The Company is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of James River Securities Corp. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

James River Securities Corp.

Notes To Financial Statements

Note 1. Nature of Business And Significant Accounting Policies

Nature of business: James River Securities Corp. (the Company) operates in Virginia as an introducing broker-dealer. The Company is registered as a broker/dealer under the rules and regulations of the Securities and Exchange Commission (the SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is also registered as an Introducing Broker with the Commodity Futures Trading Commission (the CFTC) and is a member of the National Futures Association (NFA). The broker/dealer registration with the SEC permits the Company to conduct business primarily in direct participation programs on a best efforts basis and to act as a finder or marketing agent with respect to real estate investment trusts, involving either public offerings or private placements.

The Company operates under the exemptive provisions of paragraph (k)(2)(i) of rule 15c3-3 of the SEC. Therefore, the Company does not have customer accounts and thus does not carry margin accounts, or receive customer funds or securities which it would have to transmit promptly in connection with its activities as a broker or dealer. The Company does not otherwise hold funds or securities for or owe money to customers, nor does it have financial transactions between the broker or dealer and customers through which bank accounts have been designated as Special Accounts for the Exclusive Benefit of Customers of the Company.

A summary of the Company's significant accounting policies follows:

The Company follows principles generally accepted in the United States of America (GAAP).

Accounting estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allowance for Doubtful Accounts: The Company uses the reserve method of accounting for doubtful accounts for financial reporting purposes. Management has determined that no allowance is necessary at December 31, 2015.

Risks and Uncertainties: Financial instruments which potentially expose the Company to concentrations of credit risk consist primarily of cash. The Company maintains its cash balances in financial institutions insured by the Federal Deposit Insurance Corporation up to \$250,000.

A substantial portion of the Company's revenues in a year may be received from a small number of transactions or concentrated within an industry. During 2015, one customer comprised 100% of revenues and fees receivable.

Trailing revenue and expenses: The Company has ongoing revenue earned from previous placement transactions (Trailing Fees) that is recognized as earned on the terms of the underlying placement agreements, which are based on the net asset values of the private placement investments and may also include a component based on performance. Trailing Fees are recorded when earned. A portion of the Trailing Fees are paid to registered representatives of the Company based on a percentage of the fee revenue generated and are identified as Selling Fee Expense.

Income taxes: The Company may recognize the tax benefit from an uncertain tax position only if it is more-likely-than-not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50 percent likelihood of being realized upon ultimate settlement. The guidance on accounting for uncertainty in income taxes also addresses de-recognition, classification, interest and penalties on income taxes, and accounting in interim periods. The Company would recognize any interest and penalties on income taxes as a component of income tax expense in the statement of operations.

James River Securities Corp.

Notes To Financial Statements

Note 2. Related Party Transactions

The Company has no paid employees. The Company has a Service and Operations Agreement with James River Financial Corp (JRFC) dated December 19, 2014. The Company does not accrue charges for the services rendered by JRFC as per the Agreement. The Company adheres to and complies with NASD Notice 03-63 in order to be exempt from any expense sharing related charges.

Note 3. Income Tax Status

The Company, with the consent of its stockholders, has elected to be taxed under Section 5 of federal and the Commonwealth of Virginia income tax law, which provide that, in lieu of corporation income taxes, the stockholders separately account for their pro rata shares of the Company's items of income, deductions, losses and credits. As a result of this election, no income taxes have been recognized in the accompanying financial statements.

Management has evaluated the Company's tax positions for the open tax years and concluded that the Company has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. The Company is not currently under audit by any tax jurisdiction.

Note 4. Regulatory Requirements

The Company is a broker-dealer subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. The Company is also subject to the net capital requirements of the CFTC Regulation 1.17 and requirements of the National Futures Association. At December 31, 2015, the Company had net capital of \$122,327 which was \$72,327 in excess of its required net capital of \$50,000. The Company's net capital ratio was 0.04 to 1.

The Company is exempt under Rule 15c3-3(k)(2)(i) from preparing the Computation for Determination of Reserve Requirements Pursuant to Rule 15c3-3.

Note 5. Guarantees

As permitted or required under Virginia corporation law, the Company has certain obligations to indemnify its managers and officers for certain events or occurrences while the managers or officers are, or were serving, at the Company's request in such capacities. The maximum liability under these obligations is limited by the Code of Virginia. The Company's insurance policies serve to further limit exposure.

Note 6. Subsequent Events

Management has evaluated subsequent events for potential recognition and/or disclosure in the December 31, 2015 financial statements through February 19, 2016, which was the date the Company's financial statements were issued and determined that no events have occurred that would require disclosure in the financial statements.
