**NOTES TO FINANCIAL STATEMENTS**

December 31, 2014

**NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS**

Organization

Chelsea Morgan Securities, Inc. D/B/A Chelsea Financial Services (the "Company"), a New York S Corporation formed in 1999, is registered as a broker-dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority.

Nature of Business

The Company earns commission income by introducing and forwarding as a broker, transactions and accounts of customers to another broker-dealer who carries such accounts on a fully disclosed basis, and by participating in private placements.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Cash and Cash Equivalents

All short-term investments with an original maturity of three months or less are considered to be cash equivalents.

Depreciation

The cost of furniture and equipment is depreciated over the estimated useful lives of the related assets of 5 to 7 years on a straight line basis. The cost of leasehold improvements is depreciated over the estimated useful lives of the related assets or the term of the related lease, whichever is shorter.

Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Customer securities transactions are reported on a settlement date basis with related commission fee income and expenses also reported on a settlement date basis. There is no material difference from reporting on a trade date basis.

Recent Accounting Pronouncements

The Company does not expect any recent accounting pronouncements to have any material impact on its financial condition or results of operations.

**NOTES TO FINANCIAL STATEMENTS**

December 31, 2014

**NOTE 3 – INCOME TAXES**

The Company has elected “S Corporation” status with the Internal Revenue Service and state taxing authorities. The stockholder includes the “S Corporation” income or loss in his individual tax return, and accordingly, no federal or state income taxes or benefits are provided for in the financial statements during the period of “S Corporation” status.

**NOTE 4 – NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2014, the Company had net capital of \$28,016, which was \$16,397 in excess of its required net capital of \$11,619. The Company’s ratio of aggregate indebtedness to net capital was 6.22 to 1.

**NOTE 5 – OFF BALANCE SHEET RISK**

Pursuant to a Clearing Agreement, the Company introduces all of its securities transactions to its sole clearing broker on a fully disclosed basis. Therefore, all of the customers’ money balances and long and short security positions are carried on the books of the clearing broker. Under certain conditions as defined in the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the securities transactions introduced by the Company.

**NOTE 6 – COMMITMENTS AND CONTINGENCIES**

In November, 2014, the Company entered into a one year lease agreement for office space with a related party. Rental payments are \$5,000 per month. The Company also leases an auto and office equipment. Remaining commitments under the leases are as follows:

Year ending December 31, 2015	\$58,986
-------------------------------	----------

The Company is named in two (2) ongoing FINRA arbitration cases. While the Company believes it will prevail in these matters and has insurance coverage, a decision against the Company would have a material adverse effect on financial position and results of operations.

**NOTE 7 – SUBSEQUENT EVENTS**

In January of 2015 the Company was notified that a Statement of Claim had been filed against them. The Arbitration was seeking \$90,000 in damages. Dialogue between the Company’s legal counsel and the claimant resulted in a negotiated disposition whereby the Company agreed to pay the Complainant the sum of \$11,500 on or before March 11, 2015, in full satisfaction of the matter, without any admission of liability.
