REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Director
Employee Benefits Investment Group, Inc.
Mandeville, Louisiana

I have audited the statement of financial condition of Employee Benefits Investment Group, Inc. (the Company) as of December 31, 2014 and the related statements of income, cash flows and changes in shareholders' equity for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Employee Benefits Investment Group, Inc. as of December 31, 2014 and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States.

The information contained in Schedule I: Independent Registered Public Accounting Firm's Computation of Net Capital under Rule 15c3-1 of the Securities and Exchange Commission (SEC) has been presented in conjunction with the audit of the Employee Benefits Investment Group, Inc.'s financial statements. Schedule I is the responsibility of The Company's management. My audit procedures included whether Schedule I reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in Schedule I. In forming my opinion on Schedule I, I evaluated whether Schedule I, including its form and content is presented in conformity with 17 C.F.R. §240.17a-5. In my opinion, Schedule I is fairly stated, in all material respects, in relation to the financial statements as a whole.

The information contained in the Exemption Report and the Management Statement is presented for purposes of additional analysis and is not a required part of the basic financial statements; but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, therefore, I do not offer an opinion that the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

EMPLOYEE BENEFITS INVESTMENT GROUP, INC.
Notes to Financial Statements
December 31, 2014

Note 1 – Organization and Nature of Business

Employee Benefits Investment Group, Inc. (EBIG) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of various exchanges and the Financial Industry Regulatory Authority, Inc. (FINRA). The Company was incorporated under the laws of the State of Florida on April 20, 2000. The Company became a Louisiana Corporation in 2010 and is licensed to do business in Louisiana and five other states. EBIG's customer base mainly is comprised of civil service and military personnel. The company does not carry security accounts for customers or perform custodial functions relating to customer securities at this time.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements and accompanying notes are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. The computation of net capital was prepared using allowable assets and aggregate indebtedness concepts as prescribed by the Securities and Exchange Commission Uniform Net Capital rule.

Concentrations of Credit Risk

Concentrations of risk with respect to sales income were moderately low in 2014. The Company's customer base during the year and the customers' dispersion across stable industries lessened the risk. Employee Benefits Investment Group, Inc. receives payment from large established mutual fund firms and credit worthy insurance companies within fifteen days after customer contracts are executed. Therefore, outstanding receivables were settled during the following month.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosures. Although these estimates are based on management's best knowledge of current events and actions the Company may undertake in the future, actual results could differ from the estimates.

Property and Equipment

Property and equipment items are stated at the lower of cost or fair value on the date usage began. Expenditures for maintenance and repairs are charged to expense as incurred. Improvements that extend the useful life of property and equipment are capitalized. Depreciation is computed using straight-line methods over useful lives of five years for furniture, fixtures, and equipment.

Income Taxes

Employee Benefits Investment Group, Inc. is a Sub-chapter S corporation; therefore there is no provision for income taxes. Income is passed through to the shareholder and taxes are paid at the appropriate individual taxpayer rates.

Statement of Cash Flows

For purposes of the Statement of Cash flows, the Company has defined cash equivalents as highly liquid investments, with original matures of less than ninety days that are not held for sale in the ordinary course of business.

EMPLOYEE BENEFITS INVESTMENT GROUP, INC.
Notes to Financial Statements
December 31, 2014

Note 3 – Commissions Receivable/Payable

Amounts receivable for commissions to EBIG and commissions payable to EBIG representatives at December 31, 2014, consist of the following:

	<u>Receivable</u>	<u>Payable</u>
Fees and commissions	\$2,801	\$2,037

Note 4 - Schedule of Fixed Assets and Accumulated Depreciation

Property and equipment are summarized by major classifications as follows:

	<u>2014</u>
Furniture and equipment	\$6,559
Office equipment	<u>1,774</u>
Total property and equipment	8,333
Less accumulated depreciation	<u>(8,333)</u>
	<u>\$0</u>

Note 5 - Leasing Arrangements

The Company conducted its operations from leased facilities in Jacksonville, Florida from 2005 through April of 2010. The Company moved to Mandeville, Louisiana, leasing an office through the end of the year 2011, currently leasing month by month. Net rent expense for 2014 was \$6,420.

Note 6 – Common Stock & Changes to Shareholder Equity

At December 31, 2014 there were 10,000 authorized and issued shares of common stock, owned entirely by the Company's President.

Note 7 – Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness (AI) to net capital, both as defined, shall not exceed fifteen to one during the second year and each succeeding year in business. The Company's AI ratio to net capital was 0.22 to 1.00, or \$15,273 in excess of that requirement. At December 31, 2014, the Company had net capital of \$21,273 which was \$16,273 in excess of the required net capital of \$5,000.

