Report of Independent Registered Public Accounting Firm

The Board of Managers and Member
Curian Clearing LLC:

We have audited the accompanying statement of financial condition of Curian Clearing LLC (the Company) (a wholly owned subsidiary of Jackson National Life Insurance Company and an indirect wholly owned subsidiary of Prudential plc) as of December 31, 2014 (the financial statement). The financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Curian Clearing LLC as of December 31, 2014, in conformity with U.S. generally accepted accounting principles.

CURIAN CLEARING LLC
(A Wholly Owned Subsidiary of Jackson National Life Insurance Company)

Notes to Statement of Financial Condition

December 31, 2014

(1) Organization and Significant Accounting Policies

(a) Organization

Curian Clearing LLC (the Company) is a wholly owned subsidiary of Jackson National Life Insurance Company (Jackson). Jackson is an indirect, wholly owned subsidiary of Prudential plc. Jackson is the sole member of the Company and is entitled to elect and remove the managers of the Company and is also entitled to 100% of the net profits or losses of the Company. Jackson has no liability for any debt, obligation, or liability of the Company, except to the extent expressly assumed.

The Company is a registered broker-dealer with the Securities and Exchange Commission (SEC), a member of the Financial Industry Regulatory Authority (FINRA), and a member of the Securities Investor Protection Corporation (SIPC). The Company provides clearing operations to clear transactions for Curian Capital, LLC (Capital), an affiliated company.

(b) Basis of Presentation

The accompanying statement of financial condition has been prepared using the accrual method of accounting. Proprietary securities transactions and customers' securities transactions are reported on a settlement date basis.

(c) Use of Estimates

The preparation of the statement of financial condition in conformity with accounting principles generally accepted in the United States of America requires management of the Company to make estimates and assumptions relating to the reported amount of assets and liabilities, as well as the disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

(d) Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and in banks including money market, demand deposits, commercial paper, and certificates of deposit with original maturities of three months or less and money market mutual funds. The carrying values of the Company's cash equivalents approximate their fair values due to their short-term nature.

As of December 31, 2014, cash and cash equivalents consisted of the following:

Cash	\$109,264,313
Money market mutual funds	<u>40,600,865</u>
Total	<u>\$149,865,178</u>

Money market mutual funds are recorded at the reported net asset value.

The Company's cash and cash equivalents are financial instruments that are exposed to concentrations of credit risk. The Company invests its cash with high quality federally insured institutions. Cash balances with any one institution may be in excess of federally insured limits or may be invested in nonfederally insured money market accounts. The Company believes it is not exposed to any significant credit risk.

CURIAN CLEARING LLC
(A Wholly Owned Subsidiary of Jackson National Life Insurance Company)

Notes to Statement of Financial Condition

December 31, 2014

(e) Cash Segregated under Federal Regulations

Cash of \$89,361,797 has been segregated in special reserve bank accounts for the exclusive benefit of customers under SEC Rule 15c3-3. The amount in the reserve bank accounts on December 31, 2014, including the subsequent day's deposit of \$78,110,000, was \$2,004,825 in excess of the required deposit of \$165,466,972.

(f) Receivable From and Payable to Customers

Accounts receivable from and payable to customers include amounts due on cash transactions. Securities owned by customers are held as collateral for receivables.

(g) Receivables from Noncustomers

Receivables from noncustomers primarily include dividends due from mutual fund companies related to securities held by customers.

(h) Marketable Securities

The Company owns marketable equity securities, which are classified as trading securities for financial reporting purposes. The securities are valued at market value based upon exchange quoted prices and would be classified as Level 1 securities under *Accounting Standards Codification Topic 820*.

(i) Non-marketable Securities

The Company owns equity shares of DTCC Common Stock, which are considered not readily marketable. The securities are valued at the market value of the most recent purchase and are classified as Level 3 securities under *Accounting Standards Codification Topic 820*.

(j) Fails to Receive

Fails to receive represents the amount of money owed for the purchase price of securities that have been purchased but which were not received on the settlement date for the trades. This liability will be paid when the securities are received by the Company.

