REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholder
Camden Financial Services

We have audited the accompanying financial statements of Camden Financial Services (the "Company"), which comprise of the statement of financial condition as of December 31, 2015, and the related statements of operations, changes in members' equity, and cash flow for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The computation of Net Capital Pursuant to Rule 15c3-1 has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

CAMDEN FINANCIAL SERVICES
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

(1) Summary of Significant Accounting Policies

Nature of Business

The company is a registered broker dealer incorporated under the laws of the State of California maintaining its principal office in Santa Ana, California. The Company is subject to a minimum net capital requirement of \$5,000 under SEC Rule 15c3-1. The Company acts as an introducing broker/dealer and clears transactions with and for customers on a fully disclosed basis through a clearing broker/dealer. The Company's primary business consists of sales of securities, limited partnership interests and mutual funds, and has executed a sub-clearing agreement with Finance 500, Inc. for purposes of clearing transactions with and for customers on a fully disclosed basis. The Company requires no collateral for its receivables and, thus, is subject to the risks inherent in the economy.

Method of Accounting

The company maintains its books and records on the accrual basis of accounting and uses the trade date basis for recording all securities transactions.

Property and Equipment

Property and equipment are stated at cost. Depreciation of property and equipment is computed using the straight-line method over sixty months.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash equivalents. As of December 31, 2015, the Company has no cash equivalents.

Uses of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition

Revenue associated with the Company's securities' transactions is recognized on a settle date basis. Securities owned and contracts to purchase securities in the future are recorded at market value and, accordingly, any changes in market value are recognized in the statement of income. Market value is determined based on active exchanges (established exchanges and "over-the-counter" exchanges) in the United States.

(2) Income Taxes

Income tax expense consists of the minimum California tax:

	Current	Deferred	Total
Federal	0	0	0
California	<u>\$800</u>	<u>0</u>	<u>\$800</u>
Total	\$800	0	\$800

The company accounts for income taxes in accordance with FASB ASC 740 Income Taxes, which requires the recognition of deferred income taxes using an asset and liability approach in recognizing timing differences. This approach requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of other assets and liabilities. Deferred taxes are not material for the year ending December 31, 2015.

The company's filed Federal and California income tax returns are subject to examination by the taxing authorities for up to three of four years, respectively, after filing.

3) Net Capital

The Company is subject to a \$5,000 minimum net capital requirement under SEC Rule 15c3-1 which requires a ration of indebtedness to net capital not exceed 15 to 1. 2017	\$2,520
2018	\$2,100

Rent Expense for 2015 was \$4,038

5) Subsequent Events
