REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of Terra Capital Markets LLC

We have audited the accompanying statement of financial condition of Terra Capital Markets LLC as of December 31, 2015, and the related notes to the financial statements. This financial statement is the responsibility of Terra Capital Markets LLC's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Terra Capital Markets LLC as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Terra Capital Markets, LLC

Notes to Financial Statements

Note 1 - Organization and Nature of Business

Terra Capital Markets, LLC (the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”). The Company was founded in June 2002 under the laws of the State of Delaware. The Company provides wholesaling to third party broker/dealers of private placements and offerings registered under the Securities Act of 1933 (the “Funds”). The Funds are managed by affiliated entities which share common ownership with the Company. The Company is registered to sell to third party broker/dealers in all 50 state jurisdictions. The Company operates out of the office of one of its members in the New York City metropolitan area as well as an office in New Jersey.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The Company keeps its books and prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Revenue Recognition

The Company earns commissions on membership units and shares of the Funds it distributes and records this revenue in the period those membership units or shares are admitted.

The Company earns management fees based on the cost of all direct and indirect services provided and recognizes this revenue as received.

Fixed Assets

Fixed assets are reported at cost less accumulated depreciation and amortization. Depreciation is calculated on a straight-line basis over the estimated useful life of the assets (3-7 years). Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

Income Taxes

The Company has elected to be treated as a partnership for federal and state purposes. As a result, no income taxes are provided as they are the responsibility of the individual members. The Company, however, is liable for New York City Unincorporated Business Tax (“UBT”), and various other municipality taxes. New York City (“NYC”) imposes UBT at a statutory rate of 4% on net income generated from ordinary business activities carried on in NYC.

Under guidance from FASB ASC 740, the Company recognizes a tax benefit from an uncertain tax position only if it is more likely than not that the position is sustainable, based solely on its technical merits and consideration of the relevant taxing authority’s widely understood administrative practices and precedents. If this threshold is met,

Terra Capital Markets, LLC

Notes to Financial Statements

management measures the tax benefit as the largest amount of benefit that is more likely than not of being realized upon ultimate settlement. The Company is subject to potential examination by taxing authorities in various jurisdictions. The open (2012 through 2014) Tax years under potential examination vary by jurisdiction. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the statement of operations. As of December 31, 2015, there was no impact to the financial statements relating to accounting for uncertainty in income tax positions.

Cash and Cash Equivalents

The Company considers all highly liquid investments, with maturities of ninety days or less when purchased, as cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

The Company follows FASB ASC 820 that establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the investment based on available market data. Unobservable inputs are inputs that reflect management's assumptions about the factors market participants would use in valuing the investment based on the best information available in the circumstances.

The fair value measurement hierarchy is broken down into three levels based on the observability of inputs as follows:

Level 1 - Valuations based on quoted prices in active markets for identical investments.

Level 2 - Valuations based on (i) quoted prices in markets that are not active; (ii) quoted prices for similar investments in active markets; and (iii) inputs other than quoted prices that are observable or inputs derived from or corroborated by market data.

Level 3 - Valuations based on inputs that are unobservable, supported by little or no market activity and that are significant to the overall fair value measurement.

The availability of observable inputs can vary from investment to investment and is affected by a wide variety of factors, such as, the type of product, whether the product is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the transaction.

Terra Capital Markets, LLC

Notes to Financial Statements

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Note 3 - Investments- at Fair Value

As of December 31, 2015, the Company does not have investments that fall within the fair value measurement hierarchy.

Note 4 - New Accounting Pronouncements

In August 2014, the FASB issued ASU 2014-15, Presentation of Financial Statements – Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern ("ASU 2014-15"). ASU 2014-15 requires management to assess an entity's ability to continue as a going concern by incorporating and expanding upon certain principles that are currently in U.S. auditing standards. The amendments provide a definition of the term "substantial doubt" and include principles for considering the mitigating effect of management's plans. The amendments also require an evaluation every reporting period, including interim periods for a period of one year after the date that the financial statements are issued (or available to be issued), and certain disclosures when substantial doubt is alleviated or not alleviated. The amendments in this update are effective for reporting periods ending after December 15, 2016. Management is currently evaluating the impact of adopting this new accounting guidance update on the financial statements.

