CELADON FINANCIAL GROUP, LLC
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2014

1. ORGANIZATION AND DESCRIPTION OF BUSINESS

Celadon Financial Group, LLC (the "Company") is primarily owned by three members, Cambria Holdings, Inc. ("Cambria") 20%, the Company's President who is also the sole stockholder of Cambria - 79%, and Lance Baraker who became a partner in late 2013 - 1%. Cambria was also the sole stockholder of Securities & Investment Planning Company ("SIPC"). The Company ("Celadon") was formed as a limited liability company in 2009 with no pre-determined operating life. The Company is registered as a broker/dealer under the Securities and Exchange Act of 1934, as amended, and a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is also registered with the National Futures Association (NFA) as of November 2012. The Company brokers securities transactions for customers, for the purchase and sale of marketable securities on their behalf, on a fully disclosed basis with multiple clearing firms.

In 2009, Cambria's sole stockholder transferred its ownership and interest in SIPC's assets, liabilities and equity to Cambria who, in turn, contributed these balances to the Company, in a tax free transaction. As both entities are under common control, there was no revaluation of the carrying values of recorded assets and liabilities that were ultimately contributed to the Company. From March 9, 2009 forward, brokerage and other services were provided to clients by Celadon Financial Group, LLC. SIPC was formally dissolved and liquidated in the year ending December 31, 2010.

The Company received approval from FINRA to continue membership as a broker dealer under the same Central Registration Depository as that utilized by SIPC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

For purposes of reporting cash flow, cash and cash equivalents include operating, savings, and money market accounts and any highly liquid debt instruments purchased with a maturity of three months or less.

Securities owned and securities sold not yet purchased

Securities owned and securities sold not yet purchased are valued using fair market values, as reported by stock exchanges and published quote prices. Management considers these short term investments as trading securities. As such, any changes in the market value of such investments are recognized in operations.

Concentration of credit risk - cash balances

The Company maintains cash and cash equivalent deposits at banks and other financial institutions. Cash deposits in the banks, at times, exceed federally insured limits. Cash equivalent deposits in other financial institutions are not federally insured. The Company has not experienced any losses in its cash and cash equivalents, and believes that there is no significant risk with respect to these deposits.

See independent auditors' report

CELADON FINANCIAL GROUP, LLC
NOTES TO THE FINANCIAL STATEMENT

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Due from clearing broker

Due from clearing broker represents commissions receivable that are uncollateralized trade obligations due under normal trade terms. Unpaid balances do not bear interest. Commissions receivable are stated at the amount settled with the Company's clearing broker. Payments of commissions receivable are remitted monthly by the clearing broker. The Company considers commissions receivable to be substantially all collectible. Accordingly, management believes that an allowance for doubtful accounts is not required at December 31, 2014.

Deposits with clearing broker

The Company is required to maintain cash balances with clearing agents, which are restricted as to use. As of December 31, 2014, the Company had in effect clearing agreements with three independent clearing firms (Pershing, LLC, ICBC, and Wedbush). The Company currently has a depository account with Pershing, LLC in the amount of \$100,000, \$150,000 with ICBC and \$50,000 with Wedbush as of December 31, 2014.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at December 31, 2014 and the reported amounts of revenues and expenses during the year then ended. Actual results could differ from those estimates.

Revenue recognition

Revenue is recognized by the Company when earned. Commission revenue consisting of securities transactions are recognized on a trade date basis.

Income taxes and uncertain tax positions

The Company is organized as a limited liability company under the laws of the State of Delaware structured to be treated as a partnership for income tax purposes. Items of income or loss are allocated to the members in accordance with their respective equity interests and are reported on their individual or corporate federal and state income tax returns.

See independent auditors' report

CELADON FINANCIAL GROUP, LLC

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Income taxes and uncertain tax positions *(continued)*

The Company has adopted the provisions of Financial Accounting Standards Board ("FASB ASC") No. 740, Income Taxes. As a result of the implementation of ASC No. 740, the Company has not recognized any respective liability for unrecognized tax benefits as it has no known tax positions that would subject the Company to any material income tax exposure. A reconciliation of the beginning and ending amount of unrecognized tax benefits is not included, nor is there any interest accrued related to unrecognized tax benefits in interest expense, and penalties in operating expenses as there are no unrecognized tax benefits. The tax years that remain subject to examination are the periods beginning on January 1, 2011 for all major tax jurisdictions.