(k) Income Taxes

Federal and state income taxes on net taxable earnings of a limited liability company are payable by the member in accordance with the Internal Revenue Code. Accordingly, no provision has been made for U.S. federal or state income taxes in the accompanying financial statements.

The Company evaluates tax positions taken or expected to be taken in the course of preparing the Company's statement of financial position to determine whether the tax positions are "more likely than not" of being sustained by the applicable tax authority. Tax positions with respect to tax at the Company level not deemed to meet the "more-likely than-not" threshold would be recorded as a tax benefit or expense in the current year. The Company has concluded that there was no impact related to uncertain tax positions for the year ended December 31, 2014. The Company's conclusions regarding tax positions will be subject to review and may be adjusted at a later date based on factors including, but not limited to, ongoing analyses of tax laws, regulations, and interpretations thereof. The United States is the major tax jurisdiction for the Company and the earliest tax year subject to examination is 2009.

CURIAN CLEARING LLC
(A Wholly Owned Subsidiary of Jackson National Life Insurance Company)

Notes to Statement of Financial Condition

December 31, 2014

(2) Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1 (Rule 15c3-1) and is required to maintain minimum “net capital” equivalent to \$250,000, or 2% of “aggregate debit items,” whichever is greater, as these terms are defined. At December 31, 2014, the Company had net capital of \$69,912,242, which was \$69,662,242 in excess of its requirement.

(3) Fair Value

ASC 820, *Fair Value Measurement* defines fair value, establishes a framework for measuring fair value, and established a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- *Level 1* – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.
- *Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly.
- *Level 3* – Unobservable inputs for the asset of liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table presents the Company’s fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2014.

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Money market mutual funds	\$40,600,865	\$ -	\$ -	\$40,600,865
Marketable securities	202,737	-	-	202,737
Non-marketable securities	-	-	34,599	34,599
Total	<u>\$40,803,602</u>	<u>\$ -</u>	<u>\$34,599</u>	<u>\$40,838,201</u>

CURIAN CLEARING LLC
(A Wholly Owned Subsidiary of Jackson National Life Insurance Company)

Notes to Statement of Financial Condition

December 31, 2014

There were no transfers between level 1 and level 2 during the year.

The following is a reconciliation of the beginning and ending balances for assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (level 3) during the year ended December 31, 2014.

	<i>Beginning Balance</i>	<i>Unrealized Gains and (Losses) Related to Assets Held at Year-End</i>	<i>Realized Gains and (Losses) Related to Assets No Longer Held</i>	<i>Purchases, Issuances, and Settlements</i>	<i>Transfers In (Out)</i>	<i>Ending Balance</i>
Non-marketable Securities	\$34,418	\$ -	\$ -	\$181	\$ -	\$34,599

(4) Related-Party Transactions

The Company participates in a cost allocation plan with other wholly owned subsidiaries of Jackson as well as a cost allocation plan with Capital. Under the allocation plans, certain operating expenses, including but not limited to employee and occupancy costs are allocated between the subsidiaries of Jackson, and between the Company and Capital, based on applicable criteria as defined in the plans. Because of these agreements, it is possible that the terms of these transactions are not the same as those that would result from transactions among wholly unrelated parties. The amounts due to or from affiliated entities as a result of providing clearing and custody fees and cost allocations from affiliated entities are reflected in the Receivable from affiliates and Payable to affiliates balances on the Statement of Financial Condition.

The Company has entered into a \$100,000,000 Unsecured Revolving Pay-In-Kind note (the Note) with Jackson through April 30, 2015 that allows the Company to borrow amounts as needed in minimum increments of \$100,000. The Note carries a commitment fee of 0.10% per annum and interest on any outstanding borrowings at LIBOR plus 2.00% per annum. At December 31, 2014, the Company did not have any outstanding borrowings under the Note.

(5) Legal Matters

The Company is involved in various lawsuits or threatened legal proceedings arising in the normal course of business. In the opinion of management, the ultimate resolution of these matters will not have a material effect on the financial condition of the Company.

(6) Subsequent Events Evaluation

Management has evaluated the need for disclosures and/or adjustments resulting from subsequent events through February 25, 2015, the date the statement of financial condition was available to be issued. This evaluation determined that there are no subsequent events that necessitated disclosure and/or adjustments.
