REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To: The Members
Fox Chase Capital Partners, LLC

I have audited the accompanying statement of financial condition of Fox Chase Capital Partners, LLC (a Delaware Limited Liability Company) as of December 31, 2015, that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes to the financial statements and supplemental information. Fox Chase Capital Partners, LLC's management is responsible for these financial statements. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor was I engaged to perform, an audit of its internal control over financial reporting. My audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, I express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial condition of Fox Chase Capital Partners, LLC as of December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

Supplemental Information

The Schedule I Computation of Net Capital under Rule 15c3-1, Schedule II Computation for Determination of Reserve Requirements under Rule 15c3-3 (Exemption), Schedule III Information for Possession or Control Requirements under Rule 15c3-3 (Exemption), and Schedule of Aggregate Indebtedness has been subjected to audit procedures performed in conjunction with the audit of Fox Chase Capital Partners, LLC financial statements. The supplemental information is the responsibility of Fox Chase Capital Partners, LLC's management. My audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming my opinion on the supplemental information, I evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In my opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to Financial Statements

December 31, 2015

1 Nature of Business Operations

Fox Chase Capital Partners, LLC (the "Company"), is a New Jersey Limited Liability Company and was formed in March 2000 under the laws of the State of New Jersey. The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC").

The Company clears all customer transactions on a fully disclosed basis through an independent clearing firm and does not hold customer funds or safe keep customer securities. Accordingly, the Company claims exemption from the Rule 15c3-3 under Section (k)(2)(ii) of the rule.

2 Significant Accounting Policies

(a) Basis of Presentation

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") unless otherwise disclosed.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Statement of Cash Flows

For purposes of the statement of cash flows the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business. The company has adopted the indirect method of presenting the statement of cash flows in accordance with current authoritative pronouncements.

(d) Revenue Recognition

The Company generates its revenues from trading for its own account, riskless principle trading, in which it buys a bond, then reconstitutes it by selling smaller portions of the bond. It also earns revenue from effecting trades in US and non US securities. The Company's revenues can vary based on the performance of the financial markets. The Company recognizes revenue from securities transactions on a settlement date basis, generally the next business day following the transaction date. Generally accepted accounting principles require's revenue to be recognized on a trade date basis. There is no material difference between trade and settlement date. The Company clears all securities transactions through Pershing LLC / Bernard Herold & Co., Inc. on a fully disclosed basis.

Notes to Financial Statements

December 31, 2015

(e) Income Taxes

The partners are to include their share of the Partnership profits and losses in their respective income tax returns. Accordingly, no federal or state income taxes are payable by the Partnership. The Partnership's tax returns and the amount of income or loss allocable to each partner are subject to examination by federal and state taxing authorities. In the event of an examination of the Partnership's tax return, the tax liability of the partners could be changed if an adjustment in the Partnership's income or loss is ultimately determined by the taxing authorities.

Certain transactions of the Partnership may be subject to accounting methods for federal and state income tax purposes which differ significantly from the accounting methods used in preparing the financial statements. Accordingly, the net income or loss of the partnership and the resulting balances in the partners' capital accounts reported for federal and state income tax purposes may differ from the balances reported for those same items in these financial statements.

The Company recognizes and measures its unrecognized tax benefits in accordance with ASC Topic 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of the financial reporting period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined that there are no uncertain tax positions which require adjustment or disclosure on the financial statements at December 31, 2015 and there are no open tax years prior to 2011. In addition, no income tax related penalties or interest have been recorded for the year ended December 31, 2015.

(f) Advertising and Marketing

Advertising and marketing costs in the amount of \$660 are expensed as incurred.

(g) General and Administrative Expenses

General and administrative costs are expensed as incurred.

(h) Significant Credit Risk

The responsibility for processing customer activity rests with the Company's clearing firm, Pershing LLC. The Company's clearing and execution agreement provides that credit losses relating to unsecured margin accounts receivable of the Company's customers are charged back to the Company.

In accordance with industry practice, Pershing records customer transactions on a trade date basis. Any losses incurred by Pershing is charged back to the Company.

