To the Board of Directors and Stockholder
Newbury Piret Securities, Inc.
Boston, Massachusetts

We have audited the accompanying statement of financial condition of Newbury Piret Securities, Inc. as of December 31, 2015, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended. Newbury Piret Securities, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Newbury Piret Securities, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The information contained in Schedule I is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934, has been subjected to audit procedures performed in conjunction with the audit of Newbury Piret Securities, Inc.'s financial statements. The information included in Schedule I is the responsibility of Newbury Piret Securities, Inc.'s management. Our audit procedures included determining whether the information included in Schedule I reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the information included in Schedule I. In forming our opinion on the information included in Schedule I, we evaluated whether the information included in Schedule I, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the information included in Schedules I, is fairly stated, in all material respects, in relation to the financial statements as a whole.

Note 1 - Nature of Business

Newbury Piret Securities, Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company provides financial advisory services and does not hold funds or securities for the accounts of its customers.

The Company is a wholly owned subsidiary of Newbury, Piret and Company, Inc. and serves as the Company through which activities associated with the broker dealer license is held.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Company's policy is to prepare its financial statements in accordance with accounting principles generally accepted in the United States of America under the accrual basis of accounting. The accrual basis of accounting records revenue in the period it is earned rather than when received and records expenses in the period in which incurred rather than when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 - Related Party

The Company shares office space with its parent. On December 1, 2012, the Company entered into an agreement with its parent company whereby the parent company pays the Company for services performed. This agreement was terminated on March 31, 2015. Subsequently, the Company uses the direct cost method.

During 2015, the Company earned \$16,270 for services from its parent for the year ended December 31, 2015.

Newbury Piret Securities, Inc.
(A subsidiary of Newbury Piret & Company, Inc.)

Notes to Financial Statements
December 31, 2015

Note 3 - Related Party (continued)

Note receivable from parent company consists of a \$10,020 (original amount) unsecured promissory note dated May 13, 2010. The note is payable on demand and accrues interest of 5% annually. The outstanding balance of the note as of December 31, 2015 was \$7,890. Interest on the note was \$394 for the year ended December 31, 2015.

Due from parent company is a receivable with no repayment terms. Interest is accrued at 5% annually. The balance at December 31, 2015 was \$10,500. Interest was \$440 for the year ended December 31, 2015.

Note 4 - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (SEC Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015, the Company had net capital pursuant to rule 15c3-1 of \$7,940 which was \$2,940 in excess of its required net capital of \$5,000. The Company's ratio of aggregated indebtedness to net capital was 0.9 to 1.

Note 5 - Fair Value Measurements

Accounting Standards Codification Topic 820, Fair Value Measurements and Disclosures (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2 Inputs to the valuation methodology include, quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Newbury Piret Securities, Inc.
(A subsidiary of Newbury Piret & Company, Inc.)

Notes to Financial Statements
December 31, 2015

Note 5 - Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Investments: Investments include mutual funds. In general, and where applicable, we use quoted prices in active markets for identical assets or liabilities to determine fair value. This pricing methodology applies to our Level 1 investments.

The following table represents the Company's assets measured at fair value on a recurring basis at December 31, 2015:

	<u>Level 1</u>
Marketable securities	<u>\$ 14,425</u>

Marketable securities represent readily marketable shares in mutual funds invested in money market instruments, primarily United States Government obligations, bank obligations and commercial paper. The fund manages its portfolio to maintain a constant market price per share of \$1.00.

Note 6 - Income Taxes

The Company files its tax returns on a consolidated basis with its parent company, which has elected to be treated as an S corporation for both federal and state income tax purposes, whereby all elements of income and deduction are included in the tax return of the stockholder of the Company. Therefore, no income tax provision is recorded by the Company.

For the year ended December 31, 2015, the Company has no material uncertain tax positions to be accounted for in the financial statements. Federal and state income tax returns are subject to examination by taxing authorities for a period of three years from the date they are filed. Federal and state income tax returns for 2014, 2013, and 2012 are subject to examination by the taxing authorities.

The company has made no guarantees, does not have any pending lawsuits or arbitration claims, and has no commitments.
