NOTES TO FINANCIAL STATEMENT**December 31, 2014****Note 1 – General**

ABG Sundal Collier, Inc. (the “Company”) is a wholly owned subsidiary of ABG Sundal Collier Holdings, Inc. (“Holdings”). Holdings is wholly owned by ABG Sundal Collier Norge, ASA (“ASA”), a Norwegian broker-dealer of securities. The Company is a registered general securities broker-dealer and is subject to regulation by the Securities and Exchange Commission (“SEC”) and the Financial Industry Regulatory Authority (“FINRA”).

The Company generates commissions by introducing institutional customer commission business to a clearing broker-dealer on a fully-disclosed basis. Accordingly, the Company does not carry customer accounts and does not receive, deliver, or hold cash or securities in connection with such transactions. The Company has executed a Proprietary Accounts of Introducing Brokers (“PAIB”) Agreement with its clearing broker, who takes custody of the funds or securities of the Company’s customers. In the event that customers of the Company fail to perform on their obligations, such obligations are the responsibility of the Company.

Note 2 – Summary of Significant Accounting Policies***Revenue Recognition***

Commissions earned on securities transactions and related expenses are recorded on a trade date basis.

Receivables From and Deposit with Clearing Broker

The resulting net receivable from trade date transactions not settled as of December 31, 2014, and a deposit of \$250,000 at the clearing broker are reflected as receivable from and deposit with clearing broker in the statement of financial condition.

Cash and Cash Equivalents

Cash and cash equivalents include cash and time deposit accounts at banks with a maturity of 90 days or less.

Furniture, Equipment and Leasehold Improvements

Furniture, equipment, and leasehold improvements are stated at cost less accumulated depreciation and amortization. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally three years for computer and telecommunication equipment and five years for furniture and fixtures. Leasehold improvements are amortized over the shorter of the lease terms or their useful lives.

Income Taxes

The Company is a member of a Federal affiliated group of which the Company and Holdings have elected to join in the filing of the group’s consolidated income tax return. For financial reporting purposes, the Company’s income taxes are reported on a separate company basis.

The Company utilizes the asset and liability method to calculate deferred tax assets and liabilities. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing tax laws and rates expected to be in effect at the time of reversal. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax assets or liabilities between years. Valuation allowances are recognized if, based on the weight of available evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The Company has adopted the authoritative guidance under ASC No. 740 "Income Taxes" relating to accounting for uncertainty in income taxes. This standard prescribes a more-likely-than-not threshold for financial statement recognition and measurement of a tax position taken by the Company. As of December 31, 2014, the Company determined that it had no uncertain tax positions which affected its financial position and its results of operations or its cash flows, and will continue to evaluate for uncertain tax positions in the future.

The Company is no longer subject to U.S. Federal, state and local, or non-U.S. income tax examinations by tax authorities for years ended before 2011.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates.
