To the Board of Director and Managing Members
of ESAE CAPITAL PARTNERS, LLC

We have audited the financial statements of ESAE CAPITAL PARTNERS, LLC ("Company") which comprise the statement of financial condition as of December 31, 2015, and the related statements of operations, changes in member's equity, and cash flows for the year then ended December 31, 2015 that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ESAE CAPITAL PARTNERS, LLC as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The information contained in the supplemental schedule listed in the accompanying index has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Continued)

The supplemental information has been subjected to audit procedures performed in conjunction with the audit of ESAE CAPITAL PARTNERS, LLC's financial statements. The supplemental information is the responsibility of ESAE CAPITAL PARTNERS, LLC's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the Supplementary Information is fairly stated in all material respects in relation to the financial statements as a whole

Organization

Organization and Business

Esae Capital Partners, LLC, (the "Company"), a Delaware Limited Liability Company, was formed on October 21, 2008 in the State of Delaware and was granted its registration as a broker-dealer in securities under the Securities Exchange Act of 1934 in October 2009, and with the Financial Industry Regulatory Authority (FINRA).

On August 2, 2011, the Company closed a transaction to sell 100% of its membership interests to TONGYANG Securities, Inc. and its affiliates ("TYS") a Corporation organized under the laws of the Republic of Korea and the Company's legal name was changed to TONGYANG Esae Capital Markets, LLC ("TYECM"). TYECM was managed by TYS and TYS owned 100% of the membership interest in the Company and was the sole member. Previously, the Company was managed by Esae Management Group, LLC ("EMG"), a Delaware Limited Liability Company, which owned 100% of the membership interests of the Company and was the sole managing member.

On May 7, 2012, the TYECM received \$250,000 in exchange for issuing 39.79% of the issued and outstanding membership interests to TONGYANG Securities Hong Kong Limited ("TYHKL"), a fully owned subsidiary of TYS.

On September 30, 2013, EMG purchased 95% of the membership interests of the Company from TYS and TYHKL, resulting in TYS and TYHKL collectively holding 5%. The transaction involved changing the Company's name back to Esae Capital Partners, LLC and the conversion of 50,000 membership units into 10,000 membership units and then the issuance of 190,000 new membership units to EMG (see Note 4).

Rule 15c3-3 Exemption

The Company, under Rule 15c3-3(k)(2)(i), is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Company does not carry or clear customer accounts

NOTE 2

Summary of Significant Accounting Policies

Accounting Basis of Presentation

These financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

ESAE CAPITAL PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015

NOTE 2 **Summary of Significant Accounting Policies -- Continued**

Revenue Recognition

The Company recognizes revenue only when the price is fixed or determinable, persuasive evidence of an arrangement exists, the service is performed and collectability of the related fee is reasonably assured. The Company's revenues consist of contracts for services that are recognized over the service period. At December 31, 2015, management believes all receivables to be fully collectible.

Cash Equivalents and Cash Equivalents

The Company defines cash equivalents as highly liquid investments, with original maturities of less than 90 days, which are not held for sale in the ordinary course of business. Cash and cash equivalents are on deposit with financial institutions without restrictions. As of December 31, 2015, the accounts contain \$0 above the federally insured limits of \$250,000.

Concentrations of Credit Risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed completely to perform as contracted. Concentrations of credit risk (whether on or off balance sheet) that arise from financial instruments exist for groups of customers or counter parties when they have similar economic characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions described below.

Financial instruments that potentially subject the Company to significant concentration of credit risk consist primarily of cash, cash equivalents, and marketable debt securities. The primary focus of the Company's investment strategy is to preserve capital and meet liquidity requirements. The Company's investment policy addresses the level of credit exposure by limiting the concentration in any on corporate issuer or sector. To manage the risk exposure, the Company maintains its portfolio of cash and cash equivalent and shore term and long term investments. The Company defines cash equivalents as highly liquid investments, with original maturities of less than 90 days, which are not held for sale in the ordinary course of business. Cash and cash equivalents are on deposit with financial institutions without restrictions.