The Company, in conjunction with Pershing, controls off balance sheet risk by monitoring the market value and marking securities to market on a daily basis and by requiring adjustments of collateral levels. Pershing establishes margin requirements and overall credit limits for such activities and monitors compliance with applicable limits and industry regulations on a daily basis.

Fox Chase Capital Partners, LLC

Notes to Financial Statements

December 31, 2015

(h) Significant Credit Risk - continued

The Company has a secondary clearing agreement with Bernard Herold & Co., Inc. The purpose of this agreement is to lower the minimum charges of Pershing by combining the trading activity, but not the risk, with Bernard Herold & Co., Inc.

(i) Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1. Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2. Inputs other than quoted prices included in Level 1 that are observable for the assets or liability either directly or indirectly.

Level 3. Inputs are unobservable for the assets or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining the fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

For further discussion of fair value, see "Note 9 Fair Value"

3 Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2015, the Company had net capital of \$309,932, which was \$209,932 in excess of its required minimum net capital of \$100,000. The Company's had an AI/NC ratio of .1242 to 1.

Advances to affiliates, contributions, distributions and other withdrawals are subject to certain notification and other requirements of Rule 15c3-1 and other regulatory rules.

For a further discussion, see "Note 7 Commitments & Contingencies"

4 Financial Instruments

Investments are presented in the financial statements at fair market value. The following is a summary of debt and equity securities held at December 31, 2015:

<u>Common Stock</u>	<u>Level 1 Inputs</u>
2,350 shares InterDigital Inc, avg. cost \$30 per share	\$ 115,244

<u>US Government Bonds & Notes</u>	
500 FHLB Bonds, due 12/11/2025 cost \$500.	372

5 Concentrations of Credit Risk

The Company maintains its cash balances at two financial institutions. The Federal Deposit Insurance Corporation insures the Company's bank account up to \$250,000 but not the funds held at the clearing firm. The Company has not experienced any losses on these accounts and believes it is not subject to any significant credit risk.

A significant amount of the Company's revenues are derived from trading in securities.

Fox Chase Capital Partners, LLC

Notes to Financial Statements

December 31, 2015

6 Deposit with Clearing Broker

The Company maintains cash deposited with Pershing pursuant to a fully disclosed clearing agreement (“the Agreement”) entered into in 2000, which is meant to assure the Company’s performance, including but not limited to the indemnification obligations specified in the Agreement. At December 31, 2015 the Company had \$50,000 deposited with Pershing. The deposit does not represent an ownership interest in Pershing.

7 Commitments and Contingencies

Pursuant to Securities and Exchange Commission Rule 15c3-1(e)(2) the Company may not authorize distributions to its members if such distributions cause the Company’s net capital to fall below 120% of the Company’s minimum net capital requirement. As of December 31, 2015 the Company was not in violation of this requirement.

The Company had no lease or equipment rental commitments no underwriting commitments, no contingent liabilities, and had not been named as a defendant in any lawsuit at December 31, 2015 or during the year then ended.

8 Financial Instruments with Off -Balance Sheet Credit Risk

As a securities broker, the Company is engaged in arranging for the buying and selling of securities for a diverse group of investors. The Company’s transactions are executed on behalf of customers and introduced to a clearing broker for a split of the commission.

The Company’s exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair the customers’ ability to liquidate the collateral at an amount equal to the original contracted amount.

The Company seeks to control the aforementioned risks by monitoring all transactions entered into on a daily basis and insuring that no incorrect trades are recorded.

9 Fair Value

Investments in securities are carried at approximate fair value. Cash and cash equivalents, receivables (if any), accounts payable and other current liabilities are reflected in the financial statements at carrying value which approximates fair value because of the short-term maturity of these instruments.

Fox Chase Capital Partners, LLC

I have reviewed management's statements, included in the accompanying Schedule I Computation of Net Capital under Rule 15c3-1, Schedule II Computation for Determination of Reserve Requirements under Rule 15c3-3 (Exemption), in which (1) Fox Chase Capital Partners, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which Fox Chase Capital Partners, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: under—(k)(2)(ii), (the "exemption provisions") and (2) Fox Chase Capital Partners, LLC stated that Fox Chase Capital Partners, LLC met the identified exemption provisions throughout the most recent fiscal year without exception and Schedule III Information for Possession or Control Requirements under Rule 15c3-3 (Exemption).