Note 8 – Reconciliation of Net Capital to the FOCUS report

A reconciliation of the computation of Net Capital under Rule 15c3-3 between the audited financial statements and the required and submitted fourth quarter unaudited FOCUS report was performed. The audited computation was equal to the unaudited computation on the FOCUS. The audited computation is presented in the supplementary information in Schedule I.

Note 9 – Compliance Over Internal Control & Exemption from Rule 15c3-3

Two reports have been included in the supplementary information. The first report describes procedures used to review The Company's Compliance Over Internal Control and the second report, Management's Statements Regarding Exemption From Rule 15c3-3, identifies the statements asserted by management regarding the exemption provisions claimed and met throughout the most recent fiscal year, without exception, from SEC Rule 15c3-3. The exemption was approved.

SUPPLEMENTARY INFORMATION

**Pursuant to Rule 17a-5 of the
Securities and Exchange Act of 1934**

As of December 31, 2014

Employee Benefits Investment Group, Inc.

REPORT OF INDEPENDENT REGISTERED ACCOUNTING FIRM
On Internal Control Over Compliance

To the Director
Employee Benefits Investment Group, Inc.
Mandeville, Louisiana

In planning and performing my audit of the financial statements of Employee Benefits Investment Group, Inc. (the Company) for the year ended December 31, 2014, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examination, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving internal control that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe the Company's practices and procedures were adequate at December 31, 2014, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, Management, the SEC, the FINRA and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

REVIEW REPORT OF INDEPENDENT REGISTERED ACCOUNTING FIRM
On Management's Statements Regarding Exemption From Rule 15c3-3

To the Director
Employee Benefits Investment Group, Inc.
Mandeville, Louisiana

As required by Rule 17a-5 of the Securities and Exchange Commission (SEC), I have reviewed management's statements, in which Employee Benefits Investment Group, Inc. (The Company) identified the following provision of 17 C.F.R. §15c3-3(k) under which The Company claimed an exemption on its FOCUS report from 17 C.F.R. § 240.15c3-3—k(1) (the "exemption provisions"):

1. Employee Benefits Investment Group, Inc.'s transactions are limited to the purchase, sale and the redemption of mutual funds only. And:
2. Employee Benefits Investment Group, Inc. stated that The Company met the identified exemption provision throughout the most recent year without exception. Employee Benefits Investment Group, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Employee Benefits Investment Group, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph (k)1 of Rule 15c3-3 under the Securities Exchange Act of 1934.

This report is intended solely for the information and use of the Board of Directors, Management, the SEC, the FINRA and other regulatory agencies that rely on Rule 17a-5 under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Management Statement Regarding Compliance With

Certain Provisions of Rule 17a-5 under the Securities Exchange Act of 1934

I, as the management of **EMPLOYEE BENEFITS INVESTMENT GROUP, INC.** (the "Company") am responsible for complying with the requirements of **Rule 17a-5 under the Securities Exchange Act of 1934** (the "Act") and **SEC Rule 15c3-1** requirements. I am also responsible for establishing and maintaining effective internal controls and the related practices and procedures. I have performed an evaluation of the Company's compliance with **Rule 17a-5** and **Rule 15c3-1** as of November 24, 2014 and during the period from January 01, 2014 through November 25, 2014. Based on this evaluation, I assert that the Company was in compliance with the Act as described below:

Rule 17a-5 under the Act requires the Broker-Dealer to maintain of minimum amount of net capital and not to exceed the maximum aggregate indebtedness allowed under **Rule 15c3-1**. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, nor has custody or possession of funds and/or securities of any client; an exemption from **SEC Rule 15c3-3** is granted. The Company has established and does follow adequate practices and procedures to obtain two of the SEC objectives of internal control. I assert that the Company's system of Internal Controls provides management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition. It also provides assurance that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles used in the United States of America.

Additionally, I assert that there has been no:

- a. Fraud involving management or employees who have significant roles in internal control.
- b. Fraud involving others that could have a material effect on the financial statements.

There are no:

- c. Violations or possible violations of laws or regulations whose effect should be considered for disclosure in the financial statements or as basis for recording a loss contingency.
- d. Unasserted claims or legal assessments that must be disclosed in accordance with Statement of Financial Accounting Standards No. 5.
- e. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by Statement of Financial Accounting Standards No. 5

To the best of my knowledge and belief, no events have occurred subsequent to the balance sheet date through the date of this letter that would require adjustment to, or disclosure in, the financial statements.
