REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
CSS, LLC

We have audited the accompanying statement of financial condition of CSS, LLC (the Company) as of December 31, 2015 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement and supplemental information. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of the Company as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

The Supplemental Schedules (the "supplemental information") has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statement. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statement or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5 of the Securities Exchange Act of 1934. In our opinion, the Supplemental Schedules are fairly stated, in all material respects, in relation to the financial statement as a whole.

CSS, LLC

Notes to Statement of Financial Condition

December 31, 2015

1. Organization and Business

CSS, LLC (the "Company"), an Illinois limited liability company, was organized on July 8, 1998. The Company is a self clearing broker-dealer registered with the Securities and Exchange Commission and is a member of the Chicago Board Options Exchange, the Depository Trust & Clearing Corporation, and the Options Clearing Corporation. The Company engages primarily in the proprietary trading of equity and fixed income securities, equity and index options contracts and other derivative equity instruments.

2. Summary of Significant Accounting Policies

Revenue Recognition and Securities Valuation

Securities transactions and related commission expenses are recorded on a trade date basis and, accordingly, gains and losses are recorded on unsettled transactions. Futures transactions and resulting gains and losses are recorded on a trade date basis, and, accordingly, gains and losses are recorded on open futures contracts.

Securities owned and securities sold, not yet purchased are recorded in the statement of financial condition at fair value in accordance with Accounting Standards Codification (ASC) 820 - Fair Value Measurement and Disclosures (see Note 8).

Realized and unrealized gains or losses from securities and futures trading are included in trading gains in the statement of operations.

Use of Estimates

The preparation of financial statements in conformity with United States Generally Accepted Accounting Principles ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes

No provision has been made for federal income taxes, as the taxable income of the Company is included in the respective income tax returns of the members.

In accordance with U.S. GAAP, the Company is required to determine whether its tax positions are more likely than not to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. Generally, the Company is no longer subject to income tax examinations by major taxing authorities for the years before 2012. Based on its analysis, there were no tax positions identified by management which did not meet the "more likely than not" standard as and for the year ended December 31, 2015.

Depreciation

Furniture and equipment are being depreciated over their useful lives using an accelerated method.

CSS, LLC

2. Summary of Significant Accounting Policies, continued

Translation of Foreign Currencies

Assets and liabilities denominated in foreign currencies are translated to U.S. dollars at year-end exchange rates, while revenue and expenses are translated to U.S. dollars at prevailing rates during the year. Net gains or losses resulting from foreign currency translations are included in trading gains in the accompanying consolidated statement of operations.

3. Employee Benefit Plan

The Company has established a 401(k) plan for qualified employees. The Company may elect to match employees' contributions and make further discretionary contributions to the plan, subject to certain limitations as set forth in the plan agreement.

4. Lease Commitment

The Company conducts its operations in leased office facilities and annual rentals are charged to current operations. The lease is subject to an escalation clause based on the operating expenses of the lessor.

The minimum annual rental commitments under non-cancelable operating leases are approximately as follows as of December 31, 2015:

<u>Year Ending</u> <u>December 31,</u>	<u>Amount</u>
2016	\$ 499,000
2017	<u>497,000</u>
Total	<u>\$ 996,000</u>

5. Financial Instruments with Off-Balance Sheet Risk

In the normal course of business the Company enters into transactions in derivative financial instruments and other financial instruments with off-balance sheet risk that include exchange-traded futures and futures options contracts, equity and index options and short stocks. All derivative instruments are held for trading purposes. All positions are reported in the accompanying consolidated statement of financial condition at fair value and gains and losses from derivative financial instruments are included in trading gains in the consolidated statement of operations.

CSS, LLC

Notes to Statement of Financial Condition, Continued

5. Financial Instruments with Off-Balance Sheet Risk, continued

Options grant the purchaser, for the payment of a premium, the right to either purchase from or sell to the writer a specified instrument under agreed terms. As a writer of options, the Company receives a premium in exchange for bearing the risk of unfavorable changes in the price of the financial instruments underlying the options.

Futures contracts provide for the delayed delivery/receipt of securities or money market instruments with the seller/buyer agreeing to make/take delivery at a specified date, at a specified price.

Securities sold, not yet purchased, represent obligations of the Company to deliver specified securities and thereby create a liability to repurchase the securities in the market at prevailing prices. These transactions may result in off-balance sheet risk as the Company's ultimate obligation to satisfy its obligation for securities sold, not yet purchased may exceed the amount recognized in the consolidated statement of financial condition.

Risk arises from the potential inability of counterparties to perform under the terms of the contracts (credit risk) and from changes in the values of the underlying financial instruments (market risk). The Company is subject to credit risk to the extent any broker with which it conducts business is unable to fulfill contractual obligations on its behalf. The Company attempts to minimize its exposure to credit risk by monitoring brokers with which it conducts investment activities. In management's opinion, market risk is substantially diminished when all financial instruments are aggregated.

