We have audited the accompanying statement of financial condition of FMN Capital Corporation (the Company) as of December 31, 2015, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

FMN CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2015

Note 1 – Summary of significant accounting policies

Organization and nature of business

FMN Capital Corporation (the Company), a California corporation, was incorporated January 31, 1995, and adopted a fiscal year of December 31. It maintains its principal and only active office in Mission Viejo, California.

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). Operations are pursuant to the (k)(2)(ii) exemptive provision of SEC Rule 15c3-3 and it does not hold customer funds or securities. The business consists of the offering and sale of investment securities, primarily mutual funds, limited partnership interests, variable products, stocks, bonds and municipal bonds. The Company's client base consists mostly of customers within the Southern California area and, therefore, its operations are affected by the financial position of its major customers and economic conditions within that area.

Basis of recognition

Concession revenue and commission expense of the Company utilizing its clearing firm (see Note 6) are recognized based on the trade date.

Financial statement estimates and assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Concentrations

Credit risk

The Company maintains most of its cash balances at one financial institution located in Orange County, California. From time to time, the Company maintains cash deposits in excess of federally insured limits. Management does not believe that it is exposed to significant credit risk in connection with cash and cash equivalents.

Revenue

The Company processes all offerings for Financial Management Network, Inc. (FMN, Inc.). See Note 5 for related party disclosure.

FMN CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2015

Note 1 – Summary of significant accounting policies (continued)

Cash and cash equivalents

For the purposes of the statement of cash flows, the Company considers all temporary cash investments purchased with a maturity of three months or less to be cash equivalents.

Restricted cash

The Company maintains an account with its clearing house in the amount of \$50,000. These funds are not available for current operations and are listed as cash and cash equivalents – restricted on the statement of financial condition.

Capital requirement

Pursuant to SEC Rule 15c3-1 and as directed by FINRA, the Company is required to maintain a minimum net capital of \$50,000.

Accounts receivable

Accounts receivable consists of the commissions associated with the offering and sale of investment securities, primarily mutual funds, limited partnership interests, variable products, stocks, bonds and municipal bonds. Substantially all of the accounts receivable are considered collectible. Accordingly, no allowance for doubtful accounts is recorded.

Property and equipment

Property and equipment is recorded at cost of acquisition, and fully depreciated assets are carried on the books until disposal. The Company uses the straight-line method in computing its annual depreciation expense, as computed over the estimated useful lives of the assets. Depreciation expense for the year ended December 31, 2015, was \$1,498 and is included in administrative expenses in the statement of income.

Income taxes

Generally, income taxes have not been provided for because the Company's stockholder's elected under Section 1362(a) of the Internal Revenue Code and California State law to be taxed as an S corporation effective April 1, 2000. As such, the Company's income or loss and credits are passed through to the shareholders and reported on their individual income tax returns. Accordingly, no provision for federal income taxes or deferred income taxes has been included in the accompanying financial statements. However, there is a provision for income taxes, which represents a state minimum tax on corporations. The Company does not believe its financial statements include (or reflect) any uncertain tax positions.

Note 2 – Property and equipment

Property and equipment consisted of the following:

Computer equipment	\$	17,390

Total property and equipment		48,349
Less: accumulated depreciation		<u>(47,310)</u>
Property and equipment, net	\$	<u>1,039</u>

Note 3 – Net capital requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). The Company is subject to a \$50,000 minimum capital requirement under SEC Rule 15c3-1. Net capital and related capital ratio fluctuate on a daily basis; however, at December 31, 2015, the Company had net capital of \$329,709, which was \$279,709 in excess of its required minimum net capital of \$50,000. The Company's aggregate indebtedness to net capital ratio was 2.56% at December 31, 2015.

Note 4 – Income taxes

The Company is subject to taxation in the United States and various states jurisdictions. As of December 31, 2015, the Company's tax years for 2011, 2012, 2013 and 2014 are subject to examination by the tax authorities. With few exceptions, as of December 31, 2015, the Company is no longer subject to U.S. federal, state, or local, examinations by tax authorities for years before 2010.

FMN CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2015

Note 5 – Related party transactions

The Company is related through common ownership to Financial Management Network, Inc. (FMNI), a California Corporation, of which the sole stockholder of the Company is an 80% owner and the FMN ESOP is a 20% owner.

The Company has entered into an expense sharing agreement with FMNI. After consideration of all expenses borne by both companies and since many services are provided to both firms by the same vendors, it has been determined that FMNI will pay the expenses when invoiced. FMNI will then invoice the Company for its portion of the shared expenses when they are incurred. Shared expenses include use of facilities, personnel, utilities, and supplies, and are based on an agreed upon percentage for each applicable expense. During the year ended December 31, 2015, the Company paid \$900,433 under the agreement.

Note 6 – Contingency

The Company is contractually obligated to maintain its agreement with its clearing firm for five years, beginning in August 2008. If the Company terminates the agreement before the end of the term it must pay the clearing firm a termination fee, which at December 31, 2015, was \$289,923. Pursuant to Section XIII of the clearing agreement, in the event that the Company terminates the clearing agreement for any reason during the initial term of the agreement, the Company agrees to pay the clearing firm a lump sum fee representing the monthly clearing and execution charges due for the remaining length of the agreement. Such fee will be determined by calculating the average monthly clearing and execution charge for the previous quarter, and shall be due prior to the deconversion of accounts or upon 90 days from notice of termination. On February 29, 2015, management extended the agreement for three years. Management does not intend to terminate the agreement and, therefore, no liability has been recognized in the financial statements.

Note 7 – Subsequent events

Management has evaluated subsequent events through February 22, 2016, the date on which the financial statements were available to be issued.