Note 5 - Related Party Transactions

The Company records its allocable share of rent and other office expenses utilized at the New York location. This expense amounted to \$25,947 for the year ended December 31, 2015 and is included in Occupancy expense in the Statement of Operations. There are no amounts owed as of December 31, 2015 relating to this agreement.

The Company provides management services to affiliates in connection with the management of the Funds which include, but are not limited to, accounting, investor relations, and administrative services. For the year ended December 31, 2015, the Company received \$2,810,000 with respect to these services.

The Company's commission revenues in the amount of \$1,012,056 are earned entirely from the Funds. As of December 31, 2015, \$87,913 was due from the Funds for commissions, as reflected in Commissions receivable in the Statement of Financial Condition.

Terra Capital Markets, LLC

Notes to Financial Statements

Note 6 - Fixed Assets

Fixed assets as of December 31, 2015 consisted of the following:

Furniture and fixtures (5-7 years)	\$	34,547
Computer equipment and software (3-5 years)		67,469
Leasehold improvements		<u>28,335</u>
		130,351
Less: Accumulated depreciation		<u>(81,542)</u>
Fixed assets, net	\$	<u>48,809</u>

Depreciation and amortization expense amounted to \$23,867 for the year ended December 31, 2015.

Note 7 - Concentrations of Credit Risk

The Company maintains its cash at financial institutions which at times may exceed federally insured limits of \$250,000. As of December 31, 2015, the Company exceeded federally insured limits by \$41,843.

Note 8 - Commitments and Contingencies

The Company entered into a lease agreement for its New Jersey office space through August 2016 at a monthly rate of \$4,058 plus utilities. The expense associated with this lease for the year ended December 31, 2015, was \$48,107, which is included in Occupancy expense in the Statement of Operations.

Future Rent Obligations

2016	\$	32,466
	\$	<u>32,466</u>

The Company is a party to an arbitration proceeding with a former employee and the arbitration was still pending as of December 31, 2015. Management of the Company, after consultation with outside legal counsel, believe that the resolution of this lawsuit will not result in any material adverse effect on the Company's financial position.

Note 9 - Net Capital Requirements

As a registered broker-dealer, the Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1) under the Securities Exchange Act of 1934 which requires the maintenance of a minimum net capital, as defined, of the greater of \$5,000 or one-fifteenth of aggregate indebtedness. As of December 31, 2015, the Company had net capital of \$115,306, which exceeded its requirement by \$96,913. Additionally, the Company must

Terra Capital Markets, LLC

Notes to Financial Statements

maintain a ratio of aggregate indebtedness to net capital of 15:1 or less. As of December 31, 2015, this ratio was 2.39:1.

The Company is exempt from the provisions of Rule 15c3-3 of the SEC since the Company's activities are limited to those set forth in the conditions for exemption pursuant to subsection k(2)(i) of the Rule.

Note 10 - Income Taxes

For the year ended December 31, 2015, the Company did not incur a NYC UBT tax liability and a net operating loss will be carried forward.

Note 11 - Subsequent Events

For disclosure purposes in the financial statements, the Company has evaluated subsequent events through February 29, 2016, the date the financial statements were available to be issued and there are no material events that would require adjustment to, or disclosure in, the Company's financial statements other than the below.

On January 1, 2016, several of the Funds for which the Company provides wholesaling activities were merged. In connection with the consent solicitation to approve the merger, the Company earned net fees of approximately \$1.5 million. In addition, as of the date of this report, the Company earned commissions of approximately \$0.3 million in connection with the related concurrent private placement.
