Report of Independent Registered Public Accounting Firm

Board of Directors
Fundme Securities, LLC

We have audited the accompanying statement of financial condition of Fundme Securities, LLC as of December 31, 2015, and the related notes (the "financial statements"). These financial statements are the responsibility of Fundme Securities, LLC's management. Our responsibility is to express an opinion on these financial statements based on our audit..

We conducted our audit in accordance with the standards of Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluation the overall financial statement presentation. We believe that our audit provides a basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fundme Securities, LLC as of December 31, 2015, in conformity with accounting principles generally accepted in the United States of America.

NOTE 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Fundme Securities, LLC (doing business as CircleUp) (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (the "SEC"), the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation (the "SIPC"). The Company was formed on January 23, 2012, and was approved by the SEC and FINRA as a broker-dealer on May 2, 2013, whereby the Company commenced operations as a broker-dealer. The Company is a wholly-owned subsidiary of CircleUp Network, Inc. (the "Parent").

The Company is engaged in the business of operating an online platform that supports the purchase and sale of private company shares. Specifically, the firm acts as a placement agent to institutional clients and accredited investors for non-public companies.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(i), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts Receivable

Accounts receivable are stated at face amount with an allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are null.

NOTE 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(Continued)

Securities owned, at fair value

All investment in securities are recorded at fair value in accordance with FASB ASC 820, Fair Value Measurement, as described in Note 5. Net realized gains or losses from the sale of these securities are computed based on specific identification of historical cost. Net unrealized gains or losses arises from changes in the fair value of these securities during the period is included in income.

NOTE 2: FAIR VALUE MEASUREMENTS

FASB ASC 820 defines fair value, establishes a frame work for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the assets or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Observable inputs other than quoted prices included in level 1, such as quoted prices for similar securities in active markets; quoted prices for identical or similar securities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data (Including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – Pricing inputs are unobservable that are significant to the fair value measurement and include situations where there is little if any market activity for the investment. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

NOTE 2: FAIR VALUE MEASUREMENTS
(Continued)

The following tables presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2015:

Assets	Level 1	Level 2	Level 3	Total
Securities owned, at fair value	-	-	89,169	89,169
TOTALS	\$ -	\$ -	\$ 89,169	\$ 89,169

The following is a reconciliation of the beginning and ending balances for assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2015:

	Amounts
Beginning balance at December 31, 2014	\$ 57,729
Unrealized gains and (losses)	-
Realized gains and (losses)	-
Purchases, Issuances and Settlements	31,440
Transfer In (Out)	-
Ending balance at December 31, 2015	<u>\$ 89,169</u>

NOTE 3: COMMITMENTS AND CONTINGENCIES

Contingencies

The Company maintains bank accounts at financial institutions. These accounts are insured either by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000, or the Securities Investor Protection Corporation ("SIPC"), up to \$500,000. At times during the year, cash balances held in financial institutions were in excess of the FDIC and SIPC's insured limits. The Company has not experienced any losses in such accounts and management believes that it has placed its cash on deposit with financial institutions which are financially stable.

NOTE 3: COMMITMENTS AND CONTINGENCIES

(Continued)

Commitments

In the normal course of business, the Company could be threatened with, or named as a defendant in, lawsuits, arbitrations, and administrative claims. Such matters that are reported to regulators such as the SEC or FINRA and investigated by such regulators, may, if pursued, result in formal arbitration claims being filed against the Company and/or disciplinary action being taken against the Company by regulators. Any such claims or disciplinary actions that are decided against the Company could harm the Company's business. The Company is also subject to periodic regulatory audits and inspections which could result in fines or other disciplinary actions. Unfavorable outcomes, in such matters, may result in a material impact to the Company's financial position, statement of income or cash flows. As of December 31, 2015, management is not aware of any commitments or contingencies that could have a material impact on the financial statements.

NOTE 4: GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at December 31, 2015 or during the year then ended.

NOTE 5: CONCENTRATION OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

NOTE 6: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

NOTE 7: RECENTLY ISSUED ACCOUNTING STANDARDS

For the year ending December 31, 2015, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.