6. Concentrations of Credit Risk

At December 31, 2015, significant credit concentrations approximately consisted of: \$92 million with ABN AMRO Clearing Chicago, \$114 million with J.P. Morgan Clearing Corp., \$46 million with Credit Suisse AG, and \$72 million Goldman Sachs & Co. Management does not consider any credit risk associated with these net receivables to be significant.

7. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15(c)3-1). Under this rule, the Company is required to maintain "net capital" equal to 6 2/3 % of "aggregate indebtedness", as defined.

At December 31, 2015, the Company had net capital and net capital requirements of \$75,654,214 and \$177,237, respectively.

8. Fair Value Disclosure

ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

CSS, LLC

Notes to Statement of Financial Condition, Continued

December 31, 2015

8. Fair Value Disclosure, continued

A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 Inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
<u>Assets</u>				
Securities owned				
Corporate equities	\$ 828,760,402	\$ 13,255,563	\$ 12,339,703	\$ 854,355,668
Equity and index options	205,445,169	2,789,026	6,663	208,240,858
Corporate convertible debt	674,018,007	21,516,617	92,665	695,627,289
Corporate debt	58,284,268	2,280,083	3,536,267	64,100,618
	<u>\$ 1,766,507,846</u>	<u>\$ 39,841,289</u>	<u>\$ 15,975,298</u>	<u>\$ 1,822,324,433</u>
<u>Liabilities</u>				
Securities sold, not yet purchased				
Corporate equities	\$ 1,063,982,188	\$ -	\$ 1,931	\$ 1,063,984,119
Equity and index options	427,485,218	-	-	427,485,218
Corporate convertible debt	2,655,117	-	-	2,655,117
Corporate debt	2,721,822	13,900	-	2,735,722
U.S. Government agency	14,991,419	-	-	14,991,419
	<u>\$ 1,511,835,764</u>	<u>\$ 13,900</u>	<u>\$ 1,931</u>	<u>\$ 1,511,851,595</u>

At December 31, 2015, the Company had a net unrealized loss on open futures contracts totaling \$773,661 included in receivable from brokers and dealers, which are Level 1 investments. Within the Level 1, 2, and 3 assets, there are Securities owned, not readily marketable, due to sale restrictions with a fair value of \$57,864,539.

CSS, LLC

Notes to Statement of Financial Condition, Continued

December 31, 2015

9. Clearing Agreements

The Company has Joint Back Office ("JBO") clearing agreements with ABN AMRO Clearing Chicago LLC ("ABN") and J.P. Morgan Clearing Corp. ("JPMCC"). The agreements allow JBO participants to receive favorable margin treatment as compared to the full customer margin requirements of Regulation T. As part of these agreements, the Company has invested \$10,000 in the preferred interest of ABN and \$15,000 in the preferred shares of JPMCC. The Company's investments in ABN and JPMCC are reflected in other assets in the statement of financial condition. Under the rules of the Chicago Board Options Exchange, the agreements require that the Company maintain a minimum net liquidating equity of \$1 million with both ABN and JPMCC, exclusive of the preferred interest and preferred stock investments.

10. Contingency

In the normal course of business, the Company is subject to legal actions that involve claims for monetary relief. The Company's legal counsel has indicated that it cannot evaluate the likelihood of an unfavorable outcome or estimate the amount or range of potential loss. In the opinion of management, based on consultation with legal counsel, these actions will not result in any material or adverse effect on the financial position of the Company.

12. Guarantees

Accounting Standards Codification Topic 460 ("ASC 460"), Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party.

This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement, as well as indirect guarantees of the indebtedness of others.

Certain derivatives contracts that the Company has entered into meet the accounting definition of a guarantee under ASC 460. Derivatives that meet the ASC 460 definition of guarantees include futures contracts and written options. The maximum potential payout for these derivatives contracts cannot be estimated as increases in interest rates, foreign exchange rates, securities prices, commodities prices and indices in the future could possibly be unlimited.

CSS, LLC

Notes to Statement of Financial Condition, Continued

December 31, 2015

12. Guarantees, continued

The Company records all derivative contracts at fair value. For this reason, the Company does not monitor its risk exposure to derivatives contracts based on derivative notional amounts; rather the Company manages its risk exposure on a fair value basis. The Company believes that the notional amounts of the derivative contracts generally overstate its exposure. Aggregate market risk limits have been established, and market risk measures are routinely monitored against these limits. The Company believes that market risk is substantially diminished when all financial instruments are aggregated.

13. Subsequent Events

The Company's management has evaluated events and transactions through February 26, 2016 the date the financial statements were issued, noting no material events requiring disclosure in the Company's financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members
of CSS, LLC

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) CSS, LLC (the Company) stated that it may file an Exemption Report because the Company had no obligations under 17 C.F.R. §240.15c3-3 (the "exemption"); and (2) the Company stated that it had no obligations under 17 C.F.R. §240.15c3-3 throughout the most recent fiscal year ended December 31, 2015 without exception. The Company's management is responsible for compliance with the exemption and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, therefore, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects.
