Notes to the Statement of Financial Condition  
December 31, 2015

**(1) Organization**

Larrain Vial Securities US LLC (the “Company” or “LVS”) was incorporated in Delaware on November 2, 2009. In July 19, 2010 the Financial Industry Regulatory Authority (“FINRA”) granted the application of the Company to conduct business contingent upon the execution of the Membership Agreement, which involved a capital contribution of \$1,000,000.

The Company is an institutional brokerage firm. The Company is engaged primarily in the business of effecting transactions in foreign equities. The Company is registered as a broker dealer with the Securities and Exchange Commission and FINRA and commenced operations in the capacity of a broker dealer in November 1, 2010.

The Company acts as an agent for non-U.S. equity sales by its affiliate, Larrain Vial S.A. Corredora de Bolsa (“LVCB”), to U.S. institutional investors and earns commission income on this brokerage business. The Company clears its foreign equities brokerage business on a delivery versus payment/receipt versus payment basis through LVCB.

The Company is a subsidiary of Larrain Vial S.A. (“LVSA”) a Chilean investing private company, which is the sole member of the Company.

**(2) Summary of Significant Accounting Policies**

**(a) Use of Estimates and Basis of Preparation**

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

**(b) Operating Lease**

The company leases office space under an operating lease that expires in December 2016. The first month of rent under this lease has been abated and will be amortized over the life of the lease. The following is a summary of minimum future rental payments under this lease:

<b>Year Ending December</b>	<b>Amount</b>
2016	<u>151,762</u>

(2) Summary of Significant Accounting Policies, Continued

(c) Property, Equipment and Depreciation

Property and equipment are stated at cost, less accumulated depreciation. Depreciation is recognized based on the straight line method over the estimated useful life of the asset. Management tests for impairment when there is reason to believe such impairment may exist. At December 31, 2015, all assets were operational and management had no reason to believe such assets were impaired.

A summary of the cost and accumulated depreciation of fixed assets at December 31, 2015 is as follows:

	US\$	<u>Estimated Useful Lives</u>
Computers	8,371	3 years
Furniture and equipment	50,206	7 years
Leasehold improvements	<u>110,524</u>	5 years
	169,101	
Less accumulated depreciation (*)	<u>(124,876)</u>	
	<u>44,225</u>	

Property and equipment are reviewed for impairment whenever events of changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset be tested for possible impairment, the Company first compares undiscounted cash flows expected to be generated by that asset or asset group to its carrying amount. If the carrying amount of the long-lived asset or asset group is not recoverable on an undiscounted cash flow basis, an impairment is recognized to the extent that the carrying amount exceeds its fair value. Fair value is determined using discounted cash flow models, as considered necessary. No impairment losses were recognized in the year ended December 31, 2015.

**Notes to the Statement of Financial Condition  
December 31, 2015**

**(3) Cash**

The Company maintains its cash balances in one financial institution, Citibank, which, at times, exceed federally-insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant risk on cash. There are no restrictions or compensating balances on such accounts.

**(4) Off Balance Sheet Risk and Transactions with Customers**

ASC 460 (formerly known as Financial Accounting Standards Board Interpretation No.45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others") provides accounting and disclosure requirements for certain guarantees. In the normal course of business, the Company's customer activities involve the execution and clearance of customer securities transactions through clearing brokers. Securities transactions are subject to the credit risk of counterparties or customer non-performance. Pursuant to the clearing agreement, the Company has agreed to reimburse its clearing brokers without limit for any losses that the transactions are collateralized by the underlying security, thereby reducing the associated risk to changes in the market value of the security through the settlement date. As a result of the settlement of these transactions, there were no amounts to be indemnified to clearing brokers for these customer accounts at December 31, 2015.

**(5) Income Taxes**

The Company is subject to taxes at the federal, state and municipal level and has elected to file as a C-corporation under IRS form 8832. The Company is not subject to Chilean tax.

Management has an obligation to accurately report the true state of the Company, and to make judgments and estimations where necessary. In the context of tax assets and liabilities, there must be a reasonable likelihood that the tax difference may be realized in future years.

For the Company, a tax asset can be calculated based on the Company's cumulative losses. However, a deferred tax asset should be recognized if and only if the management considered that there will be sufficient future taxable profit to utilize the tax loss. The firm does not expect to make enough profits to assign to these losses in future years, thus the complete value of the tax asset has been impaired: in the estimation of management, the likelihood that this tax loss can be utilized in the future is not likely.

As of December 31, 2015, \$38,371 is due from the affiliate.
