To Stanwich Advisors, LLC:

We have audited the accompanying statement of financial condition of Stanwich Advisors, LLC as of December 31, 2014 that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes to the statement of financial condition. This financial statement is the responsibility of Stanwich Advisors, LLC. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above present fairly, in all material respects, the financial condition of Stanwich Advisors, LLC as of December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

1. Summary of Significant Accounting Policies

Nature of Operations

Stanwich Advisors, LLC (the "Company") was formed as a limited liability company under the laws of the State of Connecticut. The Company is a broker dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corp. ("SIPC"). The Company will continue for an indefinite period of time. The Company provides consulting, advisory and capital raising services to private equity fund managers ("Clients").

Placement Fees Receivable

Placement fees receivable are typically due over three years commencing upon Client acceptance of capital or capital commitments. There were no placement fees receivable past due on December 31, 2014. The allowance is determined by a variety of factors, including the age of the receivables, current economic conditions, historical losses and other information management obtains regarding the financial condition of Clients. No allowance for doubtful accounts for the placement fees receivable was considered necessary at December 31, 2014. Placement fees of \$4,420,018 which are in excess of one year have been discounted to present value using an effective rate of 3.25%.

Other Receivables

Other receivables represent client reimbursable expenses. Amounts are invoiced to clients as incurred and generally reimbursed when the fund associated with the expenses closes. The Company recognizes an allowance for doubtful accounts based on historical experience, an individual account analysis, aging of the account balance and the expected recovery of amounts from various collection methods.

Property and Equipment

Property and equipment are stated at cost. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated useful service lives using the straight-line method. Leasehold improvements are amortized over the shorter of the estimated useful lives or the lease term. Expenditures for property and equipment are capitalized and depreciated over their service lives. Related maintenance and repairs are expensed as incurred. When capitalized assets are retired or otherwise disposed of, the costs and related accumulated depreciation are removed from the accounts and any resulting gain or loss is recognized in income for the period.

Revenue Recognition

Placement fee revenues are recognized as earned which is upon Client acceptance of capital or capital commitments from investors identified by the Company, the price is fixed or determinable and collection is reasonably assured. The Company also recognizes consulting and advisory fees as earned. All discounts from placement fees in excess of one year is presented in placement fees.

Income Taxes

Under provisions of the Internal Revenue Code, limited liability companies that are treated as partnerships are not subjected to income taxes, and any income or loss realized is taxed to the individual members. Accordingly, no provisions for Federal income taxes appear on the financial statements. Under Connecticut Tax Code, a Connecticut limited liability company is subject to an annual minimum fee. Other than the minimum fee, Connecticut also taxes income and loss at the individual member level.
