PLEXUS FINANCIAL SOLUTIONS, LLC
NOTES TO FINANCIAL STATEMENTS
December 31, 2014

Note 1 - Organization and Nature of Business

Plexus Financial Solutions, LLC (PFS, the Company) (formerly Plexus Financial Services, LLC) is a licensed introducing broker-dealer registered with the Securities and Exchange Commission (SEC) and The Financial Industry Regulatory Authority (FINRA). PFS is wholly-owned by The Plexus Groupe, LLC (TPG), an independent national insurance brokerage firm, and obtained its license on December 3, 2010. PFS receives commissions for servicing retirement and group annuity plans primarily of new and existing TPG customers.

In August 2013 the Company entered into an advisory services agreement with Commonwealth Financial Network (CFN) one of the nation's largest privately-held independent full service broker dealers. The agreement was entered into by the Company to provide another potential level of available products and services for its existing clients.

In May 2014 the agreement was terminated. During 2014 CFN charged the Company \$10,283 in fees.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

PFS uses the accrual method of accounting for financial reporting purposes.

Revenue Recognition

Commissions are recorded as earned at the end of each month based upon reports received from third-party administrators who calculate such commissions based upon a written agreement between PFS and the administrator.

There are some accounts in which a predetermined fixed fee is earned in lieu of commissions. Additionally, PFS may bill for various consulting and due diligence activities. Revenue for these transactions is recorded on a monthly basis as services are performed.

PFS also receives annual contingent commissions which are recorded upon receipt.

Commissions Receivable

Commissions receivable are carried at original invoice amount. No allowance for uncollectible accounts has been provided. In the opinion of management, based upon historical experience any needed allowance for potential uncollectible accounts would be immaterial to the financial statements.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, the Company considers cash on deposit in demand accounts and money market funds as cash and cash equivalents.

PLEXUS FINANCIAL SOLUTIONS, LLC
NOTES TO FINANCIAL STATEMENTS
December 31, 2014

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Risk

Cash on deposit with financial institutions totaled approximately \$269,100 as of December 31, 2014. Cash deposits could potentially be subject to credit risk as the deposits are only insured by the Federal Deposit Insurance Corporation (FDIC) up to specified limits.

Approximately 11% of the commissions earned during the year ended December 31, 2014 was from one customer. Approximately 16% of the outstanding commissions receivable at December 31, 2014 was from one customer.

Income taxes

The Company is a pass-through entity for income tax purposes whereby any income tax liabilities or benefits are attributable to TPG and their owners. Therefore, no provision for income taxes has been reflected in the accompanying financial statements. It is the opinion of management that the Company has no significant uncertain tax positions that would be subject to change upon examination. The federal income tax returns of the Company are subject to examination by the IRS, generally for three years after they were filed.

Note 3 – Fair Value of Financial Instruments

Generally accepted accounting principles require disclosure of certain fair value information about financial instruments. The following methods and assumptions were used to estimate the fair value of each significant class of financial instruments.

Cash and cash equivalents: Cash and cash equivalents are carried at cost, which approximates fair value.

Note 4 – Net Capital

As an introducing broker dealer, PFS is subject to the Securities and Exchange Commission's (SEC) regulations and operational policies which require PFS to maintain a minimum amount of net capital of \$5,000 and a ratio of aggregate indebtedness (AI) to net capital not exceeding 15 to 1. The Company's allowed net capital as of December 31, 2014 was \$249,330. The ratio of AI to net capital as of December 31, 2014 was .079 to 1.0.

PLEXUS FINANCIAL SOLUTIONS, LLC
NOTES TO FINANCIAL STATEMENTS
December 31, 2014

Note 5 – Related Party Transactions

PFS shares office space and various office-related expenses including payroll with TPG and another party related by common ownership CEM Insurance Company (CEMIC) under an expense agreement approved by FINRA. Additionally, TPG may collect a commission fee on behalf of PFS. At the end of each month the two parties settle the balances due on a net basis. During 2014 expenses charged by TPG and CEMIC to PFS were \$192,217.

Note 6 – Gain on Settlement

During September 2014, the former President of PFS resigned to take a similar position with a competitor. Previously, as part of the employment agreement between the two parties a non-compete agreement was signed. PFS filed suit against the former President for allegedly violating such agreement. The parties settled out of court with PFS receiving a one-time payment totaling \$120,000. The payment was received in December 2014 and recorded as other income on the 2014 Statement of Income.

Note 7 - Subsequent Events

No significant events occurred subsequent to PFS's year end. Subsequent events have been evaluated through February 20, 2015, which is the date these financial statements were issued..
