REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of Height Securities, LLC

We have audited the accompanying statement of financial condition of Height Securities, LLC (a Delaware limited liability company) as of December 31, 2014, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements. Height Securities, LLC's management is responsible for this financial statement. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial condition of Height Securities, LLC as of December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Height Securities, LLC (the Company), a wholly owned subsidiary of Height Capital, LLC (the Parent), was organized in the state of Delaware in May of 2009. The Company is a registered broker-dealer with the Securities and Exchange Commission (the "SEC") and has been a member of the Financial Industry Regulatory Authority ("FINRA") since April of 2010. The Company does not have custody of client accounts or hold securities. Securities are held by third parties, and transactions are cleared through a clearing organization, Pershing, LLC ("Pershing"), or Goldman Sachs Execution & Clearing, LP ("Goldman"), and its direct placement partners.

Investments

The Company entered into a convertible note purchase agreement as of March 21, 2014 in the amount of \$25,000 with Mattermark, Inc. a private company. Interest shall begin to accrue on the unpaid principal balance of each Note commencing on such Note's date of original issuance and continuing until repayment of such Note in full at the simple rate of 4% per annum calculated on the basis of a 365 day year and actual days elapsed. Accrued interest under each Note shall be due and payable on in arrears on the Maturity Date. If Mattermark, Inc. consummates a qualified financing prior to the maturity date of one or more notes, the Company's note shall automatically be converted into that number of shares of the class or series of Mattermark, Inc.'s capital stock sold in such qualified financing. The number of shares is determined by dividing such outstanding balance of the Company's note by 90.0% of the price per share of such class or series of stock paid by the investors in such qualified financing.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

HEIGHT SECURITIES, LLC

NOTE H - CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist of the receivable from the clearing organization and cash and cash equivalents. As part of its ongoing procedures, the Company monitors the credit worthiness of its clearing broker.

The Company maintains cash in bank deposit accounts that, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. Management believes the Company is not exposed to any significant risk related to cash.

NOTE I - FAIR VALUE MEASUREMENTS

Unless otherwise noted, the Company estimates that the fair value of all financial and non-financial instruments at December 31, 2014 does not differ materially from the aggregate carrying values recorded in the accompanying statements of financial condition. The estimated fair value amounts have been determined by the Company using available market information and appropriate valuation methodologies. Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value, and, accordingly, the estimates are not necessarily indicative of the amounts that the Company could realize in a current market exchange.
