Board of Directors
Generational Capital Markets, Inc.

We have audited the accompanying statement of financial condition of Generational Capital Markets, Inc. These financial statements are the responsibility of Generational Capital Markets, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Generational Capital Markets, Inc. as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The supplemental information contained in Schedule I has been subjected to audit procedures performed in conjunction with the audit of Generational Capital Markets, Inc.'s financial statements. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements
December 31, 2014

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Generational Capital Markets, Inc. (the Company) was organized in August 2006 as a Nevada corporation. The Company is a wholly-owned subsidiary of Generational Capital, LLC (Parent). The Company is registered with the Securities and Exchange Commission (SEC) as a broker-dealer in securities and is a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC).

The Company operates under the exemptive provisions of Rule 15c3-3 (k)(2)(i) of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities.

The Company's operations consist primarily in merger and acquisition services, through referrals from a related party, to private businesses located throughout the United States and Canada.

Significant Accounting Policies:

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Company's financial asset and liability amounts reported in the statement of financial condition are short-term in nature and approximate fair value.

Revenue Recognition

Merger and acquisition revenue is recognized during the period the transactions are complete and the revenue determinable.

GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements
December 31, 2014

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Management Fees - Parent

The Company incurs management fees to its Parent primarily related to the Parent's and other related parties' participation in the Company's merger and acquisition activities. The management fees are discretionary and recorded when the amounts are determined and authorized.

Income Taxes

The Company is included in the consolidated federal income tax return and combined Texas return with its Parent. Income taxes are recorded using the separate company method to comply with financial reporting rules. Any resulting provision or benefit for income taxes realized is recorded as a receivable from or payable to Parent.

As of December 31, 2014, open Federal tax years subject to examination include the tax years ended December 31, 2011 through December 31, 2013.

The Company is also subject to various other state income taxes.

Note 2 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2014, the Company had net capital of \$119,931, which was \$104,044 in excess of its net capital requirement of \$15,877. The Company's net capital ratio was 1.99 to 1.

Note 3 - Related Party Transactions/Economic Dependency/Concentrations

The Company is under the control of and economically dependent on its Parent and an affiliate, Generational Equity, LLC (GE). The Company also has a concentration of services provided by its Parent and GE. The existence of that control, dependency, and concentration creates operating results and financial position significantly different than if the Companies were autonomous. Transactions between the Company and its Parent and the Company and GE were not consummated on terms equivalent to arms length transactions.

Under an Affiliate Agreement between the Company's Parent and GE, the Company is to provide security related merger and acquisition services to clients of GE, under its own engagement agreement. During 2014, all merger and acquisition revenue was earned as a result of GE client referrals.

GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements
December 31, 2014

Note 3 - Related Party Transactions/Economic Dependency/Concentrations (continued)

The Company and its Parent entered into a Facilities Agreement (Agreement) for an initial term of five years through December 31, 2013. The Agreement automatically renews for successive one year terms, unless written notice is given by either party not less than thirty days prior to the expiration of the initial or any subsequent term. The Agreement automatically renewed for 2014 and 2015. The Parent provides the Company with certain office facilities and services under this Agreement. The Parent may also pay certain expenses on behalf of the Company. The Parent allocates a pro-rata portion of such expenses incurred by Parent on account of the Company. In making such allocation the Parent equates the proportional cost of each facility or service with the proportional use or benefit derived by the Company. The expense allocation may change with the respective use and benefit of facilities or services. Expenses allocated to the Company under this Agreement during 2014, totaled \$57,045, of which \$51,045 was for office facilities and \$6,000 was for office services. The office facilities and office services are included in occupancy and equipment - Parent in the accompanying statement of income. The Company has prepaid its Parent a total of \$11,676 at December 31, 2014 of which \$6,176 was for office facilities and \$5,500 was for office services.

The Company has federal income taxes payable due to its Parent of \$1,550 and state taxes payable due to its Parent of \$4,000 at December 31, 2014 (See Note 4).

The Company incurred \$2,738,928 in management fees during 2014 to its Parent related to the Parent's and other related parties' participation in the Company's merger and acquisition activities. As of December 31, 2014, \$187,861 of management fees were due to its Parent.

Management and registered securities representatives of the Company are also management and employees of the Parent. The Parent provides for all salaries and certain benefits to these dual company employees at no cost to the Company. Compensation expense of the Company consisted of commissions, bonuses, matching contributions and payroll taxes for management and registered securities representatives earned as a direct result of the Company's revenue.

The Parent acts as common paymaster for the Company. The Company advances the funds required for compensation and payroll taxes to its Parent who then pays the Company's compensation and related payroll taxes.

The Company is a participating employer in a 401k plan offered by GE. For the year ended December 31, 2014, Company matching contributions totaled \$8,818. These matching contributions are recorded as compensation and related costs in the accompanying statement of income.

GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements
December 31, 2014

Note 4 - Income Taxes

The Parent, filing a federal consolidated income tax return with the Company, allocated the Company's share of federal income taxes. The Company recorded income taxes payable to Parent and income taxes - federal of \$1,550 related to the allocated federal income tax due.

The Parent, filing a combined Texas return with the Company, allocated the Company's share of Texas state taxes. The Company recorded state taxes payable to Parent and income taxes-state of \$4,000 related to the allocated state tax due.

The Company incurred separate state income taxes totaling \$1,055 in other states that it is registered and conducts business.

Note 5 - Concentration of Credit Risk

The Company has cash held at a Texas bank, totaling \$358,235 or 90% of the Company's total assets at December 31, 2014. Cash held was in excess of the FDIC insurance of \$250,000 creating a credit risk. Cash balances fluctuate on a daily basis.

Note 6 - Contingencies

There are currently no asserted claims or legal proceedings against the Company, however, the nature of the Company's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows of the Company.

Note 7 - Subsequent Events

Management has evaluated the Company's events and transactions that occurred subsequent to December 31, 2014, through February 25, 2015, the date which the financial statements were available to be issued.