As of December 31, 2014, the Company had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Computation of customer reserve

The Company operates pursuant to the (k)(2)(ii) exemptive provision of SEC Rule 15c3-3 and is therefore exempt from the computation for determination of reserve requirements. The company is exempt from the possession and control requirements under SEC rule 15c3-3 in that it carries no customer accounts and promptly transmits all funds and securities to its clearing broker/dealers.

3. LIABILITIES SUBORDINATED TO CLAIMS OF CREDITORS

None of the Company's liabilities have been subordinated to the claims of creditors at December 31, 2014.

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC No. 825, Financial Instruments establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, while level 3 inputs have the lowest priority. The Company uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Company measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

See independent auditors' report

CELADON FINANCIAL GROUP, LLC
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2014

4. FAIR VALUE OF FINANCIAL INSTRUMENTS *(continued)*

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The "Securities owned" and the "Securities sold not yet purchased" accounts are based upon quoted prices on active exchanges, such as the New York Stock Exchange, and therefore are classified as Level 1 securities.

The following presents the Company's December 31, 2014 assets and liabilities that are measured at fair value on a recurring basis and are categorized using the fair value hierarchy.

	Level 1
Securities owned	\$ 700,372
Securities sold not yet purchased	(9,837)
Investment at fair value	\$ 690,535

5. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1) and Regulation 1.17 of the Commodity Futures Trading Commission, which requires the maintenance of minimum net capital at an amount equal to the greater of \$100,000 or 6 2/3% of aggregate indebtedness, and requires that the ratio of aggregate indebtedness to net capital not exceed 15 to 1.

At December 31, 2014, the Company had excess net capital of \$682,868 and a net capital ratio of .52 to 1.

CELADON FINANCIAL GROUP, LLC
NOTES TO THE FINANCIAL STATEMENT

6. FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK AND CONCENTRATIONS OF CREDIT RISK

In the normal course of business, the Company's securities activities involve executions and settlement of various securities transactions. These activities may expose the Company to risk in the event customers, other brokers and dealers, banks, depositories or clearing organizations are unable to fulfill their contractual obligations.

Securities are subject to risk conditions of market performance, interest rates, economic conditions and world affairs. Due to the level of risk associated with certain securities and the level of uncertainty to changes in the value of securities, it is at least reasonably possible that changes in risks in the near term could materially affect securities balances and the amounts reported in the accompanying statement of financial condition. The securities balances as of December 31, 2014 include equity, option and bond securities. The haircut on securities owned, as presented on the accompanying supplemental schedule was \$80,214, which includes the haircut on option securities of \$33,406. The options generally expire through the first quarter of 2015. These transactions may result in off-balance sheet risk as the Company's ultimate liability to satisfy its obligations under these options may exceed the amount recognized in the December 31, 2014 statement of financial condition.

7. COMMITMENTS

The Company is obligated under a non-cancelable lease agreement for office space in New York City expiring in January 2016.

Future minimum rental commitments as of December 31, 2014 are as follows for:

<u>Years Ended December 31</u>	
2015	\$ 63,139
2016	<u>5,275</u>
Total	<u>\$ 68,414</u>

The Company entered into a one year lease agreement for office space in Chatham, New Jersey from April 1, 2014 through March 31, 2015.

The Company is also subject to claims and actions from customers and regulators that arise in the normal course of operations. Management believes the outcome of all such actions will not have a material adverse effect on its financial condition, results of operations and cash flows.

See independent auditors' report

CELADON FINANCIAL GROUP, LLC
NOTES TO THE FINANCIAL STATEMENT

8. DEFINED CONTRIBUTION PLAN

The Company has a 401(k) defined contribution plan which covers substantially all employees. The Company may contribute a matching contribution, which is solely at the discretion of the Company. Contributions to the plan totaled \$5,243 in 2014.

9. CONCENTRATIONS

During the year ended December 31, 2014, the Company earned approximately 14% of its revenue from three customers.

10. RELATED PARTY TRANSACTIONS

An affiliate (WestFuller Advisors) introduced accounts to the Company and was paid fees for doing so. As part of this arrangement, the Company executes transactions as well as performs ministerial account duties. The affiliate shared common ownership with the Company. Total fees paid to the affiliate for the year ended December 31, 2014 were \$28,917. There is no amount due to the affiliate at December 31, 2014. Also, Celadon paid Cambria Holdings (related company) a total of 15,000.00 for consulting services performed for Celadon Financial Group, LLC.

11. SUBSEQUENT EVENTS

Management of the Company has evaluated events and transactions that may have occurred since December 31, 2014 and determined that there are no material events that would require disclosures in the Company's financial statements.
