REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of Financial Goal Securities, Inc.

We have audited the accompanying financial statements of Financial Goal Securities, Inc. (the "Company") (a California corporation), which comprise the statement of financial condition as of December 31, 2014, and the related statements of income, changes in member's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The computation of Net Capital Pursuant to Rule 15c3-1 has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2014

(2) PROVISION FOR INCOME TAXES, Continued

Deferred taxes are accounted for according to current standards which use an asset and liability approach in recognizing timing differences. This approach requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of such timing differences. Timing differences include the use of the cash basis for tax purposes and accrual basis for accounting purposes and the recognition of net operating loss carry-forwards. There were no material deferred tax items as of December 31, 2014. The Company's Federal and California tax returns are subject to examination for three and four years, respectively, subsequent to their being filed.

(3) RELATED PARTY TRANSACTIONS

The Company has entered into an expense-sharing agreement with a related corporation, whereby the Company secures necessary office space, support staff, equipment, telephone and utilities from the affiliated corporation for a monthly payment of \$2,415. This agreement is for one year beginning August 1, 2014, and may be renewed annually.

The Company also pays commissions to two independent contractors, for services performed, who are the parents of one of the two shareholders of the Corporation. Amounts included in expenses in the current year applicable to such related parties amounted to \$67,495.

(4) SUBSEQUENT EVENTS

Management has evaluated subsequent events and transactions occurring after year-end through the date that the financial statements were available for issuance which was February 25, 2015. No transactions or events were found that were material enough to require recognition in the financial statements.

(5) NET CAPITAL

The Company is subject to a \$5,000 minimum capital requirement pursuant to SEC Rule 15c3-1, which requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis; however, as of December 31, 2014, the net capital was \$10,147 which exceeded the required minimum capital by \$5,147. The aggregate indebtedness to net capital ratio was 4.77 to 1.

CERTIFIED PUBLIC ACCOUNTANTS

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1) FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c-3-3

The Board of Directors and Stockholders
Financial Goal Securities, Inc.

In planning and performing our audit of the financial statements of Financial Goal Securities, Inc. (the "Company") as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computation of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences by Rule 17a-13,
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 7a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is reasonable possibility that material misstatement of the Company's financial statements will not be prevented or detected and corrected on timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2014 to meet the SEC's objectives.

This report is intended solely for the information and use of the Members, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

ANTON & CHIA, LLP

We were not engaged to, and did not conduct an examination, the objective of which would be an expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
