## **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

---

To the Board of Directors  
Stockcross Financial Services, Inc.  
Beverly Hills, California

We have audited the accompanying statement of financial condition of Stockcross Financial Services, Inc. as of December 31, 2015, and the related notes to the financial statements. This financial statement is the responsibility of Stockcross Financial Services, Inc.'s management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Stockcross Financial Services, Inc. as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

STOCKCROSS FINANCIAL SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2015

**1. ORGANIZATION AND NATURE OF BUSINESS**

StockCross Financial Services, Inc. (the "Company") is a securities broker dealer registered with the Securities and Exchange Commission ("SEC") and is a member of Financial Industry Regulatory Authority ("FINRA").

The Company is located in Beverly Hills, California, with offices throughout the United States and worldwide customers.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Securities Transactions and Commissions**

Customers' securities transactions are recorded on a settlement date basis, generally three business days following the transaction. Commissions and other securities transactions are recorded on a trade-date basis as the securities transactions occur. Securities owned and securities borrowed are recorded at current market value.

**Securities Borrowed and Loaned**

Securities borrowed are recorded at the amount of cash collateral advanced. Securities borrowed transactions require the Company to deposit cash, letters of credit, or other collateral with the lender. For securities loaned, the Company monitors the market value of securities borrowed and securities loaned, with additional collateral obtained or refunded as necessary.

**Goodwill**

In accordance with the Financial Accounting Standards Board "FASB" Accounting Standards Codification "ASC" section 350, "Goodwill and Other Intangible Assets", the Company does not amortize goodwill and indefinite-lived intangible assets. Instead, these assets are reviewed for impairment annually or more frequently when events or circumstances indicate that the carrying amount more likely than not exceeds its fair value. Goodwill is tested for impairment at least annually. Using cash flow and market analysis, management determined in 2015 that the carrying value of goodwill was not impaired and therefore there was no impact on the Company's financial position or results of operations as of and for the year ended December 31, 2015.

# STOCKCROSS FINANCIAL SERVICES, INC.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015

### **Income Taxes**

The Company elected to be taxed as an "S" Corporation for federal income tax purposes and in various states. As an S corporation, the Company is not subject to federal income taxes and passes through substantially all taxable items to the shareholders of the Company. The Company is subject to state and local income taxes in various states and localities.

The Company recognizes the effect of tax positions only when they are more likely than not to be sustained under audit by the taxing authorities. At December 31, 2015, the Company did not have any unrecognized tax benefits or liabilities. The Company operates in the United States and in state and local jurisdictions, and 2012 to 2014 tax years remain subject to examination by the tax authorities. There are presently no income tax examinations.

### **Property and Equipment**

Property, equipment and leasehold improvements are carried at cost less accumulated depreciation and amortization. Depreciation and amortization are recorded on a straight-line basis over the lesser of the estimated useful lives of the related assets or the non-cancelable remaining lease terms, as appropriate.

### **Drafts Payable**

Drafts payable represent checks drawn by the Company against customer accounts which were deposited subsequent to year end.

### **Concentrations of Credit Risk**

The Company is engaged in various trading and brokerage activities whose contra-parties include broker-dealers, banks and other financial institutions.

In the event contra-parties do not fulfill their obligations, the Company may sustain a loss if the market value of the instrument is different from the contract value of the transaction. The risk of default primarily depends upon the credit worthiness of the contra-parties involved in the transactions. It is the Company's policy to review, as necessary, the credit standing of each contra-party with which it conducts business.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

# STOCKCROSS FINANCIAL SERVICES, INC.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015

### 3. FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, established a framework for measuring fair value, and established a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can assess at the measurement date.

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Unobservable inputs for the asset or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available; the Company's own assumptions are set to reflect those that the Company believes market participants would use in pricing the asset or liability at the measurement date.

# STOCKCROSS FINANCIAL SERVICES, INC.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015

A description of the valuation techniques applied to the Company's major categories of assets and liabilities measured at fair value on a recurring basis follows:

*U.S. Government Securities.* U.S. government securities are valued using quoted market prices. Valuation adjustments are not applied. Accordingly, U.S. government securities are generally categorized in level 1 of the fair value hierarchy.

*Municipal Securities.* The fair value of municipal securities are determined using recently executed transactions, market price quotations (when observable), bond spreads from independent external parties, such as vendors and brokers, adjusted for any basis difference between cash and derivative instruments. The spread data used is for the same maturity as the bond. Municipal Securities are generally categorized in level 2 of the fair value hierarchy.

