We have audited the accompanying statement of financial condition of **TPEG SECURITIES, LLC**, as of December 31, 2015, and the related statements of income, cash flows, changes in members' capital, and changes in liabilities subordinated to claims of general creditors for the year then ended. These financial statements are the responsibility of **TPEG SECURITIES, LLC**'s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of **TPEG SECURITIES, LLC** as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information, including Computation of Net Capital under Rule 15c3-1 of the SEC, Computation for Determination of Reserve Requirements under Rule 15c3-3 of the SEC, and Information Relating to Possession or Control Requirements under Rule 15c3-3, has been subjected to audit procedures performed in conjunction with the audit of **TPEG SECURITIES, LLC** financial statements. The supplemental information is the responsibility of **TPEG SECURITIES, LLC**'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2015

A. COMPANY:

TPEG SECURITIES, LLC, formed on October 15, 2007, is a member of the Financial Industry Regulatory Authority (FINRA) and operates as a broker-dealer in securities. All customers' securities, funds and accounts are processed and carried by correspondent broker-dealers.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

1. **Customers' Securities and Commodities** - Transactions are recorded on a settlement date basis with related commission income and expenses recorded on a trade date basis. Securities and commodities transactions of the Company are recorded on a trade date basis.
2. **Cash** - The Company considers all short-term investments with an original maturity of three months or less to be cash.
3. **Income Taxes** - The Company has elected to be taxed as a partnership. Accordingly, the financial statements do not include a provision for federal income taxes because the Company does not incur federal income taxes. Instead, its earnings and losses are allocated to the members and are taxed based on their personal tax strategies.

The Company incurs state franchise taxes, which are, in part, based on certain income and expense items, and the financial statements include a provision for the state tax effect of transactions reported in the financial statements.

4. **Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

C. FAIR VALUES OF FINANCIAL INSTRUMENTS:

Fair Value Measurement - FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the assets or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level one inputs are unadjusted quoted prices in active markets for identical assets or liabilities the Company has the ability to access.

Level two inputs are inputs (other than quoted prices included within level one) that are observable for the asset or liability, either directly or indirectly.

Level three inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The carrying amounts of assets in the balance sheet approximate fair value.

D. AFFILIATED ENTITY TRANSACTIONS:

Office facilities are subleased from an entity, affiliated through common ownership and management. Rental payments during the year ended December 31, 2015 totaled \$6,000. At December 31, 2015, annual minimum rental commitments on the office lease were \$1,800 for the year ending December 31, 2016.

D. AFFILIATED ENTITY TRANSACTIONS (Continued):

The affiliated entity also provides consulting services. Payments to the entity for the consulting services totaled \$1,071,760 during the year ended December 31, 2015.

E. NET CAPITAL REQUIREMENTS:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2015, the Company had net capital of \$28,689 which was \$23,689 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.19 to 1.

SOUTHLAKE, TEXAS**

We have reviewed management's statements, included in the accompanying **TPEG Securities, LLC** Exemption Report, in which (1) **TPEG Securities, LLC** identified the following provisions of 17 C.F.R. §15c3-3(k) under which **TPEG Securities, LLC** claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(1) (the "exemption provisions") and (2) **TPEG Securities, LLC** stated that **TPEG Securities, LLC** met the identified exemption provisions throughout the most recent fiscal year without exception. **TPEG Securities, LLC's** management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about **TPEG Securities, LLC's** compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.
