**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2015**

**Note 1 - Nature of Business**

Farina & Associates, Inc. (The "Company") is a New York corporation formed in 1989, for the purpose of conducting business on the floor of the New York Stock Exchange ("NYSE"). The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC").

The Company operates under the provisions of Paragraph (k)(2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmits all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

**Note 2 - Summary of Significant Accounting Policies**

**a) Revenue Recognition**

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Commission income and related income and expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

**b) Income Taxes**

The Company has elected to be treated as an "S" Corporation under the provisions of the Internal Revenue Code and New York State tax regulations. Under the provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead the stockholders are liable for individual income taxes on their respective shares of the Company's taxable income. The Company continues to pay New York City general corporation taxes.

**c) Cash and Cash Equivalents**

The Company considers demand deposited money market funds to be cash equivalents. The Company maintains cash in bank account which, at times may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

**d) Equipment**

Equipment is carried at cost and is depreciated over a useful life of five years using accelerated methods.

**FARINA & ASSOCIATES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2015**

**Note 2 - Summary of Significant Accounting Policies (Continued)**

**e) Use of Estimates**

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

**f) Subsequent Events**

The Company has evaluated events and transactions that occurred between January 1, 2016 and January 24, 2016, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

**Note 3 - Financial Statements with Off-Balance Sheet Credit Risk**

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company introduces these transactions for clearance to another broker-dealer on a fully disclosed basis. The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.