*Corporate Bonds and Convertible Preferred Stock.* The fair value of corporate bonds and convertible preferred stock are determined using recently executed transactions, market price quotations (when observable), bond spreads or credit default swap spreads obtained from independent external parties, such as vendors and brokers, adjusted for any basis difference between cash and derivative instruments. The spread data used is for the same maturity as the bond. If the spread data does not reference the issuer, then data that reference a comparable issuer are used. When position-specific external price data is not observable, fair value is determined based on either benchmarking to similar instruments or cash flow models with yield curves, bond, or single-name credit default swap spreads and recovery rates as significant inputs. Corporate bonds and convertible preferred stocks are generally categorized in level 2 of the fair value hierarchy.

*Exchange-Traded Equity Securities.* Exchange-traded equity securities are generally valued based on quoted prices from the exchange. To the extent these securities are actively traded, valuation adjustments are not applied, and they are categorized in level 1 of the fair value hierarchy; otherwise, they are in level 2 of the fair value hierarchy.

*Certificates of Deposit.* Certificates of deposit included in investments are valued at cost, which approximates fair value. These are included within segregated investments in level 2 of the fair value hierarchy.

STOCKCROSS FINANCIAL SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2015

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
<b>Assets</b>			
<i>Segregated Securities</i>			
Certificates of Deposit	\$ -	\$21,065,106	\$21,065,106
US Treasury Notes	106,798,798	-	106,798,798
<i>Securities owned</i>			
US Treasury Notes	1,291,163	-	1,291,163
Municipal obligations	-	11,623,491	11,623,491
Corporate obligations and Convertible Preferred Stocks		2,001,432	2,001,432
Equity securities	<u>1,064,308</u>	<u>1,016,310</u>	<u>2,080,618</u>
<b>Total</b>	<b><u>\$109,154,269</u></b>	<b><u>\$35,706,339</u></b>	<b><u>\$144,860,608</u></b>
<b>Liabilities</b>			
<i>Securities sold, not yet purchased</i>			
Municipal obligations		\$3,480,881	\$3,480,881
Corporate obligations and Convertible Preferred Stocks		9,836,665	9,836,665
Equity securities		<u>370,429</u>	<u>370,429</u>
<b>Total</b>		<b><u>\$13,687,975</u></b>	<b><u>\$13,687,975</u></b>

**4. COMMITMENTS AND CONTINGENCIES**

**Lease Commitments**

The Company rents office space and leases computers and other equipment under various operating leases. Rent expense for the year ended December 31, 2015 was approximately \$1,645,000, commitments going forward are:

2016	\$1,232,000
2017	1,129,000
2018	990,000
2019	867,000
Thereafter	<u>1,045,000</u>
	<b><u>\$5,263,000</u></b>

# STOCKCROSS FINANCIAL SERVICES, INC.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015

### **Litigation and Regulatory Matters**

The Company is subject to various claims and arbitrations in the normal course of business. The Company believes that the resolution of these matters will not have a material adverse effect on these financial statements.

### **5. FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK**

The Company enters into various transactions to meet the needs of customers, conduct trading activities, and manages market risks and is, therefore, subject to varying degrees of market and credit risk.

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company extends credit to its customers, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customers' accounts. In connection with these activities, the Company executes and clears customer transactions involving the sale of securities not yet purchased, substantially all of which are transacted on a margin basis subject to individual exchange regulations.

Such transactions may expose the Company to off-balance sheet risk in the event margin requirements are not sufficient to fully cover losses that customers may incur. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices to fulfill the customer's obligations.

The Company seeks to control the risks associated with its customer activities by requiring customers to maintain margin collateral in compliance with various regulatory and internal guidelines. The Company monitors required margin levels daily and, pursuant to such guidelines, require customers to deposit additional collateral or to reduce positions, when necessary.

# STOCKCROSS FINANCIAL SERVICES, INC.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015

The Company's customer financing and securities settlement activities may require the Company to pledge customer securities as collateral in support of various secured financing sources such as bank loans and securities loaned. In the event the counterparty is unable to meet its contractual obligation to return customer securities pledged as collateral, the Company may be exposed to the risk of acquiring the securities at prevailing market prices in order to satisfy its customer obligations. The Company controls this risk by monitoring the market value of securities pledged on a daily basis and by requiring adjustments of collateral levels in the event of excess market exposure. In addition, the Company establishes credit limits for such activities and monitors compliance on a daily basis.

