REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
CSSC Brokerage Services, Inc.
Troy, Michigan

We have audited the accompanying statement of financial condition of CSSC Brokerage Services, Inc. (a wholly owned Subsidiary of Consulting Services Support Corporation) as of December 31, 2014 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements. CSSC Brokerage Services, Inc.'s management is responsible for this financial statement. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial condition of CSSC Brokerage Services, Inc. as of December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

A handwritten signature in black ink, appearing to read "MRPR Group, P.C.", is written over the printed name.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Business Activities and Summary of Significant Accounting Policies

Business activities - CSSC Brokerage Services, Inc. (the “Company”) was incorporated on February 28, 2001, under the laws of the State of Michigan and is a wholly owned subsidiary of Consulting Services Support Corporation (the “Parent”). The Company is a securities broker-dealer that introduces transactions and accounts on a fully-disclosed basis and does not carry customer accounts or hold customer securities. The Company is registered with the U.S. Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA). The Company commenced operating activities in 2007.

The Company provides brokerage services through affiliated firms under long-term agreements. The affiliated firms are located throughout the United States with a significant presence in the eastern half of the country. The Company has a diverse client base of individuals, companies, non-profit entities, and institutional investors (including Taft/Hartley plans).

Use of estimates in the preparation of financial statements - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant estimates relate to valuing the accrued receivable due from Pershing, LLC, which is based on the value of assets under management at the close of the financial markets on the last business day of the year. Actual results could differ from those estimates.

Cash and cash equivalents - The Company considers deposits in checking and savings accounts to be cash and cash equivalents. All net proceeds from brokerage activity that are held at Pershing, LLC, the clearing organization which holds the Company’s customer accounts, are also invested in cash or cash equivalents by Pershing, LLC on the Company’s behalf. Cash and cash equivalents include accounts which may, at times, exceed the Federal Deposit Insurance Corporation (FDIC) insurance limits. At December 31, 2014 there were no accounts with balances that exceeded the FDIC limits.

Fair value of financial instruments approximates carrying amount – The Company’s financial instruments are cash and cash equivalents, accounts receivable, and accounts payable. The recorded values of cash and cash equivalents, accounts receivable, and accounts payable approximate their fair values based on their short-term nature.

Commissions and fees – The Company derives its revenue from concessions on the execution of purchases of load mutual funds, commissions from trading of other non-mutual fund investments, mutual fund trailing commissions (also known as 12B-1 fees), and various service fees and transaction charges (e.g. ticket charges).

Revenue recognition for securities transactions - Commissions, concessions, revenues, and expenses are recorded on a trade-date basis as securities transactions occur.

NOTE 1 - Business Activities and Summary of Significant Accounting Policies - (Continued)

Federal Income Taxes - The Company is included in the consolidated federal income tax return filed by its Parent. Federal income taxes are calculated as if the Company filed on a separate return basis and the tax provision or credit is included in the intercompany account with the Parent. In accordance with FASB ASC topic "Income Taxes", deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future. These differences are based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount that is expected to be realized. Income tax expense is the tax payable or refundable for the period, plus or minus the change during the period in deferred tax assets and liabilities.

State Income Taxes - The Company files its own state and local tax returns with the exception of the Michigan Corporate Income Tax for which the Company is also included in a consolidated return filed by the Parent. State income taxes are provided for and the tax effects of transactions are reported in the financial statements and consist of taxes currently due plus deferred taxes resulting from temporary differences. Such temporary differences result from differences in the carrying value of assets and liabilities for tax and financial reporting purposes. The Company has not recorded any deferred state income taxes on its balance sheet as these amounts have been determined to be inconsequential.

Credit risk - In the normal course of business, the Company's activities involve the execution, settlement and financing of various securities transactions. These activities may expose the Company to credit risk in the event the other party to the transaction is unable to fulfill its contractual obligation. Historically, these transactions have had an immaterial impact on the Company's financial condition.

