In the event of any future tax assessments, the Company has elected to record the income taxes and any related interest and penalties as income tax expense on the Company's statement of operations.

Management's Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - Related Party

The Company has an agreement with HA&W Capital Partners, LLC (parent), the sole member, to pay a percentage of shared expenses. Shared overhead costs are allocated based on the Company's revenue as a percentage of the parent's total revenue. Shared expenses incurred by the Company were \$18,480 for the year ended December 31, 2014. Direct broker-dealer expenses are paid by the Company.

The parent will support the company in the next year to ensure it continues operation.