### 6. RECEIVABLE FROM AND PAYABLE TO BROKER-DEALERS AND CLEARING ORGANIZATIONS

At December 31, 2015, amounts receivable from and payable to broker-dealers and clearing organizations include the following:

#### Receivables:

Clearing organizations	\$	529,822
Brokers and dealers		5,640,316
Securities failed to deliver		<u>318,677</u>
	\$	<u>6,488,815</u>

#### Payables:

Brokers and dealers	\$	3,016,597
Securities failed to receive		<u>157,277</u>
	\$	<u>3,173,874</u>

### 7. PROFIT SHARING PLAN

The Company sponsors a 401(k) profit sharing plan, which covers substantially all employees. Employee contributions to the plan are at the discretion of eligible employees.

### 8. RECEIVABLE FROM AND PAYABLE TO CUSTOMERS

Accounts receivable from and payable to customers include amounts due on cash and margin transactions. Securities owned by customers are held as collateral for receivables

STOCKCROSS FINANCIAL SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2015

**9. CASH AND SECURITIES SEGREGATED UNDER FEDERAL AND OTHER REGULATIONS**

Cash equivalents (interest bearing deposit accounts) and securities owned in the amount of \$219,564,013 (cash \$91,700,109, securities with a fair value \$127,863,904) have been segregated in special reserve accounts for the benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission.

**10. PAYABLE TO NON CUSTOMERS**

Payable to non customers include amounts due on cash transactions on accounts owned and controlled by principal officers, directors and stockholders.

**11. Fair Value Option**

The Company's financial instruments, securities owned and securities sold but not yet purchased, are recorded at fair value in the Statement of Financial Condition. The fair value option is an accounting election that allows the reporting entity to apply fair value accounting for certain financial assets and liabilities on an instrument-by-instrument basis. As of December 31, 2015, the Company did not elect the fair value option for any of its financial assets or liabilities not already recorded at fair value.

The following represent financial instruments in which the ending balance at December 31, 2015 is not carried at fair value on the Statement of Financial Condition:

*Short-term financial instruments:* The carrying value of short-term financial instruments, including cash and cash segregated pursuant to federal regulations are recorded at amounts that approximate the fair value of these instruments. These financial instruments generally expose the Company to limited credit risk and have no stated maturities or have short-term maturities and carry interest rates that approximate market rates.

*Receivables and other assets:* Brokerage client receivables, receivables from broker-dealers and clearing organizations, securities borrowed, other receivables and certain other assets are recorded at amounts that approximate fair value.

*Payables:* Brokerage client payables, payables due to broker-dealers and clearing organizations and certain other liabilities are recorded at amounts that approximate fair value.

# STOCKCROSS FINANCIAL SERVICES, INC.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015

### 12. NET CAPITAL REQUIREMENTS

The Company, as a broker-dealer, is subject to the Uniform Net Capital Rules of the SEC (Rule 15c3-1) of the Securities Act of 1934. Under the alternate method permitted by this rule, net capital, as defined, shall not be less than 2% of aggregate debit items arising from customer transactions. At December 31, 2015, the Company's net capital was \$11,245,974, which was \$9,301,387 in excess of its required net capital of \$1,944,587. The Company's percentage of aggregate debit balances to net capital was 11.57% as of December 31, 2015.

### 13. INCENTIVE PLAN

With the approval of the board of directors and stockholder, the Company adopted an incentive plan (the "Plan") in 2007 to provide annual incentives to certain employees or directors. The incentives will be the award of cash settled stock appreciation rights ("SARs") based on shares of common stock not to exceed 100,000 shares awarded to any one participant for a calendar year. SARs which satisfy the vesting requirements set forth in the Plan will entitle the participant to receive a cash settled payment equal to the appreciation in the fair market value of a stated number of shares of common stock from the grant date to the date of exercise. The grant price for a particular SAR will be set forth in the award notice. At December 31, 2015, there were approximately 500,000 SARs outstanding. In the opinion of management, the exercise of SARs would not have a material impact on the financial statements.

### 14. EQUITY TRANSACTIONS

During the year ended December 31, 2015, the Board of Directors increased the authorized number of common shares to 7,500,000, declared a stock split of 625 to 1 and restated the par value to \$.0016 per share. The Company issued 402,500 shares of restricted common stock in 2015 and the unpaid balance of the related stock subscription receivable was \$590,528. Warrants to purchase 400,000 shares of common stock were exercised in 2015.

### 15. SUBSEQUENT EVENTS

The Company has evaluated and noted no events or transactions that have occurred after December 31, 2015 that would require recognition or disclosure in the financial statements.
