Sentinel Financial Services Company
(A Vermont General Partnership)
Notes to Financial Statements
As of and for the Year Ended December 31, 2015

1. Organization and Operations

The Company is a Vermont General Partnership which was formed on December 11, 1992 and commenced operations on March 1, 1993. The Company is a registered broker-dealer with the partners' capital held by SAMI and SASI as of December 31, 2015. The Company is a member of the Financial Regulatory Authority ("FINRA"). Pursuant to the Company's distribution agreement to serve as the principal underwriter of the Sentinel Group Funds, Inc. (the "Funds"), the Company earns fees from the distribution of shares of the Funds which are registered investment companies. The Company distributes such shares through affiliated and non-affiliated broker-dealers and registered representatives, some of whom are also insurance agents of NLVF subsidiaries. Commissions are earned on distribution of shares of the Funds.

Under the general partnership agreement dated March 1, 1993 and amended effective March 27, 1995 and December 30, 2005, each partner's share of profit or loss is based on ownership rates of 95.1% and 4.9% for SFSI and SAMI, respectively. SFSI was dissolved as a legal entity on March 31, 2015. In order to accommodate the dissolution, SAMI initiated a capital contribution of its 4.9% interest in the Partnership to SASI. Immediately following the capital contribution, SFSI was dissolved and SAMI assumed all of SFSI's remaining assets and liabilities as of the date of dissolution. The assets that were assumed by SAMI included SFSI's 95.1% interest in the Partnership and the partnership agreement was amended effective March 31, 2015 to reflect these changes.

The Company is required to make quarterly distributions of its net operating cash flow as defined in the general partnership agreement within 90 days after the end of each calendar quarter. Although the agreement provides that the distribution may be an amount equal to the estimated total amount of taxes on income of the partner having the highest total rate of taxation, cash distributions are generally made to each partner in the same proportion as profit and losses of the Company are allocated to the partners. In the event there are no positive net operating cash flows during a calendar quarter, then distributions are not made to the partners.

In the event of liquidation, but after satisfaction of all partnership obligations, the Company will distribute the net proceeds from any sales of assets in the same ratio of profits and losses allocated to the partners for the six full months preceding the completion of sale.

2. Significant Accounting Policies

Basis of Presentation

The Company's financial statements have been prepared in conformity with accounting principles generally accepted in the United States ("U.S. GAAP"). Preparing financial statements in conformity with U.S. GAAP requires the Company to make estimates and assumptions that affect reported amounts and related disclosures. Actual results may differ from those estimates.

Revenue and Expense Recognition

Customers' security transactions and the related commission income and expenses are recorded on a trade date basis.

Distribution fees are recognized in the period in which the services have been performed. These fees are earned based on a percentage of assets under management and are paid to the Company on a monthly basis.

Cash and Cash Equivalents

Cash and cash equivalents are comprised of funds on deposit and investments in money market mutual funds.

Distribution Fees

Distribution fee revenue results from compensation related to the distribution of the Funds pursuant to Rule 12b-1 of the Investment Company Act of 1940. Under the terms of an agreement with the Funds, the Company is paid on a monthly basis for these fees.

Deferred Commissions

Certain sales of the Sentinel Group Funds, as detailed in the prospectus, generate an advanced sales commission paid by the Company to the broker-dealer of record. These commissions are recovered by ongoing monthly distribution fees received from the Funds or through charges upon redemption of the shares by the shareholders. The Company records the payment to the broker-dealer initially responsible for the sale as a "Deferred Commissions, net of amortization" asset, which is then amortized over the contingent deferred sales charge ("CDSC") period, for "A" shares, and over the CDSC period or until redemption, whichever is shorter for the "C" shares. The CDSC period for "A" and "C" shares is the twelve month period after the initial sale.

Prepaid Expenses and Other Assets

Includes insurance, software maintenance, annual licensing fees, and represents payments in advance of services rendered. These advance payments are expensed as incurred. Other assets include escrow deposits held by the Company, to protect against overdraft positions, and a cost method investment in common stock.

