REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

**To the Board of Directors and Shareholder
First Dominion Capital Corp.
Richmond, Virginia**

We have audited the accompanying financial statements of First Dominion Capital Corp. (a Virginia corporation), which comprise the statement of financial condition as of December 31, 2014, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. First Dominion Capital Corp.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of First Dominion Capital Corp. as of December 31, 2014, and the results of its operations, its changes in stockholder's equity, and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information on pages 3, 4, 6, and 7 has been subjected to audit procedures performed in conjunction with the audit of First Dominion Capital Corp.'s financial statements. The supplemental information is the responsibility of First Dominion Capital Corp.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

First Dominion Capital Corp. (the “*Company*”) is a broker-dealer registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority.

NATURE OF OPERATIONS

The Company serves as the principal underwriter for the mutual funds of The World Funds, Inc. The Company also markets other mutual funds for which it is paid a commission and may also receive contingent deferred sales charges on certain redemptions and derives principally all of its revenues from these sources. It does not execute investment transactions recommended by any investment manager for The World Funds, Inc.

USES OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH EQUIVALENTS

Cash equivalents include all highly liquid short-term instruments purchased with a maturity of three months or less.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts of cash, commissions receivable, and accrued expenses approximate fair value because of the short maturity of these items.

REVENUE RECOGNITION

The Company receives income from distribution fees on the trading of mutual fund shares. Income is recorded on a settlement date basis; however, all transactions are reviewed and adjusted on a trade date basis if significant.

INCOME TAXES

The liability method is used to calculate deferred income taxes. Under this method, deferred tax assets and liabilities are recognized on temporary differences between the financials statement and tax bases of assets and liabilities using applicable enacted rates. The principal types of differences between assets and liabilities for financial statements and tax return purposes relate to the recording of income and expenses for tax purposes when cash is received and paid. The deferred tax liability is reduced by any net operating losses being carried forward for tax purposes.

FIRST DOMINION CAPITAL CORP.

NOTES TO FINANCIAL STATEMENTS – (Continued)

Year ended December 31, 2014

Management has analyzed the Company's tax positions and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on federal, state and local income tax returns for open years (2011-2013) or expected to be taken on the Company's 2014 tax return.

SUBSEQUENT EVENTS

Subsequent events after the balance sheet date through the date that the financial statements were issued have been evaluated in the preparation of the financial statements.

(2) RELATED PARTIES

One of the Company's directors serves on the Board of Directors of The World Funds, Inc. from which the Company receives a majority of its revenue.

(3) REGULATORY REQUIREMENTS

The Company is exempt from the provisions of Rule 15c-3-3 of the Securities Exchange Act of 1934, (reserve requirement for brokers and dealers) in that it does not hold funds or securities for customers and it promptly transmits all funds and delivers all securities in connection with its activities as a broker or dealer.

Pursuant to the net capital provisions of Rule 15c-3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined, equal to the greater of \$25,000 or 6-2/3% of aggregate indebtedness. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2014, the Company had net capital of \$100,153, which exceeded its net capital requirement of \$25,000 by \$75,153. The percentage of aggregate indebtedness to net capital was 0%.

(4) SUBORDINATED LIABILITIES

There were no liabilities subordinated to claims of general creditors at any time during the year ended December 31, 2014.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

**To the Board of Directors and Shareholder
First Dominion Capital Corp.
Richmond, Virginia**

We have reviewed management's statements, included in the accompanying First Dominion Capital Corp.'s Exemption Report, in which (1) First Dominion Capital Corp. identified the following provisions of 17 C.F.R. §15c3-3(k) under which First Dominion Capital Corp. claimed an exemption from 17 C.F.R. §240.15c3-3(k)(1) (the "exemption provisions") and (2) First Dominion Capital Corp. stated that First Dominion Capital Corp. met the identified exemption provisions throughout the most recent fiscal year without exception. First Dominion Capital Corp.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about First Dominion Capital Corp.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1), of Rule 15c3-3 under the Securities Exchange Act of 1934.