Computation of customer reserve - The Company is exempt from customer reserve requirements and providing information relating to possession or control of securities pursuant to Rule 15c3-3 of the Securities and Exchange Act of 1934. The Company meets the exempting provisions of paragraph (k)(2)(ii) of the Rule.

Events occurring after reporting date - The Company has evaluated events and transactions that occurred between December 31, 2014 and February 25, 2015 which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Recently issued accounting pronouncements - The Company has adopted all recently issued accounting pronouncements. The adoption of the accounting pronouncements and anticipated adoption of those not yet effective is not expected to have a material effect on the financial position or results of operations of the Company.

NOTE 2 - Accounts Receivable

The Company generally settles securities transactions within three business days in accordance with industry practice. This practice causes some transactions to execute in one period and settle in the following period. In order to properly record revenue on a trade date basis, the Company records a receivable in the current period for those trades that settle in the following period. At December 31, 2014, the entire amount of the Company's trade receivable was due from the clearing organization.

Based upon the long-term agreement with affiliated firms, the Company is entitled to reimbursement for fees and expenses incurred by the Company on behalf of licensed registered representatives. The Company records a receivable from licensed registered representatives in the period in which the Company initially pays the fees and expenses on their behalf, and continues to carry the receivable until it is paid by the licensed registered representatives or offset by revenue generated by the licensed registered representatives.

NOTE 3 - Related Party Transactions

The Company has entered into a Facilities and Equipment Lease Agreement and an Employee Lease Agreement with the Parent. In accordance with the terms of these agreements and related amendments, the Parent leases to the Company office space, furniture and fixtures, business equipment and provides supplies and communication services that are necessary for the Company's efficient operation and compliance with regulatory requirements established by the SEC and FINRA. The Parent also leases to the Company properly trained and licensed technical and support personnel who take direction from the appropriately licensed principals of the Company. All personnel leased by the Parent to the Company must adhere to licensing and administrative rules established by the SEC and FINRA. The annual cost of these leases was payable in twelve monthly payments. During the year ended December 31, 2014, the Company expensed \$337,188 under the facilities and equipment lease, and \$587,802 under the employee lease agreement. Both amounts were included in general and administrative expenses in the statement of operations.

The Company provides securities clearance and settlement services on behalf of customers of CSSC Investment Advisory Services, Inc. (IA). Certain investment advisory fees are collected from customer accounts through the clearing organization (Pershing, LLC), deposited in the Company's corporate level accounts at the clearing organization, and then remitted to IA throughout the year. During 2014, net investment advisory fees of \$2,567,559 were remitted by the Company to IA. This amount was not treated as revenue in the Company's financial statements. The Company recorded \$445,594 as fee revenue received from IA as payment for brokerage services and processing of the advisory fees.

At December 31, 2014, the amount due to related companies consisted of \$8,000 payable to the Parent for the purchase of a deferred tax asset per the terms of the income tax sharing agreement in effect during 2014 and \$73 due to affiliated firms.

From time to time, the Company pays dividends to the Parent. Dividend payments occur in accordance with rules established by the SEC and FINRA. Dividends in the amount of \$85,000 were paid in 2014.

NOTE 4 - Income Taxes

The current and deferred portions of the provision for taxes included in the statement of operations for the year ended December 31, 2014, as determined in accordance with the Income Taxes topic of the FASB ASC, are as follows:

	<u>Current</u>	<u>Deferred</u>	<u>Total</u>
Federal	\$ 54,000	\$ 0	\$ 54,000
State	15		15
Total	<u>\$ 54,015</u>	<u>\$ 0</u>	<u>\$ 54,015</u>

The tax effects of temporary differences that give rise to the deferred tax asset relate to capitalized start up expenses.

The Company has concluded that there are no uncertain Federal or state tax positions requiring recognition in the financial statements in accordance with the Income Taxes topic of the FASB ASC.

The Company's policy is to recognize interest and penalties related to income tax issues as components of income tax expense. The Company did not recognize or incur any accrual for interest and penalties relating to income taxes as of December 31, 2014.