2. Significant Accounting Policies (continued)

Property and Equipment

Property and equipment is reported net of depreciated cost. Assets are depreciated over their useful life using the straight-line method of depreciation. The table below outlines the useful life for each asset class:

<u>Asset Class</u>	<u>Years</u>
Equipment	5
Internally Developed Software	5
Furniture	7

Commissions

Commission revenue includes commissions earned on fund share sales, CDSC on qualifying redemptions, and commissions earned on shareholder accounts where the Company acts as their broker-dealer. A CDSC is assessed when a customer redeems shares subject to a CDSC, as outlined in the prospectus.

A portion of the commission revenue recognized by the Company is paid by the Company as a commission expense to the broker-dealer initially responsible for the sale. The broker-dealers of record are either external to the Company or are registered representatives of Equity Services, Inc. ("ESI"), a wholly-owned subsidiary of NLVF. This expense is described in the Funds' prospectuses as a dealer allowance which varies based on the size and investment strategy of the mutual fund share(s) sold.

Other Receivables

Other receivables include amounts due from the Funds for reimbursement of shareholder report expenses, securities in process receivables, and any other receivables.

Receivables from and Payables to Affiliates

Receivables from affiliates include expenses paid by the Company that are reimbursed by SASI and SAMI and settled in the normal course of business.

Payables to affiliates primarily consist of balances due to NLIC and NLVF, based on the intercompany expense sharing agreements with the corresponding companies, and revenue sharing fees to ESI. NLIC is a wholly-owned subsidiary of NLVF.

Service Fees

Service Fees represent the sales commission and service fees ("12b-1" fees) incurred to the broker-dealers of record to compensate for ongoing costs of servicing the shareholder.

Bonus Commissions

Bonus commissions consist of compensation earned by the Company's sales personnel.

2. Significant Accounting Policies (continued)

Salaries and Employee Benefits

Salaries and employee benefits includes ongoing compensation, associated payroll taxes and annual incentive compensation paid to employees.

Investment Income

The Company's excess cash is invested in money market funds which earn income in the form of distributions from these funds. The Company also earns interest income on certain cash accounts.

General and Administrative

General and administrative expenses represent costs to the Company incurred as a result of managing the Company. These costs include recruiting and training, marketing, legal fees and licenses, depreciation, software maintenance, outsourced services, consulting services, printing and postage, travel, rent and other miscellaneous expenses. The marketing expenses included in general and administrative expenses are related to media advertising, creation of shareholder reports, sales conferences, and due diligence meetings. NLVF and its wholly-owned subsidiary, NLIC, provide the Company with occupancy, information technology, administrative services and access to its distribution network. The charges for these services and other shared services are determined by the NLIC and NLVF expense sharing agreements and the allocation methodologies employed are applied uniformly across National Life Group and all of its affiliates, including the Company.

Marketing Support

Marketing support consists of additional contractual payments to external broker-dealers or ESI which are negotiated separately from the sales commissions and 12b-1 fees. These payments may include components of revenue sharing, marketing support, additional sales and service fees, and retention fees.

Income Taxes

In accordance with provisions of the Internal Revenue Code, the Company qualifies as a partnership for income tax purposes and no taxes are levied at the partnership level.

Subsequent Events

The Company has evaluated events subsequent to December 31, 2015 and through the financial statement issuance date of February 25, 2016. The Company has not evaluated subsequent events after the issuance date for presentation in these financial statements.

In August 2015, the FASB issued ASU 2015-14 which defers the effective date of ASU 2014-09 for nonpublic entities to fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. The Company is evaluating the effects of this new guidance and has not yet determined the impact on its Statement of Operations.

Report of Independent Registered Public Accounting Firm

To the Management of Sentinel Financial Services Company

We have reviewed Sentinel Financial Services Company's assertions, included in the accompanying Sentinel Financial Services Company's Exemption Report, in which (1) the Company identified 17 C.F.R. § 240.15c3-3(k)(1) as the provision under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3 (the "exemption provision") and (2) the Company stated that it met the identified exemption provision throughout the year ended December 31, 2015 without exception. The Company's management is responsible for the assertions and for compliance with the identified exemption provision throughout the year ended December 31, 2015.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's assertions referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of 17 C.F.R. § 240.15c3-3.
