Nature of Operations

J.M. Lummis Securities, Inc. (the "Company"), was incorporated on June 19, 1997 and is a wholly-owned subsidiary of J.M. Lummis and Company, Inc. (the "Parent"). The Company is a broker dealer registered with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA").

The Company's operations consist primarily of brokering corporate bonds, money market instruments and U.S. Treasury obligations.

Revenue Recognition

The Company records commissions when earned which is generally on the date the trade closes.

Cash and Cash Equivalents

The Company has defined cash equivalents as highly liquid investments, with original maturities of three months or less.

Due from Clearing Organization

Due from clearing organization primarily represents cash held on deposit at a clearing organization to facilitate settlement and clearance of matched principal transactions and spreads on matched principal transactions that have not yet been remitted from/to the clearing organization. Included in due from clearing organization is a \$100,000 required deposit.

Accounts Receivable

Accounts receivable includes commissions which represent amounts due from other broker dealers for the execution of brokering transactions.

Accounts receivable are carried at the original amount less an estimate made for the allowance for doubtful accounts based on a review of outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by regularly evaluating individual customer receivables and considering the customer's financial condition, credit history, and current economic conditions. Accounts receivable are written off when deemed uncollectible. Recoveries of accounts receivable previously written off are recorded as a reduction to bad debt expense when received. At December 31, 2015 there was no allowance for doubtful accounts.

Federal and State Income Taxes

The Company files a consolidated Federal income tax return with its Parent and combined State and local tax returns. The Parent has elected under the Internal Revenue Code to be taxed as an S

Corporation. All Federal and Connecticut State taxes owed by the Company will be the responsibility of the Parent or its shareholder. Based upon various apportionment rules and State and city income tax laws, the Company may be responsible for income taxes in States and cities in which the Company does business.

Management has evaluated the Company's tax positions and concluded that the Company has taken no uncertain tax positions that require adjustment to or disclosure in the financial statements. The Company's 2012 through 2015 tax years are open for examination by Federal, State and local tax authorities.

Concentration of Credit Risk

The Company maintains its cash balances in accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes there is little or no exposure to any significant credit risk.

Use of Estimates

The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Related Party Transactions

The Company has entered into an Expense Sharing Agreement (the "Agreement") with the Parent because the Company and the Parent use all of the same vendors and the Parent processes all of the Company's vendor payments. These shared expenses include telephone, Bloomberg, information technology, insurance, office equipment and office expense. In addition, the Company shares office space with the Parent. The Company paid the Parent \$7,000 per month for these expenses through the first 3 quarters of 2015. The Expense Agreement was changed in the 4th quarter to \$2,500 per month to reflect the current environment. The Company paid \$10,000 per month for salaries. The Company was charged \$190,500 during 2015 under this Agreement. The Parent owed the Company \$568 at December 31, 2015.

The Company did not declare or pay a dividend to the Parent during the year ending December 31, 2015.

The Company is exempt from the provisions of Part 240 Rule 15c3-3 of the Securities Exchange Act of 1934 (SEC Rule 15c-3-3) under paragraph (k)(2)(ii) in that the Company, as an introducing broker or dealer, clears all transactions with and for customers on a fully disclosed basis with a clearing broker or dealer, and who promptly transmits all customer funds and securities to the clearing broker or dealer which carries all of the accounts of such customers and maintains and preserves such books and records pertaining thereto pursuant to the requirements, as are customarily made and kept by a clearing broker or dealer.

5. Off Balance Sheet Risk

Pursuant to a clearance agreement, the Company introduces all of its securities transactions to a clearing organization on a fully-disclosed basis. Therefore, all of the customers' account balances and long and short security positions are carried on the books of the clearing organization. Report of Independent Registered Public Accounting

To the Shareholder
of J.M. Lummis Securities, Inc.

We have reviewed management's statements, included in the accompanying Report on Rule 15c3-3 Exemption, in which (1) J.M. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
