These financial statements are the responsibility of Northwest Investment Advisors, Inc.'s management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Northwest Investment Advisors, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NORTHWEST INVESTMENT ADVISORS, INC.
Spokane, Washington
NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 1 - ORGANIZATION AND NATURE OF OPERATIONS

Northwest Investment Advisors, Inc. (NWIA) was incorporated February 25, 2000 in Spokane, Washington. NWIA is an Introducing Broker in securities, which is a non-clearing, securities broker/dealer (fully disclosed). NWIA accepts customer orders, but elects to clear orders through another broker. NWIA is registered with the Securities and Exchange Commission (SEC), and licensed by the Financial Industry Regulatory Authority, Inc. (FINRA).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of NWIA is presented to assist in understanding its financial statements. The financial statements and notes are representation of NWIA's management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Presentation

The financial statements of NWIA are prepared using the accrual basis of accounting with a fiscal year-end of December 31.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management of NWIA to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash Equivalents

For purposes of the statement of cash flows, NWIA considers investments which are not subject to withdrawal restrictions and can be converted to cash on short notice and are used in the operating activities of the company, specifically cash in demand accounts at financial institutions, to be cash equivalents.

Commissions Receivable

Commissions receivable are recorded when purchase and sale orders are issued and are presented in the balance sheet net of an allowance for doubtful collection. In the opinion of management, substantially all receivables are collectible in full. As such, no provision for an allowance for doubtful collection has been recorded in these financial statements. All receivables are current and less than ninety days. No receivables are collateralized.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property and Equipment

Property and equipment is stated at cost, and is depreciated by straight-line and accelerated methods over the estimated useful lives of the various assets. Management estimates the useful lives of the following assets to be:

Office equipment and furnishings	5-7 years
Software	3-5 years

Fair Value of Financial Instruments

Cash, central registration depository (CRD) accounts and deposits with clearing agent are held in cash, for which cost and fair value are equivalent. NWIA recognizes other financial instruments (including commissions receivable, accounts payable and accrued expenses) at historical cost, which approximates fair value due to the short maturities of those instruments.

Commission Revenue and Related Clearing Expenses

Commission revenue and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Advertising

Advertising costs are expensed as incurred.

Compensated Absences

Employees of NWIA are entitled to paid vacation and paid sick days, based on various factors. It is impracticable to estimate the amount of compensation for future absences and, accordingly, no liability has been recorded in the accompanying financial statements. NWIA's policy is to recognize the cost of compensated absences when actually paid.

Federal Income Taxes

NWIA, with the consent of its shareholder, elected to be taxed under provisions of Subchapter S of the Internal Revenue Code. Under those provisions, NWIA does not pay federal corporate taxes on its taxable income. Instead, corporate taxable income is taxed directly to its shareholder. As such, no provisions for income taxes have been recorded in these financial statements.

NWIA is subject to audit or examinations by various regulatory jurisdictions. As of February 12, 2016, there were no audits or examinations in progress. With few exceptions, as of December 31, 2015, NWIA was no longer open to audit or examination for fiscal years ended prior to December 31, 2012.
