 2014.

Future minimum lease payments as of December 31, 2014 are \$1,310.

NOTE 3. DEFINED CONTRIBUTION PENSION PLAN

On April 1, 2011, the Company established a Simple IRA Plan for all employees. The plan provides for employer matching contributions. The Company's cost for the Plan contributions was \$10,015 for the year ended December 31, 2014.

NOTE 4. COMMITMENTS AND CONTINGENCIES

There were no outstanding commitments or contingencies as of December 31, 2014.

Variable Investment Advisors, Inc.

Notes to the Financial Statements

December 31, 2014

NOTE 5. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission (SEC) Uniform Net Capital Rule (Rule 15c-3-1), which requires the maintenance of minimum net capital of \$5,000 and requires that the ratio of aggregate indebtedness to net capital both as defined, shall not exceed 15 to 1 (and the rule of the applicable exchange also provides that equity capital may not be withdrawn or cash dividend paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2014, the Company had net Capital of \$210,222. The Company's net capital ratio was .15 to 1.

Management expects to make capital withdrawals during 2015 to facilitate payment of the shareholder's income tax due to the inclusion of company income on his personal return. At no time will the withdrawals cause the Company to be below statutory net capital requirements.

NOTE 6. EXEMPTION

This Company is exempt from filing supporting schedules on the Computation for Determination of the Reserve Requirements and Information Relating to Possession or Control Requirements. This exemption is claimed under the provisions of SEC Rule 15c-3-3, Section (K)(1) limited business (Mutual funds and/or variable annuities only).