Marketable Securities

Marketable securities are held for an indefinite period of time and thus are classified as available for sale securities. Realized investment gains and losses calculated on the average cost method are included in the statement of operations, as are provisions for other than temporary declines in the market value of available for sale securities. Unrealized gains and unrealized losses deemed to be temporary are excluded from earnings as a component of other comprehensive income. Factors considered in judging where an impairment is other than temporary include the financial condition, business prospects and creditworthiness of the issuer, the length of time that fair value has been less than cost, the relative amount of decline, and the Company's ability and intent to hold the investment until the fair value recovers. Accordingly, the Company recorded no impairment for losses of an other than temporary nature during 2015 and 2014.

NOTE 2 **Summary of Significant Accounting Policies -- Continued**

Fair Value Measurements

TAs required by the Fair Value Measurements and Disclosures Topic of the FASB ASC ("ASC 820-10"), fair value is measured based on a three tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows: (Level 1) observable inputs such as quoted prices in active markets; (Level 2) inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and)level 3) unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions. The carrying value of the Company's marketable securities held for sale of \$85,260 and \$110,380 at December 31, 2015 and 2014, respectively, were value using level 1 inputs.

The carrying value of the Company's remaining financial assets and liabilities which consist of cash, accounts payable and accrued liabilities are not valued using level 1, 2 or 3 inputs. The Company believes that the recorded values approximate their fair value due to the short maturity of such instruments. Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest, exchange or credit risks arising from these financial instruments.

Accounts Receivable

Accounts receivable is comprised of uncollateralized customer obligations due under normal trade terms requiring payment within 30 days from the invoice date. The carrying amount of accounts receivable is reviewed periodically for collectability. If management determines that collection is unlikely, an allowance that reflects management's best estimate of the amounts that will not be collected is recorded. Management reviews each accounts receivable balance that exceeds 30 days from the invoice date and, based on assessment of creditworthiness, estimates the portion, if any, of the balance that will not be collected. As of December 31, 2015 and 2014, the Company had not recorded a reserve for doubtful accounts.

Income Taxes

The Company is a Limited Liability Company ("LLC") for federal income tax reporting purposes. Therefore, the financial statements do not include a provision for income taxes since the Company is not a taxable entity. The Company is a single member LLC and is a disregarded entity for IRS purposes. Therefore, the Company has no federal, state, or local filing requirement. The Company's members are taxed on the Company's earnings.

At December 31, 2015, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company's open tax years (2012 through 2015) remain subject to income tax audits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The resulting ownership of TYS and TYHKL was 4,000 and 6,000 units, respectively. Finally, additional income earned during the time between valuing the 190,000 member units in March and executing the purchase of the units in September, a \$53,505 difference in members' equity was reclassified as payable to EMG's owner. The annual rent is \$18,000. The sublease was extended for another year at the same rate of \$1,500 payable each month, for a total annual rent of \$18,000 for 2015.

Note 6 Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (15c3-1) ("Rule"), which requires the maintenance of minimum net capital. The Rule prohibits the Company from engaging in securities transactions at any time the Company's net capital, as defined by the Rule, is less than \$5,000, or if the ratio of aggregate indebtedness to net capital, both as defined, exceed 15 to 1 (and the rule of "applicable" exchange provides that equity capital may not be withdrawn, or cash dividends paid, if the resulting net capital ratio exceeds 12 to 1).

At December 31, 2015, the Company has net allowable capital of \$138,003 which exceeded the required net capital by \$133,003.

Note 7 Related parties

Note 8 Subsequent Events

Report of Independent Registered Public Accounting Firm

The Board of Directors and Members of
ESAE Capital Partners, LLC

We have reviewed management's statements, included in the accompanying Form Custody exemption report, in which (1) ESAE Capital Partners, LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3(2)(i) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.

The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
- 2) Compared the amounts reported on the audited X-17A-5 for the year ended December 31, 2015, as applicable, with the amounts reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
- 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
- 4) Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
- 5) Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matter might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
